

JUNG QUALITY SEEDS

The Products of Jungs Seeds are Unexcelled

DELUXE VEGETABLES FOR 1954

BEST OF ALL BEET

Baby or Canning Beet BEST OF ALL

Unexcelled for Home or Market Gardens. Deep Red Throughout. No Light Zones.

A new Beet that will please the most critical planter. Ready to use in 50 to 55 days. Beets are deep red in color with no white rings or zones, globe-shaped and very tender and sweet. A splendid variety for pickling, bunching or canning as they are always smooth and uniform. We consider this one of the finest Beets for either the home or market garden. Pkt. 8c; oz. 25c; 1/4 lb. 50c; lb. \$1.75.

Jung's Rapid Red Radish

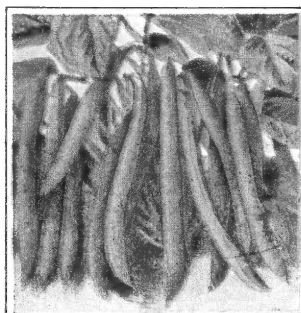

Our special strain of high quality, quick maturing Radishes having been grown in the short period of 20 days. Its attractive color and small tops make it especially desirable for forcing, very uniform in size, shape and appearance. The flesh is pure white, mild, crisp and tender. If you wish to be first on the market with Radishes that will command fancy prices then plant "Rapid Reds". Pkt. 8c; oz. 20c; 1/4 lb. 45c; lb. \$1.25 5 lbs. \$6.00.

RAPID RED RADISH

SPECIAL OFFER No. 54

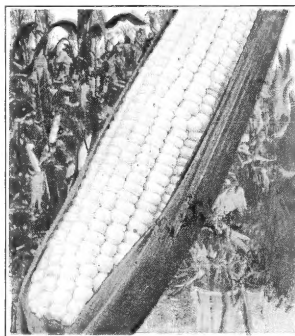

One Pkt. of each of these
Six Deluxe Vegetables for 50c.

WADE BUSH BEAN

New Wade Green Pod Bush Bean

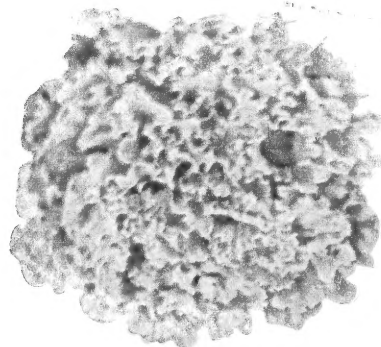

An "All America" Gold medal winner as the outstanding green-pod bush bean. It grows a strong vigorous bush and is resistant to mosaic and powdery mildew. Pods are 5 1/2 to 6 in. long, straight, very fleshy and free from strings and fibre, especially suited for freezing. It combines top quality with heavy yield. Pkt. 12c; 1/2 pt. 35c; pt. 55c; qt. \$1.00.

HONEY CREAM SWEET CORN

Extra Early Dwarf Sweet Corn JUNG'S HONEY CREAM

Until you grow some of this superb Sweet Corn you have not tasted really delicious sweet corn. It is by far the most tender and delicious variety and does not become tough and "mealy" like most varieties. It is very early, (65 to 68 days); the stalks are dwarf and can be planted closer than larger varieties so is well suited for small gardens. The ears are 6 to 7 in. long and have 10 to 12 rows of silvery white kernels that have practically no skin or hull. The quality is superb, very tender, unusually sweet and of delicious flavor. One of the best varieties for canning, freezing or fresh table use. Pkt. 12c; 1/2 pt. 35c; pt. 60c; qt. \$1.00.

SALAD BOWL LETTUCE

Salad Bowl Lettuce

All America Gold Medal for 1952 as one of the outstanding vegetables. A Lettuce of superb quality that will give you a superb salad over a longer period of time than any other lettuce. Will not become bitter even in hot weather. Leaves are beautifully curled and very tender. If leaves are cut so as not to injure the crown it will keep on growing for many weeks. Thin out so plants will stand 8 to 10 in. apart to get best results. Pkt. 10c; 1/2 oz. 30c; oz. 50c;

Wisconsin "55" Tomato

Vigorous Grower. Handsome Appearance. Large, Smooth, Deep Red Fruits.

This superb new tomato was developed by Dr. John C. Walker and Dr. James Kuntz of the University of Wisconsin. Their aim was to produce a tomato superior to anything thus far available. It ripens as early as John Baer and has all the good qualities of Stokesdale and Rutgers. Compared to these it has larger fruit, no shoulder cracks, no blossom end rot, ripens evenly, is uniform in size, has a strong skin and solid walls so makes an excellent shipper. It is also resistant to defoliation diseases, early blight and leaf spot. Thus far it has out-yielded other varieties by 30%. You will find this to be the top ranking Tomato. Jung's Certified Wis. Grown Seed: Pkt. 15c; 1/4 oz. 30c; 1/2 oz. 50c; oz. \$1.00; 1/4 lb. \$2.50.

WISCONSIN "55" TOMATO

JUNG'S SEED ANNUAL for 1954

Quality Seed Growers • Randolph, Wisconsin

RED RICH STRAWBERRIES

Spring or June Bearing Strawberries

"JUMBO" The Giant Strawberry

Mammoth in Size. Extra Heavy Yielder. Vigorous Plants. Handsome in Appearance. Superb Quality.

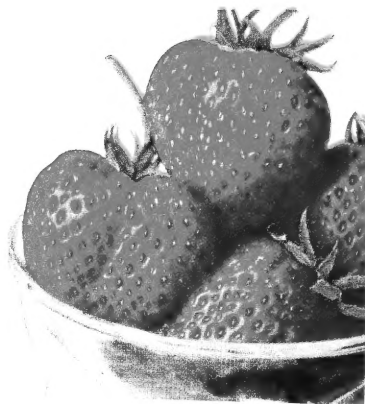

"Jumbo" has everything that you would demand in a main-crop Strawberry for size, yield, appearance and quality. Has proved to be one of the heaviest yielding varieties and is superior for canning, freezing or table use. It is deep red all through and the large berries are filled with rare goodness. 25 for \$1.75; 50 for \$3.25; 100 for \$6.00; 500 for \$21.00.

GIANT ROBINSON—This new June bearing variety originated in the heart of the Michigan fruit belt and is rapidly taking favor over other varieties. The fruit is large, conical-shaped, scarlet-red all the way through. It is very firm and glossy, commands a premium on the markets for its fine appearance. This is without any doubt the most outstanding spring bearing variety and is a berry you should plant. Delicious for table use, a wonderful canner and preserver. 25 for 95c; 50 for \$1.75; 100 for \$3.50; 500 for \$10.50.

WONDERBEARING or DUNLAP—A strawberry which will delight growers who want fine quality and yield, especially suited for heavy soils. The plants are vigorous growers and carry the fruit well up from the ground; it is medium early in ripening. The berries are of good size, deep red with no white core and well suited for table, canning or freezing. We consider this to be one of the best main-crop varieties. 25 for 95c; 50 for \$1.60; 100 for \$3.00; 500 for \$9.75.

Mrs. Robert Divine, Minn.—Your Giant Latham Raspberries grew 100% in our garden and bore splendidly the first year.

Mrs. F. Conlon, Mont.—Your seeds and plants are wonderful. The strawberries are the finest I have ever had.

SUPERFECTION

Superfection Everbearing Strawberry

Heavy Yielder, Superb Quality, Large Berries. This everbearing strawberry surpasses for yield, quality and size of berries. The strong vigorous plants will produce a good crop of fruit this year when planted on good soil and moisture is normal, they usually start ripening in August and will continue until frost. The berries are very large, rich red in color and remarkably sweet and delicious. One of the best of the everbearing strawberries. 25 for \$1.65; 50 for \$3.00; 100 for \$5.75; 500 for \$22.50.

The New "RED-RICH" Everbearing Strawberry

Large in Size. Handsome Appearance. Excellent Quality. Heavy Yielder. This wonderful new everbearing strawberry when planted in early spring will start bearing in July and will continue until heavy frosts. It is a truly grand strawberry as the plants are unusually vigorous and will produce a crop of the biggest, reddest and sweetest berries you ever saw. Berries are very large, solid and firm clear through and unusually sweet. For table, canning or freezing it is one of the best and won't mush up when thawed. Here is an everbearing strawberry that will produce just as large a crop as the regular June bearing varieties and for quality will surpass them all. A rugged grower and heavy producer of truly superb strawberries. Heavy Vigorous Plants: 12 for \$2.95; 25 for \$5.00; 50 for \$8.50; 100 for \$15.00.

red rich
EVERBEARING

Jung's "All Seasons" Strawberry Collection

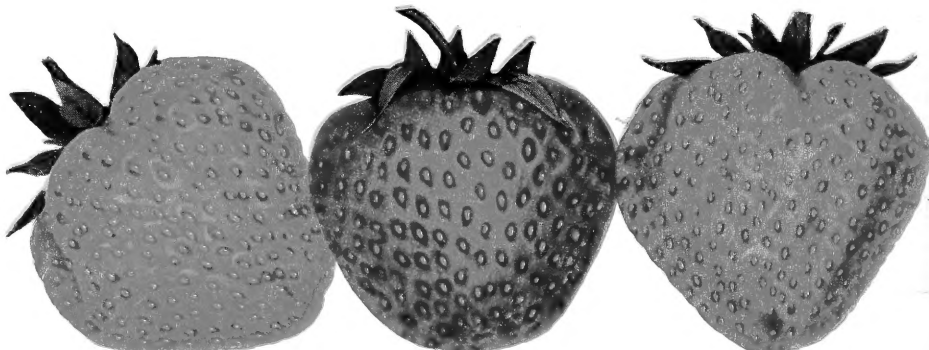

The following excellent varieties will give you a supply of luscious strawberries over a long period of time.

25 Superfection Everbearing 25 "Jumbo"

50 Wonderbearing or Dunlap

The above 100 plants, a \$4.00 value, for only \$3.65.

100 Select Strawberry Plants for \$3.65.

GIANT ROBINSON

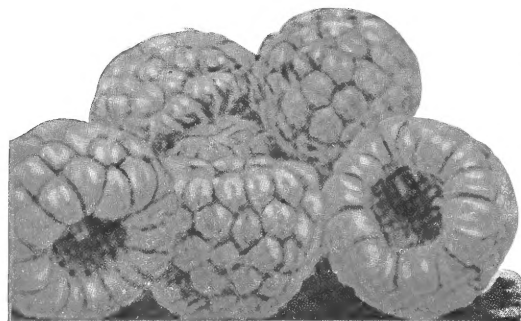

"JUMBO"

WONDERBEARING or DUNLAP

Northern Grown Raspberry Plants

New Everbearing Raspberry "SEPTEMBER"

The greatest fault with other everbearing Raspberries was that the fall crop came on too late and often did not mature before hard frosts. This new variety is fully two weeks earlier and usually starts bearing the second week in September and then continues until hard frosts. It is also a better yielder than the varieties now in general use. Fruits are very large in size, deep red, very firm, sweet and very well suited for eating fresh, canning or freezing. The canes are very robust and vigorous and after once becoming established will produce two crops each year. We have only a very limited stock of plants to offer this year. 6 for \$1.00; 12 for \$1.75; 25 for \$3.35.

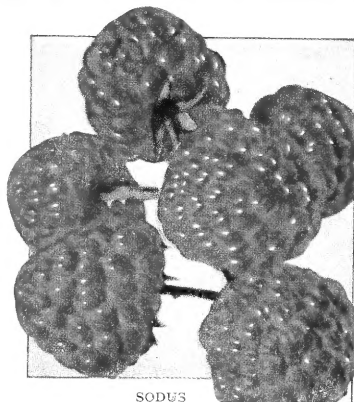

LATHAM

"LATHAM" Giant Red Raspberry

By far the best raspberry to be had and stands unsurpassed for vigor and hardiness, size and handsome appearance of berries. Has made the remarkable yield of 5,430 qts. per acre. Hardy even as far North as Canada. The ability of Latham to yield so heavily together with the large size and fine appearance of the berries make it unquestionably the most profitable variety for either home or market garden. Many plants will bear fruit the first year they are set out. Price of strong disease-free plants: 6 for 85c; 12 for \$1.50; 25 for \$2.90; 100 for \$10.25.

Purple Raspberry "SODUS"

Far superior to Columbian as the berries are larger, of better quality and the plants are harder. Plants are vigorous and bear an unusually large crop. Will not spread from roots or shoots. Strong 2-yr. plants: 6 for \$1.60; 12 for \$3.00; 25 for \$5.50.

SODUS

New Black Raspberry "BRISTOL"

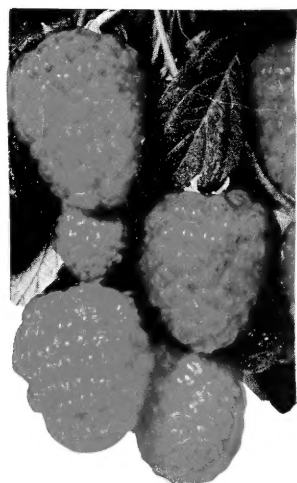

This grand new "blackcap" produces mammoth sized berries almost an inch in diameter, jet black in color and of superb quality. Grows strong vigorous bushes, highly resistant to disease and bears a heavy crop of fruit. Plants root deeply so are resistant to drought and will produce a crop even in dry years. Strong 2-yr. bearing age plants: 6 for \$1.65; 12 for \$3.00; 25 for \$5.25.

Giant Black Raspberry "CUMBERLAND"

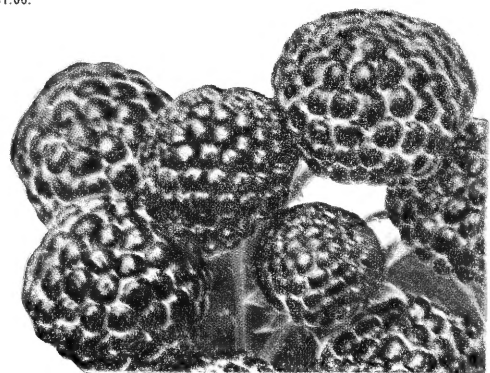

This is offered with assurance as a most desirable variety because of its immense size, fine quality and great productiveness. It is a wonder in size of berries and vigor in growth and is as hardy as any variety grown. Fruit is jet black and of extra quality. By far the best results in growing Black Raspberries have been obtained from 2-yr. or transplanted plants. We are now offering 2-yr.-old plants at prices very little more than was formerly charged for inferior 1-yr. plants; bear this in mind when comparing prices. Heavy 2-yr. Plants: 6 for \$1.35; 12 for \$2.65; 25 for \$4.85.

Makes berries grow much larger, meatier, sweeter and most luscious tasting. Increases yields and plants bear for a longer time. 1 oz. makes 4 gal. spray, enough for the average garden: 50c; 3 oz. \$1.00.

SEPTEMBER

BRISTOL

Reg. U.S. Pat. Off.
TRANSPLANTONE
pkg. (enough for the average garden) 25c; 3 oz. \$1.00; lb. \$4.00. See page 2.

A preparation made up of root forming hormones and Vitamin B-1 and is especially valuable for treating plants and shrubs when transplanting as it greatly increases root growth. ¼ oz.

J. W. Jung Seed Co.

QUALITY SEED GROWERS

Randolph, Wisconsin

Gladioli Bargains

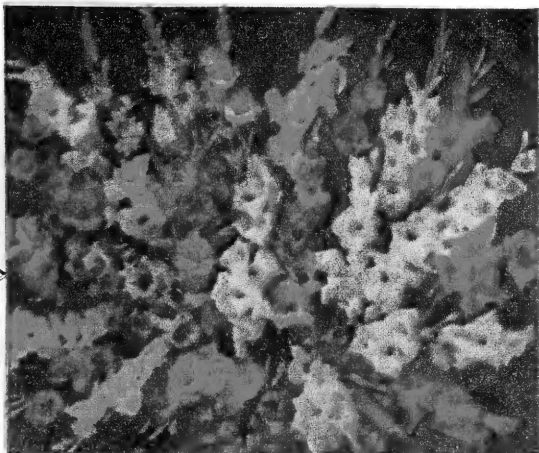

As you no doubt know all good Gladioli bulbs are propagated from bulblets. Usually we require all the bulblets we produce for our own use.

However, this season has been unusually favorable and we have some very fine bulblets to offer for sale. Usually it requires 2 years to produce a large bulb but under good care some of these bulblets will bloom the first year.

Full instructions on how to plant are on each packet.

Mammoth packet (200 BULBLETS) 15c
2 packets 25c

JUNG'S SUPERB GLADIOLI

Jung's Superb Gladioli

To supply the steadily increasing demand for Gladioli the growing of these bulbs is a major operation with us and we grow them by the acres on our farms. As you no doubt know good gladioli bulbs are grown from the bulblets that form at the base of the larger bulbs as these will come true to color and such bulbs will give far better results than older bulbs.

Usually it takes all of the bulblets we can grow for our own bulb production, however, this past season we installed an irrigation system on one of our farms and we harvested an unusually fine crop of both bulbs and bulblets so we have some of the bulblets to offer, so for very little money you can obtain gladioli bulblets and grow your own bulbs.

As a rule it takes two years to grow a large bulb but if started early and carefully bulblets will often bloom the first year they are planted. The bulblets we will send you are a well balanced mixture of select varieties and full planting instructions are on each packet. Large packet (200 bulblets) 15c; 2 pkts. 25c.

A Special Message to You

Kind Customer:—

In checking over our customer list of the past season we miss your usual order and naturally would very much like to have your name back on our order books.

We try in every way to please our customers and when anything is not right please write us if we are in any way at fault, we are only human and mistakes will sometimes occur but when an error is made are always eager to see that same is corrected.

This year we have just about the finest stock of seeds, bulbs, plants and shrubs which we have ever had and in our new buildings can give you prompt and efficient service.

A Special Present for You

Just as a special inducement to have you back as a regular customer return this coupon with your order and if it amounts to \$1.00 or more we will send you a packet (200 bulblets) of these fine Superb Mixed Gladioli.

HARDY MYSTERY LILY

The Hardy Mystery Lily

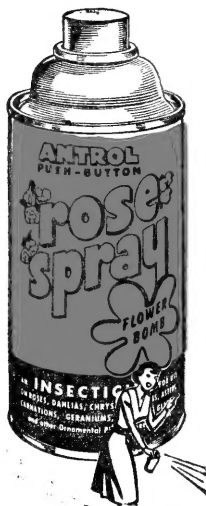

(*Lycoris Squamigera*) This is sometimes referred to as the Hardy Amaryllis and is one of the most unusual and beautiful hardy flowers. The attractive green foliage starts early in the spring and grows until July, then it matures and dries up. Suddenly in a few weeks a stalk appears, grows rapidly to a height of 2 to 3 ft. and burst open in a lovely head of rosy-pink flowers. Grows well either in full sun or partial shade. They are perfectly hardy and increase in size and beauty from year to year. Large select bulbs: Each 45c; 3 for \$1.25; doz. \$4.50.

New Antrol Aerosol

Rose & Flower Spray

No Mixing. No Pouring. No Sprayer to Buy. Just Press the Button.

A special combination of powerful fungicides and insecticides that will free your house plants, outdoor plants and shrubs and roses from both insects and diseases. It is put up in a low pressure aerosol can and is so quick and easy to use—just press the button—nothing to mix and no sprayer to fuss with. It is non-injurious to people or pets. 10 oz. Spray Bomb \$1.50.

How to Grow

The Finest Vegetables

and

Most Beautiful Flowers

"How to Grow the Finest Vegetables and Most Beautiful Flowers" is fully explained in our culture booklet.

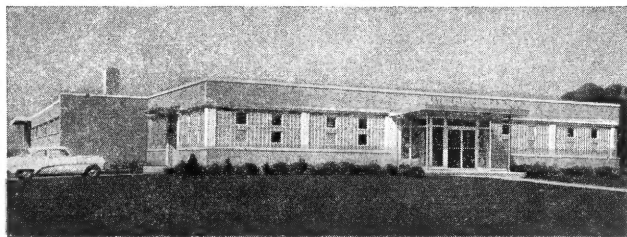

Detailed information on how flowers and vegetables should be sown and cared for is given in detail.

Unless properly sown and cultivated even the best seeds will not succeed and to assist you in the proper care of your gardens this booklet has been prepared.

You may have a copy FREE with your order if it amounts to 50c or more. If you wish a copy of this booklet ask for same on your order.

J. W. JUNG SEED CO., RANDOLPH, WIS.

The Products of Jung's Seeds Are Unexcelled.

Shown above is a view of our new establishment which replaces our building which was destroyed by lightning and fire two years ago.

This is probably the most complete and modern mail-order nursery and seed house in America as all operations are located in this building. It was carefully planned and built so as to provide the best possible storage conditions for seeds, nursery stock and bulbs.

The mail-order department has been greatly enlarged to insure rapid and careful filling of orders to provide you with prompt and efficient service. We invite you to visit us here and see this new and modern establishment.

We spare no effort nor expense to provide you with seeds and plants of top quality. Many of them are grown here on our own farms. We probably grow, on our own farms, more of the products we sell than any other seed house in this country.

It has always been our policy to sell products of the very highest quality and it is also our firm belief that no firm will prosper unless the goods it sells will benefit and please the purchaser. That this policy is sound is best proved by the fact that today our seeds, bulbs, and shrubs are planted by thousands of the most critical gardeners in all parts of America.

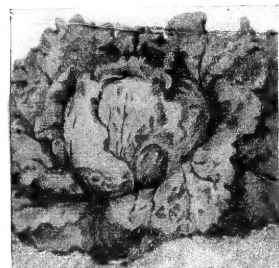

The fact that these people order from us year after year is the best evidence that they are satisfied with our service and the products we sell.

You can send your orders to us with the assurance that they will be filled so as to give you a garden of luscious vegetables, flowers of rare beauty, and field crops that will delight you with their yield and quality.

Our sincere thanks are here expressed for your many orders of the past season and the assurance that we will strive, harder than ever, to serve you faithfully again this year.

Jung's Premium Seeds

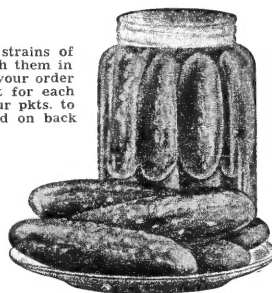

The Vegetables and Flowers listed here are new and select strains of more than ordinary merit. We know you will be delighted with them in your garden; they are offered as Premiums with your order. If your order amounts to \$1.00 or more one pkt. (your choice) will be sent for each \$1.00 worth of goods ordered but not more than a total of four pkts. to a customer. Mark your choice of Premiums in space provided on back of order sheet.

BIBB HEAD LETTUCE

Wis. S-R 6 Pickling Cucumber

A new pickling Cucumber from the Univ. of Wis. that will produce a crop of beautiful, high quality, uniform pickles under adverse conditions. Vines grow strong and vigorous.

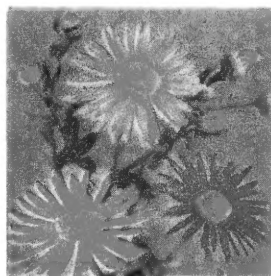

WIS. S-R 6 CUCUMBER

Bibb or Butterhead Lettuce

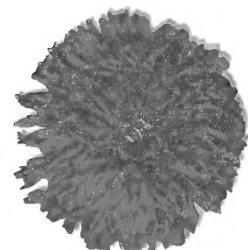

A head Lettuce of superb quality. Sow seed in your garden as early as possible and as soon as plants come up thin out to stand at least 6 in. apart and you can have head lettuce of the highest quality.

"Painted Daisy" Asters

The grace and beauty of these grand Asters is hard to describe. The large flowers and bright snappy colors are not found in other Asters and for beds or bouquets they are unsurpassed. Bushes grow 18 to 24 in. tall and produce an abundant supply of long stemmed flowers. We know you will be more than pleased with their rare beauty.

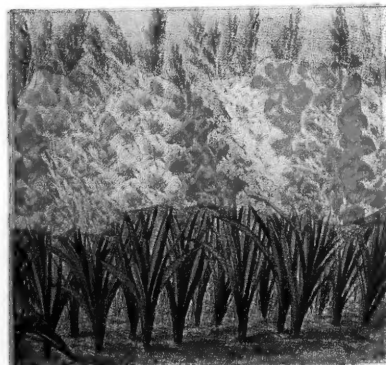

PAINTED DAISY ASTERS

FLORADALE ZINNIA

Floradale Scarlet Zinnia

One of the new Hybrid Zinnias that will be a bright spot in your garden from early summer until frost. Blossoms 5 to 6 in. across borne on long stems.

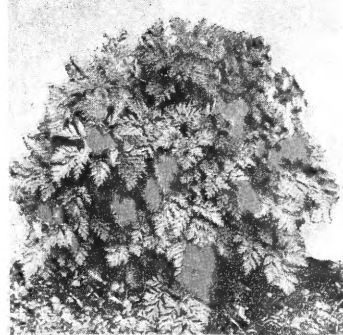

GIANT PRIZE GLADIOLI

Jung's Giant Prize Gladioli

Gladioli are one of our favorite flowers and we grow these bulbs in large quantities on our own farms. Among them are many of the newer originations which are noted for the size, beauty and color of the flowers. Under favorable conditions they will grow to a height of 4 to 5 ft. with flowers 5 to 6 in. across and 5 to 6 flowers open at a time and the beautiful colors are hard to describe.

PREMIUM—If your order amounts to \$5.00 you may have 3 bulbs, if it amounts to \$8.00 or more you may have 6 bulbs and if it amounts to \$10.00 or more you may have 12 bulbs as a premium.

NOTE—As it takes many thousands of bulbs for these premiums they are put up in advance and named varieties cannot be selected as premiums.

FERN LEAF BLEEDING HEART

Dwarf Fern Leaf or Border Bleeding Heart

(Exima)—Grows a beautiful dwarf plant 12 to 15 in. tall and is well suited for borders, beds or planted in front of taller plants or shrubs. The fine feathery foliage makes it a beautiful plant even when not in bloom. Blooms from early summer until fall. Each 35c; 3 for 80c; 12 for \$2.45.

HOW TO PLANT

To assist you in getting the best results from bulbs, plants and shrubs we have prepared a folder of detailed information. It is sent free with all orders for these items.

TUBEROSES

Double Tuberoses

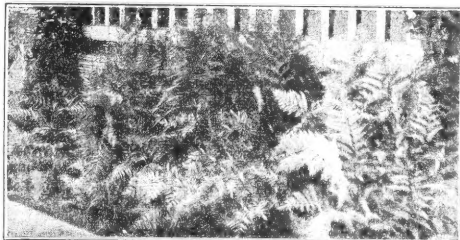

One of the most beautiful and delightfully fragrant summer flowering bulbs. Flowers are more conspicuously sweet scented than anything else in the garden. The flowers are double and are produced on stems 2 to 2½ ft. long. They make a grand showing in the garden and are unexcelled for cutting and bouquets. Bulbs planted early in May will bloom in August, may also be started in pots for early blooms. Select bulbs: 3 for 40c; 12 for \$1.50.

HARDY FERNS

Hardy Ferns

Hardy native ferns are gaining wide popularity as their value is becoming better known. They are easily grown where other plants and shrubs do not succeed. Our plants are grown here in the North and are sure to be hardy anywhere in the U.S. Full cultural instructions sent with each order. Extra Large Plants: 3 for 90c; 6 for \$1.65; doz. \$3.10.

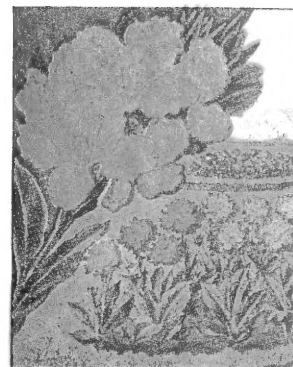

Summer Hyacinth

A species of Hyacinth which blossoms for a long period of time during the summer. The bulbs produce stalks 3 to 5 ft. tall, with spikes of pure white flowers 2 ft. in length. The flowers are thimble-shaped and very much resemble Yucca blossoms. Bulbs planted in the spring will be in flower from July to October. Very useful for cemetery plantings and for centers of flower beds. Extra large bulbs: 3 for 60c; doz. \$2.10.

SUMMER HYACINTH

CANNAS

CANNAS

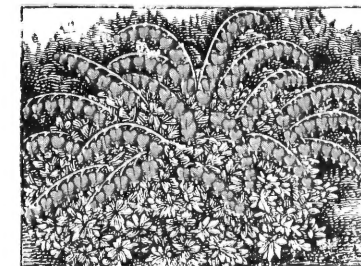

For mass color and real beauty a Canna bed is hard to beat. They stand lots of heat and bloom profusely from July until frost. Whether planted in beds, as borders or background Cannas are always satisfactory and they are easy to grow and not bothered by any insects. For a real show plant a dozen Cannas in the center of a bed, then a row of Salvia or either Dwarf Marigolds, Royal Carpet or White Alyssum, this will give you a bed of flowers of exotic beauty all summer.

PRESIDENT—Huge, glowing scarlet flowers, vigorous plants 4 ft. tall. Profuse bloomer and the most popular and showy variety. Green foliage.

YELLOW KING HUMBERT—Beautiful deep yellow flowers spotted with red. Grows 4 ft. tall and blooms profusely over a long time.

PINK GEM—The finest large flowered bright pink Canna, especially showy when planted with other Cannas. Grows 4 to 5 ft. tall, green foliage, large flowers for many weeks.

PRICE OF CANNAS; Each 25c; 3 for 65c; 12 for \$2.00.

GIANT BLEEDING HEART

Giant Bleeding Heart

An improved type of the popular old fashioned favorite. The beautiful finely cut foliage and long showy branches of graceful pink flowers are always attractive. The plants are very hardy and may be used as borders or margins of shrubbery; also used quite extensively for cutting or bouquets. Does equally well in sun or shade. Each 60c; 3 for \$1.50.

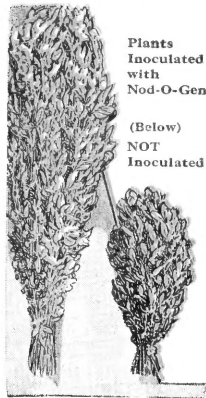

Colorful

Tulips
Hyacinths
Daffodils
Crocus

Our Summer Catalog will have a complete line of fall bulbs like Daffodils, Tulips, Hyacinths, Crocus, etc., also Iris, Peonies, Lilies and Perennial Flowers. If you wish a copy of this catalog attach this coupon to your order and a copy will be sent to you free.

Roy C. Stack, Wis.—Your seeds are excellent, always have good crops from them.

Increase Your Crops and Build up the Fertility of Your Soil by Using Dickinson's Humus Inoculation

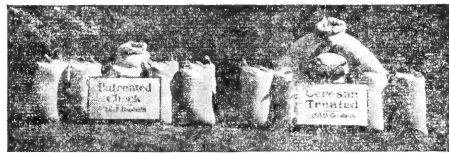

Now you can inoculate your alfalfa, clover, soybean or other legume, seed without the use of water and still be sure of a growth of soil-in-proving root nodules as full and vigorous as was formerly possible to obtain only by the use of bottle or "jelly" type cultures.

Dickinson's New Humus Inoculation has been perfected after careful study and experiment in the country's largest commercial soil bacteriological laboratory. Each culture contains millions of vigorous root nodule bacteria living in a specially blended humus substance which can be mixed with the seed dry, just as it comes from the can. Every can contains plenty of culture material to fully inoculate the quantity of seed for which it is intended.

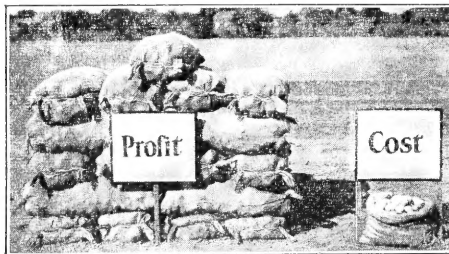

Full instructions are printed on the label. No skill or experience is required to get good results with Dickinson's Humus Inoculation. It is safe and easy to use and produces sure results at a cost of only a few cents per acre. Only a few minutes are required to inoculate the seed which can then be sown immediately. Many growers now prefer Dickinson's Humus Inoculation because of the handy form and the ease with which it is used.

- No. 1—Alfalfa and Sweet Clover. Bu. 50c; 2½ bu. \$1.00.
No. 2—Clover of all kinds: Bu. 50c; 2½ bu. \$1.00.
No. 3—Soy Beans: Bu. 30c; 5 bu. 60c; 25 bu. \$2.50.
No. 4—Field Beans: Bu. 50c.
No. 5—Peas: Bu. 50c.

Increase Your Grain Crops by Using New Ceresan "M"

Prevent Rust and Smut. Increase Yields. Low in Cost. This new seed disinfectant is a great improvement as it can be used either as a dust or slurry method, also it is practically odorless and does not irritate like the old Ceresan. Ceresan M protects the crop against many diseases caused by organisms carried on the seed and in the soil on such crops as barley, oats, wheat, sorghum, flax, peas and sugar beets. Treating your seed will result in better stands, healthier growth and greater yields as the cost of treating a bu. of seed is very small. 14 oz. can (treats 28 bu.) \$1.25; 3 lb. can \$3.35.

Treat Your Potatoes With New Improved Semesan Bel

Treat your seed potatoes with New Improved Semesan Bel. The quick dip treatment will take care of potato disease, especially rot and scab. One pound will treat from 60 to 80 bushels, which makes the cost of treating from 1½ to 3 cents per bushel. Full instructions on every can. 2 oz. pkg. 50c; 1 lb. can \$2.09; 4 lb. can \$6.25.

This repellent is very effective in keeping dogs and other animals away from your shrubs, trees and flowers. It is non-poisonous, non-inflammable and will not injure humans, animals or vegetation when used according to instructions. Easily applied with a small sprayer and is also available in Aerosol Dispenser. One application lasts for several weeks. 3 oz. bottle 70c; 3 for \$2.00. 11 oz. Aerosol Dispenser \$2.25.

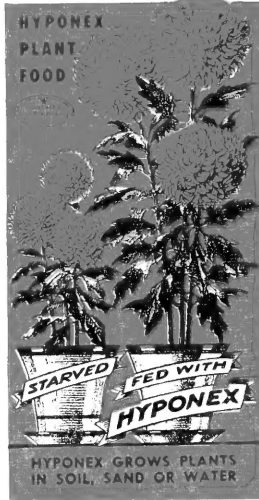

TRANSPLANTONE

Increases Root Growth. Makes Stronger and More Vigorous Plants. Bigger and Better Crops

—Treated in water will make ten gallons of solution, simple instructions will be found on every package. ½ oz. (enough for small garden) 25c; 3 oz. \$1.00; 1 lb. \$4.00.

This is a preparation of root forming hormones and Vitamin B1 and is especially valuable for treating both plants and shrubs when transplanting as it greatly increases root growth and plants thus treated will suffer very little setback from transplanting.

HYPONEX PLANT FOOD

Grow stronger plants, larger and more flowers indoors or out. Modern science aids Nature for astonishing results in soil, sand or barren earth.

This is a highly concentrated and well balanced fertilizer for pot or house plants, roses, ferns, and also for outdoor flowers and shrubs. It increases the foliage and improves the color and size of blossoms. Odorless and harmless. HYPONEX is sure to bring forth healthy plants and lots of flowers. 3 oz. can (makes 18 gal.) 25c; 1 lb. can makes 96 gal. \$1.00; 2 for \$1.85.

How to Grow The Finest Vegetables and Most Beautiful Flowers

"How to Grow the Finest Vegetables and Most Beautiful Flowers" is fully explained in our culture booklet.

Detailed information on how flowers and vegetables should be sown and cared for is given in detail.

Unless properly sown and cultivated even the best seeds will not succeed and to assist you in the proper care of your gardens this booklet has been prepared.

You may have a copy FREE with your order if it amounts to 50c or more. If you wish a copy of this booklet ask for same on your order.

BERRY-SET

Makes berries grow much larger — often 50% to 100% BIGGER — Meatter — sweeter — most luscious tasting. Increases berry yields greatly. Strawberries have fewer seeds. Sprayed berry plants bear ripe fruits over a longer period of time; therefore gardeners enjoy a longer season, get greater enjoyment and greater value from their berry plants. This new scientific "Hormone" powder effective on ALL berries. 1 oz. package makes 4 gallons. (1 oz. 50c) 13 oz. \$1.00.

NO-SEED HORMONE Blossom-set

Grow Earlier, Larger, Sweeter, and More Tomatoes on each plant with "BLOSSOM SET," an approved plant hormone that's easy to use. Just mix with water and spray newly opened blossoms. "BLOSSOM SET" induces artificial setting of fruit, prevents falling of first blossoms, gives ripe tomatoes 2 to 4 weeks earlier. Treated plants produce larger, firmer, meatier fruits, with fewer seeds. Grow seedless peppers, egg plant, cukes, squash. Tested by U.S.D.A., leading Universities, Colorado Experiment Station. 4-oz. bottle (for 1 gal. spray) 85c; pint (makes 4 gals. spray) \$1.75.

A. C. P. Crabgrass and Chickweed Killer

This is a new and more effective crabgrass and chickweed killer, on our own premises it proved out to be one of the best remedies for these troublesome weeds. It will also rid your lawn of all broad leaf weeds like dandelions, plantain, purslane, thistles, etc., without killing the grass or clover. Usually one or two applications will clean up your lawn, easy to apply and not dangerous. 6½ oz. can (enough for an ordinary lawn) \$1.25; 26 oz. can \$3.75.

A.C.P. Soil Conditioner

This preparation not only makes your soil ideal for growing indoor flowers but also contains fertilizer, hormones and other essential mineral elements which help plants make a strong vigorous growth. Especially useful for growing plants indoors and also for starting seeds in boxes or beds as it will prevent the soil from becoming hard and crusty. Also very good for gardens where the soil is hard and crusty. ½ lb. can 80c; 2½ lb. can \$2.80; 10 lb. can \$7.95.

Wholesale Prices

Market gardeners, public institutions and any others who require seeds in large quantities please write for a copy of our wholesale list. We can supply you with seeds of the highest quality and also give you money-saving prices.

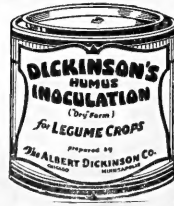

20th CENTURY EVERBEARING

20th Century Everbearing Strawberry

Giant Sized Berries. Vigorous Plants. Superb Quality. Another new Everbearing Strawberry that has proven to be one of the best as it will give you size, quality and yield. It grows an unusually strong vigorous plant with thick heavy foliage and the plants root very deep. On good soil and with proper care plants will start bearing in 60 days and will then keep bearing until frost. The berries are large in size, uniform in shape and have a rich red coloring throughout; they have a distinct honey-sweet flavor which is retained when frozen, unsurpassed for either canning, freezing or fresh table use. It has been tested out in many parts of the U.S. and has made remarkably high ratings for quality and yield. A bed of these fine everbearers will please and delight the planter beyond his fondest hopes. 25 for \$2.75; 50 for \$4.50; 100 for \$8.75.

Dickinson's Humus Inoculation Will Increase Your Crops of Beans, Peas and Sweet Peas

This is a compound which when applied to the seed before planting promotes stronger healthier growth, hastens maturity, increases the crops, improves the quality and also enriches the soil. It is for legume plants such as Beans, Garden Peas and Sweet Peas. In the case of Sweet Peas larger and finer flowers will be had and in Garden Peas and Beans your crop will be much heavier and of finer quality and you can pick more pods from each plant. It is easy to apply as it is put up in powder form and will stick to the seeds, no water is necessary and it can be used a little at a time. Garden size Pkt. (enough for 10 lbs. of seed) 15c; 2 for 25c; Bu. size of Beans or Peas 50c.

Protect Your Garden Fight Insects With RED ARROW GARDEN SPRAY

One of the best and most widely used Garden Sprays for controlling bugs and insects such as aphids, cabbage worms, cucumber beetles, thrips, etc. This spray is deadly to insects but harmless to humans, birds and animals. Will not burn delicate leaves or tender flowers. Mixes easily with even hard water and has ingredients making it spread and stick to the foliage. We consider this one of the most satisfactory garden sprays for both flowers and vegetables. Simply mix 1 teaspoonful of this spray with a qt. of water and spray on both top and under side of leaves. 1 oz. Bottle (makes 2 gals. spray) . . . 35c
4 oz. Bottle (makes 8 gals. spray) . . . 1.00
1 pt. Bottle (makes 32 gals. spray) 2.85

DuPont Garden Dust

We can highly recommend this preparation as it may be used as a spray or dust. It will not only protect your plants from insects of all kinds but will also prevent diseases such as blight, rust and wilts. Especially good on Potatoes and tomatoes as it will keep the vines green and healthy, also for flowers such as roses, phlox and others that are subject to blight, rust or mildew. This combination is all that is needed, not necessary to use several different sprays or dusts. Full instructions on every can. 8 oz. (filled) Dust Gun 85c; 1 lb. can \$1.20; 3 lbs. \$2.95.

DuPont Floral Dust

Keep your Roses, Hardy Phlox and all other garden plants free from insects, blight, mildew, black spot, etc., by using DuPont Floral Dust. To keep your plants free from insects and diseases make the first application early and then spray or dust every 7 to 14 days. May be applied either as a dust or spray, full instructions on every container. 8 oz. (filled) Dust Gun 85c; 1 lb. can \$1.20; 3 lbs. \$2.95.

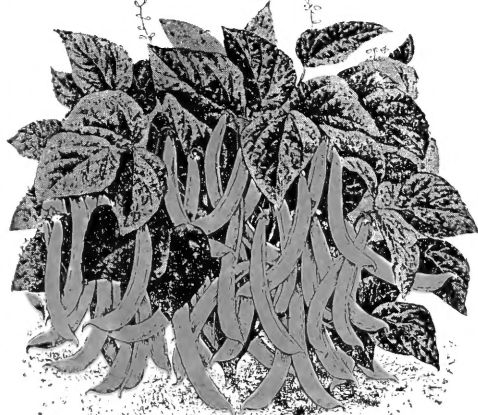

Chlordane Dust

A very good insecticide to use in the garden and on lawns to control insects like onion maggot and worms in radish, also ants, cut worms, grasshoppers, snails, wire worms, white grubs as well as cockroaches, carpet beetles and silverfish in your home. 1 lb. can 70c.

EARLY ORDERS

We make every effort to fill orders promptly but when customers do not order until planting time it is impossible to fill them as rapidly as earlier in the season. Early orders can usually be filled in full as later many items are sold out; if your order includes items which cannot be planted, as once they will be reserved for you and sent at proper time for planting.

BRITTLE WAX

Jung's Garden Specialties

On this page we list an assortment of garden seed specialties which are unusually good and of more than ordinary merit. Try some of them in your garden as we are sure you will be pleased and delighted with what they will produce for you.

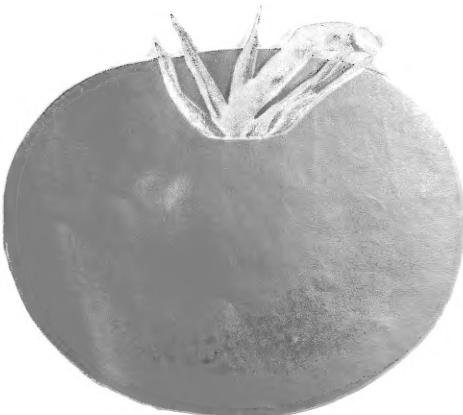

Brittle Wax Bush Beans

The Earliest of ALL BUSH BEANS. Of such excellent quality that it might be termed "Best of All".

The plants are very hardy and vigorous, of true bush growth, about 15 inches high and heavily laden with the long, straight, round and very solid pods from 5 to 7 inches long. The pods are of a rich golden color, very tender and entirely free from string at all stages of growth. It will stand longer than any other bean without becoming hard. Pkt. 10c; 1/2 pt. 35c; pt. 55c; qt. \$1.00.

H. Nystrom, Cal.—Your Wayahead Tomato lives up to it's name, I had ripe tomatoes way ahead of any of my neighbors.

A. B. Kempton, Maine—My Wayahead Tomatoes averaged one bushel to every four plants

JUNG'S IMPROVED WAYAHEAD

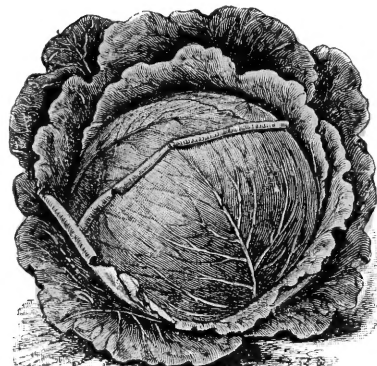

JUNG'S IMPROVED Wayahead OUR EARLIEST OF ALL TOMATOES

First to Produce Ripe Tomatoes. Good Sized Fruit. Smooth and Solid. Bright Red Color. Fine Quality.

As its name indicates it is way ahead when it comes to early ripening of fruit, even ahead of our famous John Baer and Earliana. We know this is a strong claim to make but it is an actual fact and we know that after you give it a trial you will be more than satisfied. The fruits are of good size, bright scarlet color, almost round, very smooth and remarkably handsome in appearance. The flesh is solid and of the finest flavor. Although it is the first to ripen, vines continue bearing for a very long time. Every tomato grower knows that the first tomatoes always bring a big price and we are confident that this variety will more than please everyone who plants it. Our strain of this tomato has all been grown from single plant selections and is highly improved. Pkt. 15c; 2 pkts. 25c; 1/2 oz. 60c; oz. \$1.00.

JUNG'S SUPER SELECT WAYAHEAD TOMATO

Many planters want Super Select or stock seed Tomato even though the price is high. To supply this demand we offer you the most select plants and first or crown-set fruits. Price of this super-select seed: Pkt. 25c; 1/2 oz. \$1.00; 1/2 oz. \$1.75; oz. \$3.25.

WISCONSIN BALLHEAD

CABBAGE

Wisconsin Ballhead

Disease Resistant

This variety has proved to be very resistant to the cabbage disease known as "yellows" which destroys the crop in many sections. A splendid variety for shipping as heads are solid as a rock, also an unusually good keeper. If you grow cabbage for shipping or want something that will keep through the winter, plant this variety. Pkt. 10c; 1/2 oz. 25c; oz. 45c; 1/4 lb. \$1.50; lb. \$4.50.

Tendercore Carrot

Handsome Appearance. Superior Quality.

A superb new Carrot combining the fine qualities of its parents Nantes and Chantenay. They grow 5 to 6 in. long, about 2 in. in diameter at the shoulder and taper slightly to a blunt point. A highly attractive carrot and of excellent quality with practically no core; intense orange-red flesh, very crisp, tender and of superb flavor. Pkt. 10c; 1/2 oz. 25c; oz. 40c; 1/4 lb. \$1.00; lb. \$3.25.

Extra Early HYBRID SWEET CORN Wisconsin "800"

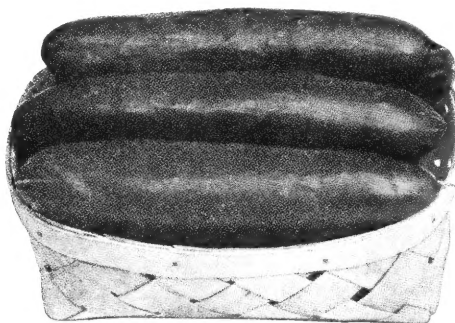

Extra Early. Heavy Yields Sweet and Luscious

A new extra early hybrid sweet corn, developed at the University of Wis. It is one of the earliest varieties. Under normal conditions is ready to pick in 70 to 72 days. Ears are 6 to 7 1/2 in. long, usually 8 rowed, and are well filled with tender, delicious, deep golden kernels; flavor and quality are superb. A very profitable variety for the market grower as it comes on when prices for the first corn are always high. As the stalks are dwarf it does not require much space, making it well suited for the small garden. Pkt. 10c; 1/2 pt. 30c; pt. 50c; qt. 95c.

Extra Early Watermelon

"New Hampshire Midget"

1951 All America Gold Medal Winner. A new extra early melon especially suited for small gardens as it does not require much space and may be grown on a trellis. Fruits are 7 to 8 in. across, just right for individual serving or placing in a refrigerator. The rind is very thin, flesh rich red, juicy crisp with extra high sugar content. Unlike most early melons it excels in quality and flavor. Pkt. 12c; oz. 35c; 1/4 lb. \$1.00.

STRAIGHT EIGHT

CUCUMBER

Straight Eight

Unexcelled for Shipping, Slicing or Pickling

All America Gold Medal Winner as an outstanding vegetable of the year. One of the finest shipping cucumbers as the fruit is deep green, free from objectionable light striping and is very uniform in size, usually about 8 in. long, 1 1/2 in. in diameter, well rounded but not tapered ends. Fine for either home or market garden, as it yields heavily and can be used for shipping, pickling or slicing. Pkt. 10c; oz. 20c; 1/4 lb. 60c; lb. \$2.00.

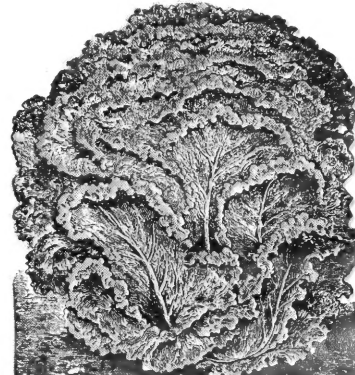

LETTUCE

Jung's All Cream

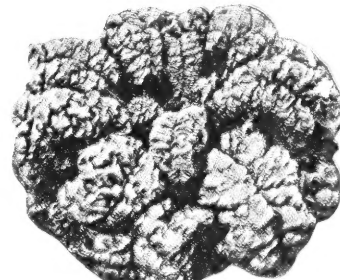

This remarkable Lettuce does not head but makes a large loose bunch of leaves of superlative fine quality. The leaves grow upright, the upper part of the outer leaves turning outward very gracefully and are handsomely wrinkled. The inside leaves are almost white and wonderfully crisp and tender. It grows quickly, is ready for use early and remains for weeks. It is the cream of all sorts and should be grown in every garden. Pkt. 8c; 1/2 oz. 15c; oz. 25c; 1/4 lb. 85c.

"AMERICA" Spinach

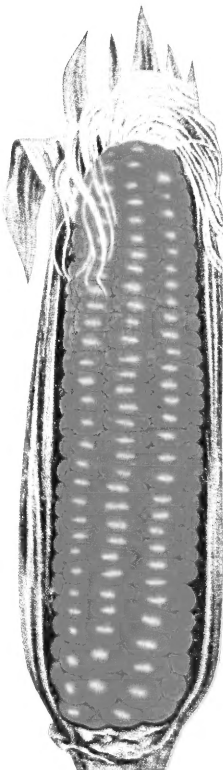

All-America Silver Medal Winner. A new, improved strain noted for its long standing, high quality and high yields. The leaves are glossy dark green, thick and tender, heavily crumpled. Grows a vigorous plant, 6 to 8 in. tall, 10 to 12 in. across and are very slow to bolt to seed. Splendid for either home or market gardens. Pkt. 10c; oz. 25c; 1/4 lb. 65c; lb. \$1.95.

JUNG'S ALL CREAM

AMERICA SPINACH

WIS. "800"

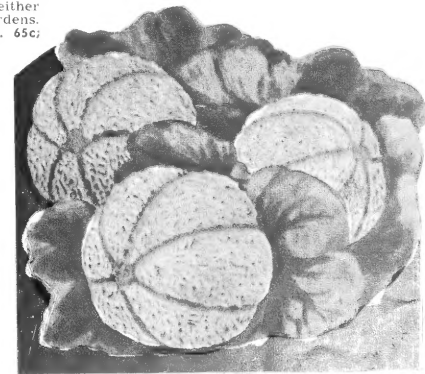

Mrs. F. H. Hesse, Wis.—Your Wis. "800" Sweet Corn is wonderful. Very early, tender and delicious.

Mrs. Ida Boone, Ill.—Of seven varieties of Sweet Corn your Wis. "800" outclassed them all, very sweet and tender and well formed ears.

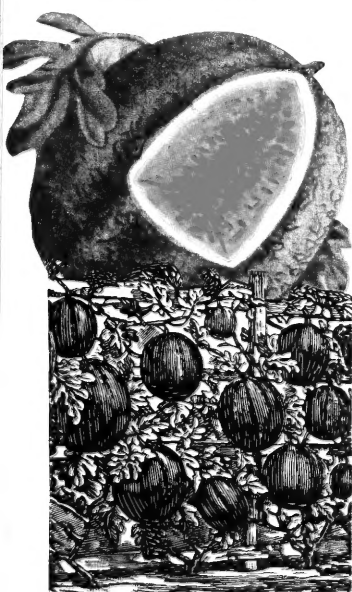

New Bush Muskmelon

The Melon for Small Gardens; Requires Little Space

The vineless character of growth or "bush habit" of this fine melon is a distinct advantage as it can be grown even in small gardens where room is limited. The plants are very sturdy and vigorous, growing 18 to 24 inches long. The fruits average 4 to 5 inches in diameter and are produced in abundance. The flesh is very deep, edible to the rind, light green in color, lusciously sweet and juicy and of most gratifying flavor. Pkt. 10c; 3 pkts. 25c.

BUSH MUSKMELON

N. H. MIDGET WATERMELON

PHANTOM BEAUTY CASA BLANCA

BLUE BEAUTY

CHARMAINE

AUREOLE

RED GIANT

Jung's Select Gladioli

There is no bulb of such easy culture, embracing the great range of color with endless combinations and variety, to equal the Gladioli. Our bulbs are of the finest quality and will give bountiful satisfaction the first season. The bloom is continuous from the end of July until frost. Culture instructions will be sent with each order.

"Prizewinners" (See Cut Above)

The grand new Gladioli listed below are some of the very best of the new introductions and for size, beauty and color are really superb. If you wish something extra fine you will order this collection.

BLACK OPAL—Large black-red flowers produced on long spikes. Sure to attract attention.

BLUE BEAUTY—Large flowers of medium blue shading deeper toward the edges. Considered one of the best in this color.

CHAMONY—Large flowers of a live snappy rose pink color. The most beautiful deep pink.

CHARMAINE—A new shade of clear rich medium rose. 5 to 6 flowers open at one time with as many more buds showing color. Large flowers well placed on sturdy stalks.

AUREOLE—Wonderfully beautiful heavily ruffled rich canary yellow. Open 6 to 7 large well placed blooms on a tall willowy spike. One of the best yellow glads.

ORANGE GOLD—Immense flowers of dazzling true orange-gold produced on stalks 4 to 5 ft. tall. A truly wonderful variety.

RUFFLED PRINCESS—A gorgeous live rose pink so heavily ruffled that half open flowers resemble roses.

CASA BLANCA—A superb pure white, tall vigorous grower, profuse bloomer with well placed flowers.

RED GIANT—Immense deep scarlet red flowers produced on long straight spikes. A sure winner.

MISS WISCONSIN—A glad of size and rare beauty. Rich, deep rose, large blooms, tall spikes.

PHANTOM BEAUTY—Clear light pink that opens 8 to 20 flowers of mammoth size. A spike makes a whole bouquet. A truly grand glad.

VULCAN—Rich magenta-purple, a color well liked by most ladies. Opens up to 7 well placed blooms on a tall straight spike.

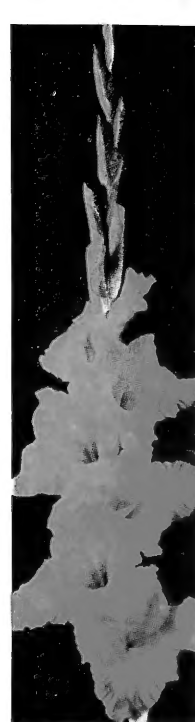

Price of above select bulbs: 3 for 45c; 12 for \$1.50; 100 for \$7.50. When ordering name varieties wanted.

SPECIAL GLADIOLI COLLECTION NO. 1

One select bulb of each of the above 12 grand new Gladioli for \$1.50; 5 of each for \$6.75.

MARGARET BEATON

RUFFLED BEAUTY

The Wonder "Glads"

BEACON—Clear light rose scarlet with large orange throat. Strong grower, immense flowers.

BEAUTY'S BLUSH—Delicate blush pink flowers of large size and exquisite beauty. Tall willowy stems with 18 to 20 buds.

HIGH FINANCE—Different but beautiful. Smoky orange-gray with cream throat. Vigorous grower, spikes straight and flowers well placed.

KING LEAR—One of the best purple "glads". Large ruffled flowers, very rich and velvety. One of the best "glads" to be had.

LAVENDER RUFFLES—A rare combination of grace, beauty and charm. Clear live lavender-pink rivaling orchids for beauty.

LIPSTICK—Beautiful and distinctive being a ruffled shell-pink with a red throat. We knew it will please you in every way.

MARGARET BEATON—Heavily ruffled snow-white with small scarlet blotch.

RUFFLED BEAUTY—Very large, heavily ruffled, soft canary yellow. Vigorous growers, tall straight spikes.

PURPLE SUPREME—Very large clear deep purple; you will be delighted with its size and beauty.

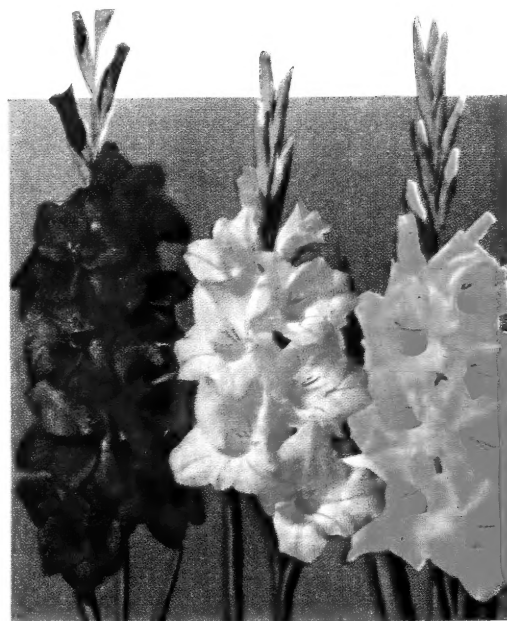

RED CHARM—An easily grown bright cherry-red. Opens 8 to 9 well placed blooms on a tall straight stem.

ROSA VAN LIMA—One of the best "pinks," bright snappy color. As many as 8 large flowers on a spike open at a time.

SNOW PRINCESS—One of the best whites. Very large ivory white flowers well placed on long straight spikes.

Price of above: Each 15c; 3 for 40c; 12 for \$1.35

GLADIOLI OFFER NO. 5
One select bulb of each of the above for \$1.35.

ABU HUSSAN

FRIENDSHIP

SPOTLIGHT

GIANT EXHIBITION GLADIOLI

Here are some of the newest Gladioli originations that will thrill and delight you with their exotic beauty and charm.

ABU HUSSAN—A new deep violet-blue that has size and beauty. Large flowers borne on straight, tall, strong stems.

BOULOGNE—This husky, vigorous rosy-red is in a class by itself. Grows to a height of 5 ft. with flower spikes 2 ft. long, truly superb.

BURMA—Deep rich rosy red with wide open heavily ruffled flowers. A prize winner wherever shown.

BLESSED DAMOSEL—A beautiful shade of glowing salmon-pink. Large heavily ruffled blooms, as many as 8 flowers open.

ELIZABETH THE QUEEN—"The Jewel among Glads"—Beautiful clear lavender pink with darker markings in the throat. The large flowers are heavily ruffled and borne on stiff straight spikes.

FLORENCE NIGHTINGALE—A top-notch white, has size, beauty and stamina. Will grow 5 ft. tall with blooms 5 to 6 in. across.

FRIENDSHIP—Most beautiful gorgeous pink. Large ruffled blooms on strong straight spikes. A rare beauty.

GREAT LAKES—The nearest to a sky-blue gladioli thus far produced. Large flowers freely produced on long straight stems.

LAVENDER PRINCE—A vigorous tall grower. Flowers well ruffled, of large size and a deep rich lavender color.

SHERWOOD—Lustrously ruffled deep purple and rates as one of the best in this color. Tall straight spikes with 5 to 6 flowers open.

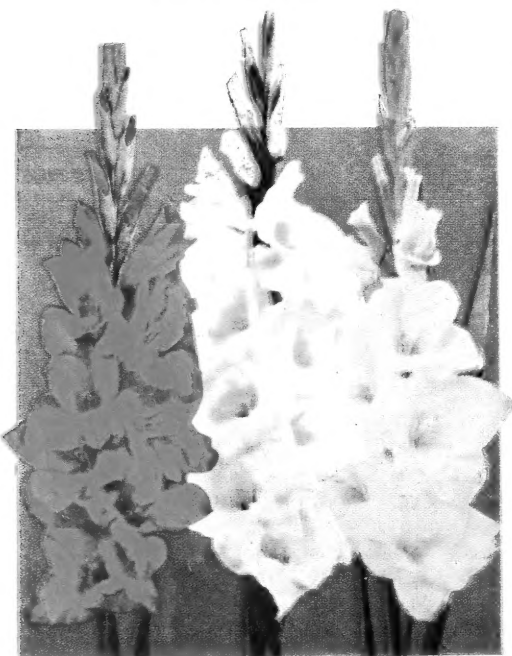

SPIC & SPAN—Another top-rated "glad". Large, ruffled flowers of an unusual deep pink. Tall straight spikes with many open.

SPOTLIGHT—One of the finest glads grown. Tall, sturdy spikes, often 5 ft. tall bearing the immense blooms which are a rich canary yellow with a bright red blotch in the throat.

Price of above: Each 20c; 3 for 50c; 12 for \$1.65.

GLADIOLI COLLECTION NO. 2

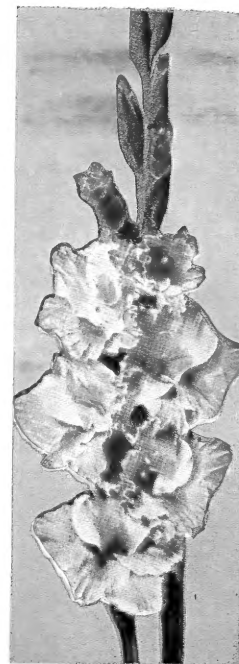

One large select bulb of each of the above 12 Giant Exhibition Gladioli for \$1.65; 5 of each for \$7.85.

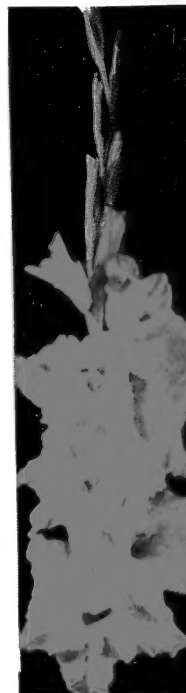

BOULOGNE

FL. NIGHTINGALE

BLESSED DAMOSEL

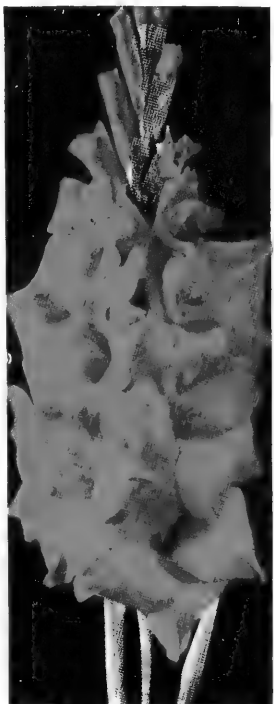

ELIZ. THE QUEEN

RED CHARM

Mrs. Joseph Bouc, Pa.—My Rainbow Glads that I got from you in the spring were beautiful.

Mrs. W. B. Ginger, Va.—Your Ruffled Giant Gladioli were admired by all my neighbors, prettiest shades of color I have ever had.

Jung's Giant Red Gladioli

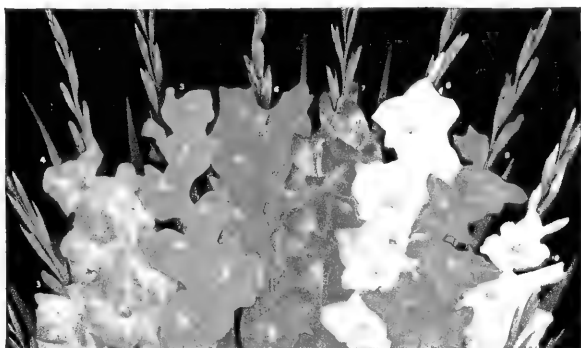

There are so many beautiful Gladioli that it is hard to pick a single variety as being the best. However, the red ones seem to be the most popular and if you wish something out of the ordinary order some of these bulbs. They will produce flowers of giant size and beauty in many shades of "red". Large Select Bulbs: 6 for 60c; 12 for \$1.00.

JUNG'S COLOSSAL GLADIS

JUNG'S COLOSSAL GLADIOLI

These are mammoth sized bulbs. 2 1/2 in. and over, and are of really superb varieties. They are for those people who want something extra special and out of the ordinary. These bulbs will grow spikes 4 to 6 ft. tall and the flowers will be truly giant in size. Many of the bulbs will grow 2 and sometimes 3 spikes of flowers. These husky bulbs will produce very vigorous plants that usually bloom quite a bit sooner than smaller bulbs. Only the choicest varieties are used in this assortment and whether you order 6 or a dozen bulbs no two will be alike. 6 for 75c; 12 for \$1.40; 25 for \$2.75.

JUNG'S RUFFLED GIANT GLADIOLI

Jung's Ruffled Giant Gladioli

Immense Ruffled Flowers. Giant Tall Spikes of Flowers. Gorgeous Colors. Easy to Grow. Sure to Bloom.

These bulbs are put out for people who want the very best of the new giant flowered "gladioli". Only the newer varieties are used and each package is put up separately so if you order six or a dozen bulbs no two will be alike. If you wish to surprise your friends with gladioli that are giant in size and the most rare and beautiful colors plant some of these bulbs. Many of them will grow 4 to 5 ft. tall and produce flowers 4 to 5 in. across. Large Select Bulbs. 6 for 50c; 12 for 95c; 50 for \$3.50.

Jung's Giant Rainbow Gladioli

Easy to Grow. Sure to Bloom. Giant Flowers.

We grow these grand flowers by the acre and want all of our customers to share their beauty. You will be delighted with the size, beauty and gorgeous color of the flowers. Many of them will grow 4 to 5 in. across with 6 to 8 flowers open at one time. If cut when first flowers open will last for 10 days. In this mixture you get a grand assortment at a very reasonable price. 6 for 35c; 12 for 60c; 50 for \$2.00.

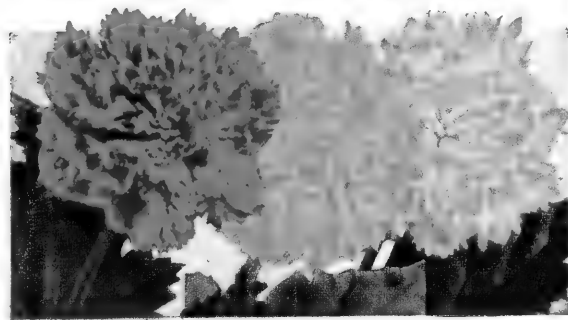

GIANT RAINBOW GLADIOLI

Mrs. D. Schroeder, Wis.—Seeds and bulbs were received in perfect condition. Your products are well worth your catalog prices.
Willis Singleton, Tenn.—The Gladioli you sent me last year were just wonderful.

Fancy Double Tuberous Begonias

Unexcelled as a flowering plant for either pots indoors or outdoor planting. Easy to Grow and Sure to Bloom.

The rare charm and beauty of these beautiful flowers is hard to describe as they must be seen to be appreciated. They may be grown as pot plants, in window boxes or on a shady porch or on the shady side of your home. They commence to flower early and continue to bloom until frost. We offer select bulbs of the finest varieties. Instructions on their planting and care will be sent with every order. Extra large bulbs that will bloom profusely. Each 25c; 3 for 70c; 12 for \$2.60.

DOUBLE TUBEROUS BEGONIAS

AMARYLLIS

Giant Hybrid Amaryllis

We know of no flowering bulb that will give more satisfaction for indoor flowering than these new giant flowered Amaryllis. The bulbs we offer are a most select strain, large bulbs that often produce two stems with from two to four giant blooms of most perfect form. Colors range from white through various shades of rose, red, and deep crimson, but as they are hybrids we cannot send specified colors; however, most of them are dark rich colors. Will bloom in six to eight weeks after planting. Extra large bulbs: Each 45c; 3 for \$1.25; 12 for \$4.50.

Blue & Purple Gladioli

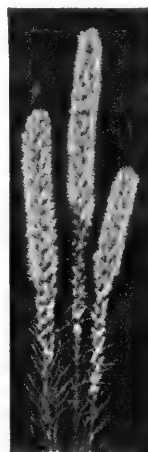

There is always a great demand for gladioli in blue and purple shades. To meet this demand we grew a nice lot of these colors the past year and are able to supply a very fine selection of these popular colors. Select bulbs: 6 for 65c; doz. \$1.10. Order early as our supply is limited.

SENSATION

"SENSATION" The Super Giant Glad

Mammoth sized flowers of bright soft rose. 6 to 9 of the massive, heavily ruffled flowers on a spike. Often grows 5 to 6 ft. tall, truly a wonderful "glad" and a real giant. Each 25c; 3 for 60c; 12 for \$2.00.

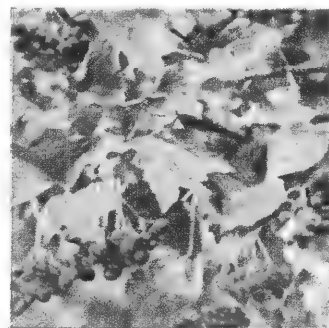

LIATRIS

Liatris or Kansas Gayfeather

Not many flowers will attract more attention on account of their unusual appearance, they are beautiful as well as odd. Blooms in mid-summer and flowers last a long time. Spikes 2 to 3 ft. tall and usually bear the flowers of deep rich purple color. Very hardy and easy to grow. Each 35c; 3 for 80c.

Ruby Bush Cherry

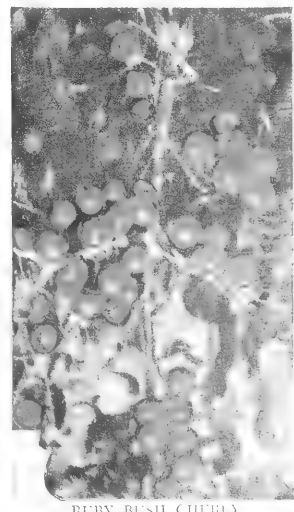

This is a great improvement over the Nanking as it bears more abundantly, the fruit is larger and of better quality. The shapey bushes grow 7 to 8 ft. tall and usually bear the 2nd year. The 3rd year branches are literally covered with bright red fruit of superb quality for pies, jam or jelly. Set out at least two of these trees to insure pollination. Select 24 to 36" plants: 2 for \$1.95; 6 for \$5.25.

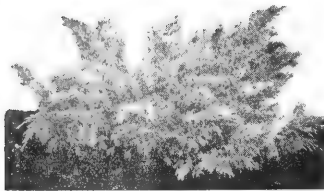

AM. BUSH CRANBERRY

American High Bush Cranberry

(Viburnum Americanum) This hardy bush grows to a height of 8 to 10 ft. and bears an abundant crop of large red berries that make excellent jellies that look and taste very much like the marsh Cranberry, which you purchase in the fall. It grows a fine shaped bush and is much used for landscape work. White flowers in May are followed by the large clusters of red berries. The foliage also colors up beautifully in the fall. Select 2-yr. field grown plants: Each 65c; 3 for \$1.75; doz. \$6.50.

RUBY BUSH CHERRY

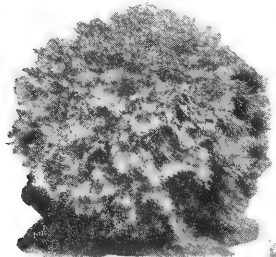

PFITZER JUNIPER

Evergreens

The Evergreens we send out are not seedlings but are select field grown plants that have been transplanted 2 and 3 times and are well supplied with an abundance of roots. We send out only young vigorous stock that will soon grow into fine specimens. We send these out at the proper time for planting, both tops and roots are especially treated and will be packed in a special moss that keeps the roots moist.

Pfitzer Juniper

A low growing dark green variety ideal for planting in front of tall evergreens or shrubs at corners of lots, rock gardens etc. Will grow 4 to 5 ft. spread but may be kept trimmed as desired. Select 12-15 in. specimens; Each \$1.50; 3 for \$4.25; 12 for \$14.75.

GLOBE ARBORVITAE

Siberian Globe Arborvitae

An unusually hardy low or globe Arborvitae useful for planting on each side of entrances or wherever a low growing evergreen may be required. Can be kept trimmed to any height or shape desired. The foliage is dark-green, very thick and heavy. Select 9-12 in. specimens. Each \$1.20; 3 for \$3.00; 12 for \$11.00.

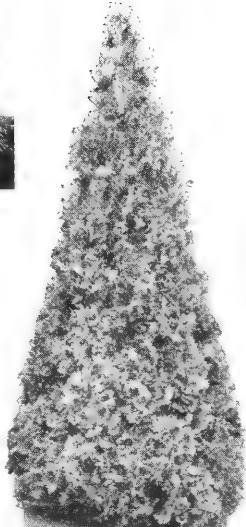

BLACK HILLS SPRUCE

Front Entrance

EVERGREEN PLANTING

- 2 Pyramidal Arborvitae 12-15 in.
- 2 Pfitzer Juniper 12-15 in.
- 2 Globe Arborvitae 9-12 in.
- Above Six Select Evergreens for \$7.50.

PYRAMIDAL ARBORVITAE

Pyramidal Arborvitae

This is the most popular and widely planted Arborvitae as it grows upright and can be used in so many places. It has been selected for its rich green color and slender, erect form of growth. Will grow to a height of 15 to 20 ft. but can be kept lower and compact by trimming. Select 12-15 in. specimens; Each \$1.50; 3 for \$4.25; 12 for \$15.25.

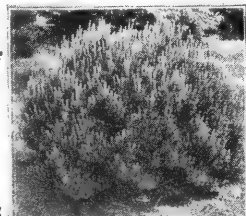

COLORADO SPRUCE

Colorado Spruce

The most popular and beautiful of all evergreens; very hardy and drought resistant. These handsome silvery-green trees grow to a height of 30 to 40 ft. Growth is compact and always perfect in shape. Select 9-12 in. specimen trees; Each \$1.25; 3 for \$3.50; 12 for \$11.50.

Black Hill Spruce

A very popular and widely planted variety noted for its hardiness and drought resistance. Grows a very dense well shaped tree and is well suited for planting on the lawn, as a windbreak or wherever a large tree can be used. Select 12-18 in. trees; Each \$1.50; 3 for \$4.00; 12 for \$13.50.

MUGHO PINE

Mugho Pine

The popular low growing dwarf Pine being compact and round in shape. Will grow to a height of 5 to 6 ft. but can be kept trimmed to any height desired. The new growth has the appearance of candles at the end of each branch. One of the most popular and widely planted ornamental Pines. Select 8-10 in. specimens; Each \$1.20; 3 for \$3.10; 12 for \$11.25.

CRIMSON KING MAPLE

Aristocratic Shade Trees

CRIMSON KING MAPLE

(Plant Patent No. 735) An outstanding and beautiful shaped shade tree that holds its bright red color throughout the season. A fine tree for cities as it is hardy, long lived and withstands smoke, gases and dust. This distinctive tree will be the focal point of your yard. 5-6 size by express; Each \$4.50; 3-4 ft. size by parcel post; Each \$2.50; 3 for \$7.25. Postage Rates on Page 36.

MORaine LOCUST

(Plant Patent No. 836) New fast growing shade tree that does much better than other trees under adverse conditions such as heat, drought, and cold. It is thornless and seedless so leaves no messy lawn. The wonderful foliage will allow light to penetrate so you can get a nice lawn around these trees. Hardy, easily established, long lived and rapid in growth. Will add beauty and value to your home. 5-6 ft. size by Express; Each \$4.25; 3 for \$11.75; 3-4 ft. size by parcel post; Each \$2.45; 3 for \$7.00.

HARDY MOUNTAIN ASH

A hardy, medium-sized tree of unusual beauty with graceful fern-like foliage. The clusters of white flowers in the spring are followed by large clusters of bright showy red berries. Foliage turns to beautiful orange and red in the fall. An usually fine ornamental and shade tree. 3-4 foot trees. Each 90c; 3 for \$2.25.

BLACK HILLS

AUSTRIAN

NORWAY

Windbreak Evergreens

AUSTRIAN PINE—A rapid grower and adapts itself to a wide variety of conditions. Grows to a height of 50 to 60 ft.

BLACK HILLS SPRUCE—One of the most popular and widely used evergreens as will stand more cold and drought than any other variety. Grows very dense and shapely.

NORWAY SPRUCE—A widely used windbreak evergreen, makes a rapid growth and is very hardy. Compact growth and branches well from the ground up.

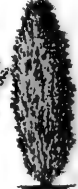

AM. ASH

CHINESE ELM

AMERICAN ELM

LOMBARDY

Shelterbelt and Windbreak Trees

These trees will grow to a height of 15 to 20 ft. in a few years, they will not only provide shelter and protection but will also increase the value of your property far more than their cost. When setting out trees they should be staggered in the rows so as to more effectively check the wind and snow.

AMERICAN ASH—A very hardy, rugged and easily transplanted tree. Grows very rapidly and makes a well shaped tree without any trimming.

AMERICAN ELM—A beautiful and majestic tree for lawn, park or windbreak. Very popular and widely used as it is long-lived, hardy and graceful in shape.

CHINESE ELM—One of our fastest growing trees, sometimes making a growth of 4 to 6 ft. in a single season. A graceful, hardy, quick-growing tree that can stand excessive heat, drought and bitter cold.

LOMBARDY POPLAR—A hardy, quick growing, upright or slender tree that will grow to a height of 15 to 20 ft. in a few years.

GOLDEN WILLOW—Does best in moist soils but will make a good growth under any normal conditions. The colorful golden branches add to the beauty of your landscape.

SMALL TREES BEST—Small trees are very reasonable in price, cost less to ship and start much better than larger ones.

DELIVERY—Only a small charge is made for delivery of these trees and hedges by parcel post. See page 36.

You can now set out a windbreak or shelter belt at little expense by using the hardy, fast growing and reasonably priced material offered on this page. They will grow up in a few years and will add very much, to the beauty, comfort, and value of your farm.

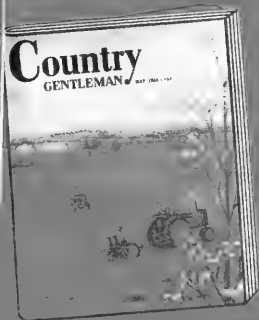

The shelter belt plan shown here is one that is widely used but may be changed to suit your conditions.

Row 1 and 2—These are known as "snow catchers" for which fast growing shrubs are used such as Honeysuckle, Russian Olive and Spiraea V.H. Set these rows 6 to 8 ft. apart and space bushes 3 to 4 ft. apart in the rows.

Row 3 and 5—For these use fast growing trees such as Golden Willow, Chinese Elm and Lombardy Poplar. Set these in rows 10 to 12 ft. apart and the trees 8 to 10 ft. apart in the rows.

Row 4 and 6—For these use the longer lived trees like American Ash and American Elm. Set the rows 14 to 16 ft. apart and space 12 to 14 ft. apart in the rows.

Row 7 to 10—For these use Evergreens such as Black Hills Spruce, Norway Spruce and Austrian Pine. Set in rows 18 to 20 ft. apart and space trees 12 to 14 ft. apart.

BLUE LEAF ARCTIC WILLOW

Blue Leaf Arctic Willow

The Best Dwarf Hardy Hedge

Very desirable for a dwarf, dense, compact hedge. Foliage is an unusual blue or gray-green color somewhat like a blue spruce. It is hardy in all parts of the U. S. and thrives in either wet or dry locations. Grows rapidly into a beautiful dense hedge up to 4 ft. high and can also be used for mixing with other shrubs. Plant 18 to 24 in. apart. 2-yr. field grown plants. Each 50c; 3 for \$1.35; 12 for \$4.00.

RUSSIAN OLIVE HEDGE

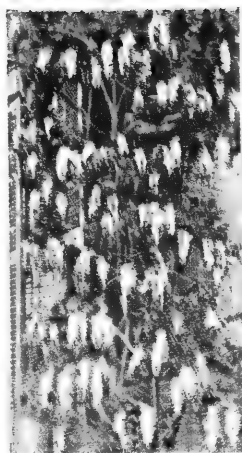

Hardy Russian Olive

RUSSIAN OLIVE TREE

We have a limited supply of nice 2 to 3 ft. trees which we offer while they last. Each 80c; 3 for \$2.25.

We know of no other tree or shrub that will endure as much heat, drought or severe cold as the Russian Olive. It may be grown as a tree, mixed with tall shrubs or as a hedge or windbreak. The silver gray foliage makes a wonderful appearance during the entire season and is especially attractive when mixed with other shrubs or among evergreens. When grown as a tree it will grow 20 to 25 ft. tall and they should be set 15 to 20 ft. apart. As a shrub it will grow 8 to 10 ft. tall in a few years and should be set 3 to 4 ft. apart. Select 2-yr. hedge plants: Each 50c; 3 for \$1.35; 12 for \$4.75.

WISTERIA

SILVER LACE VINE

TRUMPET VINE

Hardy Climbers

Silver Lace Vine

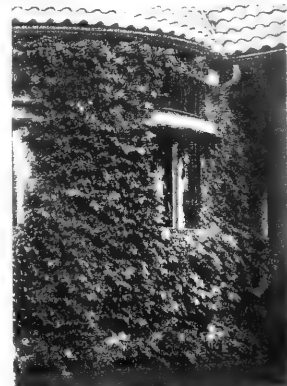

This is the newest and most fascinating hardy vine and has proved highly satisfactory wherever it was planted. It is perfectly hardy, very fast growing and will cover a lattice, trellis, arbor or porch and provide both shade and beauty with its wealth of fine blossoms. It is provided with fine plentiful foliage and during August and September the vines are a fleecy cloud of bloom of white color. Select 2-yr. plants. Each 60c; 3 for \$1.65.

Trumpet Vine

A vigorous growing, hardy vine, well supplied with heavy fern-like foliage and remains in bloom all summer. The large trumpet-shaped flowers of orange scarlet are borne in clusters at the tips of the branches and bend the branches gently with their weight. Strong plants. Each 60c; 3 for \$1.60.

Wisteria

HARDY PURPLE - A rapid growing vine unsurpassed for beauty, excellent for pergolas, porches, or trellises as it has a tightly clinging habit. It is very hardy and lives to a great age. They are especially ornamental in the early summer when the vines are covered with the large drooping blossoms. Strong 2-yr. old plants. Each 60c; 3 for \$1.50;

ENGELMAN'S IVY

Engelman's Ivy

A very desirable variety as it is much hardier than Boston Ivy, withstanding heat and severe cold much better. It is a type of ivy which has been long wanted as it has shorter joints and handsome foliage and is well supplied with tendrils that cling to the wall very tight. Foliage colors up beautifully in the fall. Each 50c; 3 for \$1.35; 12 for \$4.25.

EVERBLOOMING HONEYSUCKLE

Scarlet Beauty Honeysuckle

Our Best Hardy Climber

Very Hardy. Blooms from June to October. Will bloom Same Year Planted. No Insects or Disease.

We consider this to be one of our very best hardy climbers, also never bothered by insects or disease. Early in June the large fragrant flowers cover the vines and are then produced until late in the fall. If you wish a hardy and beautiful vine that will not disappoint you let it be Scarlet Beauty. Select plants that will bloom this year. Each 70c; 3 for \$2.00.

Mrs. J. Manning, Ohio—*Just received my order and am very much pleased with the bulbs and plants.*

Beautiful Flowering Trees

Almey Flowering Crab

One of the most beautiful and dazzling flowering trees, like a ball of fire when in full bloom. Very hardy and comes into flower early, sometimes will bloom the same year if set out early. Will attain its normal height of 10 to 12 ft. in only a few years after planting. Select 2-3 ft. trees.

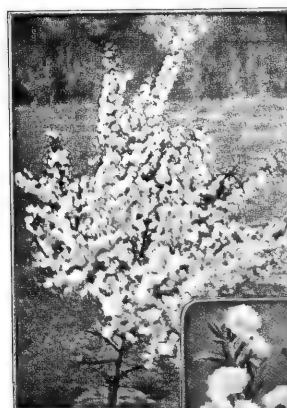

Each \$1.20; 3 for \$3.40.

The Glorious Hopa Crab

Probably the most beautiful of the flowering crabs and is very hardy. It develops into a medium sized graceful tree and is an ornament wherever planted. When in full bloom the trees are covered with the deep rose colored blossoms which remain for quite a few days. Strong 2-3 ft. trees. Each 80c; 3 for \$2.25.

Please Note

We cannot fill orders for plants or shrubs unless orders amount to \$2.00 or more.

CHINA ROSE TREE

China Rose Tree

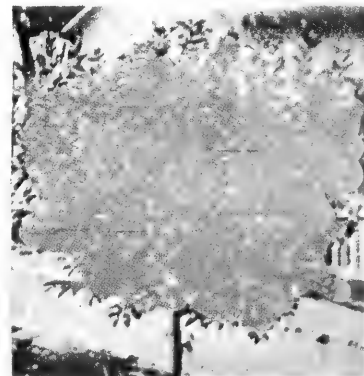

A very hardy, handsome ornamental tree that grows to a height of 6 to 8 ft. and is ideal for planting on a lawn as a specimen or in the rear of a shrub planting. It a wealth of double delicate pink flowers very much like roses. Comes into bloom very early even before the leaves appear. Strong 2 to 3 ft. trees. Each 95c; 3 for \$2.65.

SPECIAL OFFER NO. 87

One sturdy 2-3 ft. plant of each of the above Five Flowering Ornamental Trees for \$4.00, postpaid.

Red Leaved Plum

This may be classed as one of the best red leaved shrubs, especially fine for planting among other shrubs as the deep red foliage shows up in contrast. If kept cut back new shoots will form on which the foliage is always the brightest, is very hardy and will grow 6 to 8 ft. tall. Strong 2-3 ft. plants. Each 85c; 3 for \$2.40.

RED LEAVED PLUM

May Day Tree

A flowering tree of superb beauty useful for either the lawn or boulevard as it will grow to good size, 20-25 ft., and is perfectly hardy. Early in the spring the profusion of fragrant white flowers makes the trees a massive bouquet of loveliness. One of the first trees to leaf out in the spring. Select 2-3 ft. trees. Each 85c; 3 for \$2.35.

MAY DAY TREE

Mrs. W. Reynolds, Marquette, Mich. — *Have been planting your shrubs for some years find them very hardy. The China Rose Tree is a most beautiful sight when in bloom.*

Mrs. E. V. Stone, Vt. — *The May Day Tree from you is a beauty.*

HOPA CRAB

Hybrid Tea Roses

To meet a growing demand we are now offering a select list of especially fine hybrid roses. These are all strong 2-yr. field grown plants that will commence to bloom early in the summer and will continue to produce flowers until frost. Detailed instructions on how they should be planted and cared for will be sent with each order.

The Famous Rose "PEACE"

Vigorous Grower. Profuse Bloomer. Blooms All Summer.

(Plant Patent No. 591)

One of our most beautiful and probably the most popular of all Roses. Grows a strong vigorous bush and produces the exquisite blooms throughout the season. Blooms are of large size, very double, they open up a glowing yellow and turn to creamy white and each petal is edged with a light pink. The size and beauty of the flowers and the profusion in which they are produced will give you unbounded satisfaction. Select No. 1 field-grown bushes: Each \$2.50; 3 for \$6.50.

NEW ROSE "PEACE"

Mrs. L. A. Novak, Wis.—Received my Roses and certainly am well pleased with them.

W. J. Squire, Mont.—The Hansa Rose you sent us blooms all summer and is much admired.

PRES. HOOVER

4—BRIARCLIFF—A very popular rose, large silvery pink blooms of superb beauty. The long pointed buds expand to mammoth flowers which are very fragrant.

3—K. A. VICTORIA—One of the best and also most profuse flowering white tea roses. The exquisite blooms are soft pearly white, very double, delightfully fragrant and beautifully formed.

PRES. HOOVER—One of the better two-toned roses being a fine combination of rich red and orange. Beautifully formed blooms are freely produced on vigorous, upright bushes.

2—R. MALLERIN—A grand red rose that does not fade. Buds of brilliant red open into 3 1/2 in. flowers which are very double and highly fragrant. A vigorous grower and profuse bloomer.

1—S. THERESA—One of the best yellow roses. Flowers are very fragrant, color bright yellow with some of the petals edged with carmine. Grows a healthy, vigorous, free flowering bush.

PRICE OF ABOVE ROSES—Select 2-yr. field grown plants: Each 95c; 3 for \$2.75; 6 for \$5.25.

ROSE OFFER NO. 1

One select 2-yr. plant of each of the above 5 Hybrid Roses for \$4.45.

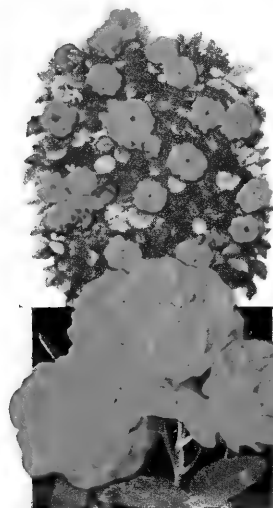

Du Pont Floral Dust

Keep your Roses, Hardy Phlox and all other garden plants free from insects, blight, mildew, black spot, etc., by using DuPont Floral Dust. To keep your plants free from insects and disease make the first application early and then spray or dust every 7 to 14 days. May be applied either as dust or spray, full instruction on every container. 8 oz. (filled) Dust; Gun 35c; 1 lb. can \$1.20; 3 lb. sack \$2.95.

Mrs. Oakley Kohler, Minn.—The roses, Mallerin and Theresa, grew wonderful and blossomed two months after we received them. They are all budded and again ready to bloom.

Please Notice

When comparing prices please bear in mind that we sell only 2-yr. strong field grown Rose Bushes. We do not offer small 1-yr. grafts such as are often offered at low prices.

FLORADORA

FLORIBUNDA ROSES

These superb dwarf bush Roses produce their exquisite blooms in clusters and are a mass of flowers from early summer until fall. Being of dwarf growth they can be used for beds, borders, among evergreens or as a hedge.

FLORADORA—A rare beauty. Buds are exquisitely formed, very double and of a bright cherry-red color; foliage is a glossy olive green.

DAGMAR SPATH—Pure white double flowers produced in great abundance on vigorous bushes.

S. CECILE BRUNNER—Bright pink on yellow base, a real beauty. Profuse bloomer, healthy vigorous grower.

PRICE OF ABOVE ROSES—Select 2-yr. field grown plants: Each 95c; 3 for \$2.80; 12 for \$10.75.

ROSE OFFER NO. 2

One select 2 yr. plant of each of the above Floribunda Roses for \$2.75; 3 of each for \$8.00.

GOLDEN ROSE OF CHINA

HARDY RUGOSA ROSES

These roses are very hardy and can be grown in any part of the U. S. They were produced by crossing the hardy Rugosa Rose with some of the best double overblooming varieties. They have perfectly double flowers, bloom at frequent intervals throughout the season and are highly fragrant. They are absolutely hardy and are not susceptible to many diseases and insects that attack other roses.

Hugonis or Golden Rose of China

A wonderful new rose from China that is perfectly hardy and very showy even when not in blossom as the foliage is very fine or fernlike, deep green and very glossy. Very useful for planting with other shrubs or for show plants when planted singly. The bushes grow 4 to 5 ft. tall and when in full bloom are a mound of glistening gold, the branches drooping gracefully with a mass of blossoms. The long densely flowered branches may be cut for table bouquets without detriment to the bushes as the new growth produces the flowers. Strong 2-yr. plants: Each 75c; 3 for \$2.10; doz. \$7.50.

BELLE POITEVIN—Grows a strong, vigorous bush and branches freely, every tip laden with large double flowers of a live, clear pink color. Buds are long and have an exquisite perfume. Strong plants: 75c; 3 for \$2.00; 12 for \$7.90.

HANSA—One of the finest of the hardy Rugosa Roses, growing a strong healthy bush that bears the large handsome flowers in great profusion. Flowers are large, very full and double and a rich maroon red in color. A bush of these roses is a grand sight when in bud or bloom. Strong plants. Each 75c; 3 for \$2.10; 12 for \$7.50.

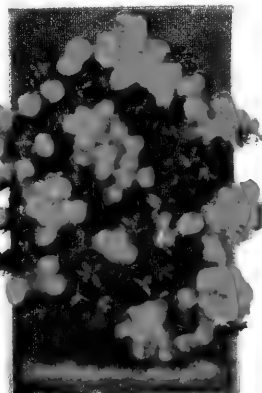

CLIMBING ROSE

"Red Dorothy Perkins"

A splendid new climbing rose remarkable for its brilliant fiery red flowers and the great masses of blossoms that are produced in clusters of 6 to 8 flowers each. The flowers are very double and much larger in size than the ordinary Rambler Roses. The vines are vigorous growers, leaves glossy and deep green and are practically immune from disease and insect attacks. Select 2-yr. plants: Each 75c; 3 for \$2.10.

RED DOROTHY PERKINS

GROOTENDORST

DWARF RAMBLER ROSE "F. J. GROOT-ENDORST"—A cross between Rugosa and Baby Rambler that blossoms profusely from early summer until fall. It forms a stocky bush, 2 to 3 ft. tall on which the blossoms are borne in clusters resembling bouquets of red carnations. Flowers are bright red. The finest rose for a hedge or massing with other shrubs as it is both hardy and ever-blooming. Select plants: Each 95c; 3 for \$2.75; 12 for \$10.50.

HARRISON'S YELLOW—One of the hardest yellow Roses. When in full bloom the plant is simply a mass of gold. Foliage is fern-like and very attractive. Strong 2-yr. plants. Each 90c.

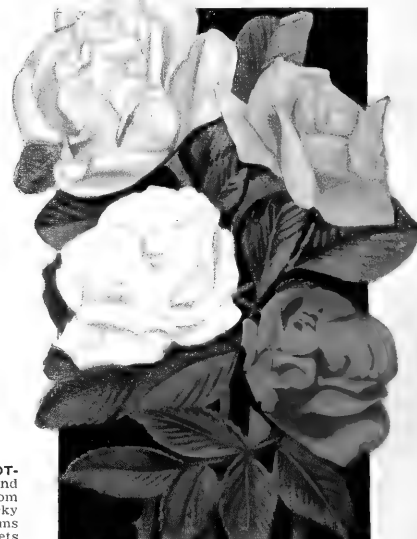

SIR THOMAS LIPTON—A rare white Rugosa Rose. Flowers are very double and borne in profusion throughout the season. A beautiful fragrant rose. Strong 2-yr. plants: Each 80c; 3 for \$2.25; 12 for \$8.25.

"Skyrocket"

A hardy Rugosa Rose and one of the most profuse bloomers, plants set out in the spring are often completely covered with flowers in 6 to 8 weeks after planting. Flowers are produced in large clusters, especially beautiful when in bud as they are long and pointed, later opening into beautiful flowers. By keeping the plants lightly pruned they will flower all summer. Select 2-yr. field grown plants: Each 95c; 3 for \$2.75; 6 for \$5.50.

BELLE POITEVIN

HARRISON'S YELLOW

SIR THOS. LIPTON

HANSA

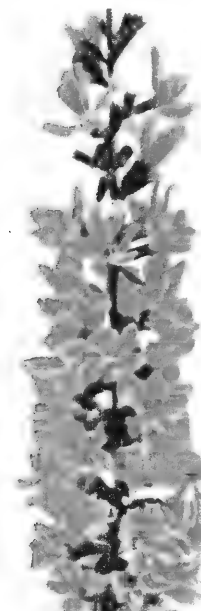

SKYROCKET

DICTAMNUS or GAS PLANT

Dictamnus or Gas Plant

A very showy hardy plant that will deserve a place in every flower garden. It grows to a height of about 2½ ft. and is well supplied with attractive fragrant foliage. During June and July the showy spikes of heavily scented flowers are borne in great profusion. Should be planted in heavy soil and a sunny position. We can supply either pink or white; mention color wanted on order. Select field grown plants. Each 35c; 3 for \$1.00.

LYTHRUM

Astilbe Fanal

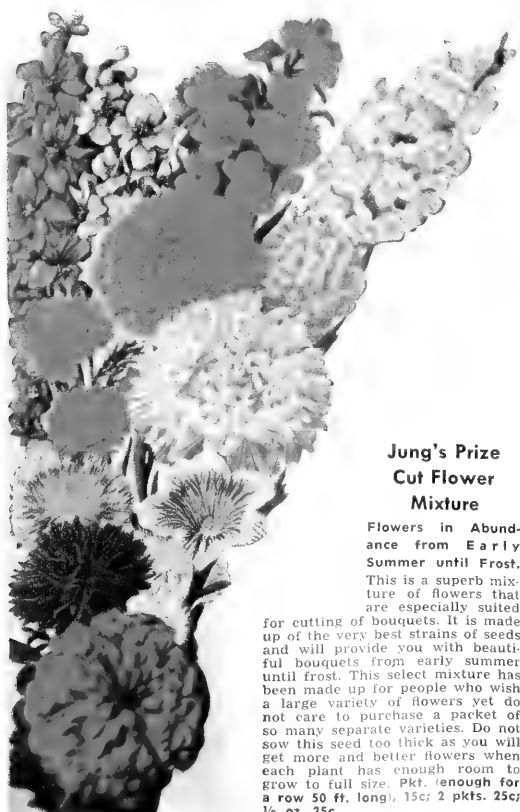

Hardy, easily grown border plant that does best if given plenty moisture and planted in good rich soil. Will reward you many times for good care with its abundance of exquisite feathery sprays of deep red flowers. Grows to a height of 12 to 15 in. and the flower spikes tower well above the foliage. The rich, deep red flowers contrast delightfully with the dark green fern-like foliage. Grows in either sun or partial shade. Each 50c; 3 for \$1.25; 12 for \$4.50.

ASTILBE FANAL

Mordens Lythrum

Another grand hardy perennial that will delight all flower lovers. Very thrifty and vigorous and produces long spikes of closely set bright rose flowers. Especially fine for bouquets. Plants remain in flower for 6 to 8 weeks. Strong field grown blooming size plants. Each 45c; 3 for \$1.10.

Jung's Prize Cut Flower Mixture

Flowers in Abundance from Early Summer until Frost.

This is a superb mixture of flowers that are especially suited for cutting of bouquets. It is made up of the very best strains of seeds and will provide you with beautiful bouquets from early summer until frost. This select mixture has been made up for people who wish a large variety of flowers yet do not care to purchase a packet of so many separate varieties. Do not sow this seed too thick as you will get more and better flowers when each plant has enough room to grow to full size. Pkt. (enough for a row 50 ft. long), 15c; 2 pkts. 25c; ½ oz. 35c.

BORDER QUEEN

MARY LOUISE

FIREBRAND

HARDY PHLOX

These may be classed as one of our best summer flowering perennials. They are very hardy, easy to grow and suitable for a wide variety of soils. All of our plants are strong field grown and not small rooted cuttings.

BORDER QUEEN—The best pure deep pink. Flower heads of mammoth size and a profuse bloomer. The best pink.

DAILY SKETCH—Immense flowers of light salmon pink with carmine eyes. No other hardy phlox produces florets so large.

FIREBRAND—Bright, vivid scarlet, large and showy. One of the best.

MARY LOUISE—Pure white, heads unusually large, individual flowers twice the size of most other whites. A good grower with clean foliage and prolific bloomer.

ROSY BLUE—This is the nearest blue. A good grower and especially attractive when planted with Mary Louise.

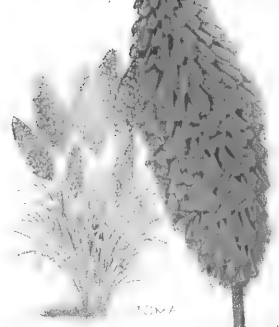

Any of the above: 35c each; 3 for \$1.00; doz. \$3.50.

TRITOMA

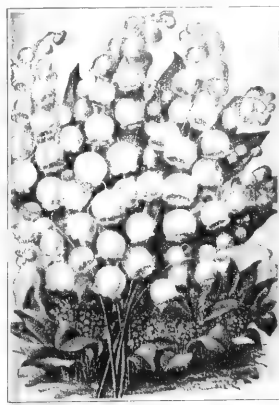

FEITZERI-RED HOT POKER—Strikingly handsome and showy plants surpassing all others in brilliancy of color which is a rich orange scarlet. They grow 2½ to 3 ft. tall and bloom from August to October. A fine plant for beds or borders and also well suited for cutting or bouquets as they last a week to ten days after cutting. Extra strong plants: 3 for 75c; 6 for \$1.35; doz. \$2.50; 100 for \$15.00.

Lily of the Valley

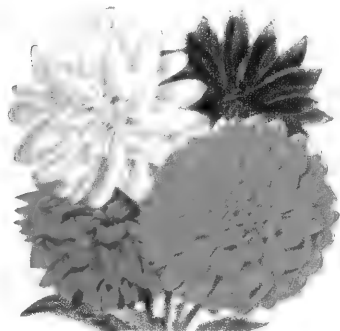

The Lily of the Valley is well known and will thrive and produce the handsome fragrant flowers during spring and early summer. It does unusually well in shaded places, especially on the north or east side of your house. The flowers are well suited for cutting; a bouquet will sweetly perfume any room. They are perfectly hardy and will bloom in 5 to 8 weeks after planting. 6 for 40c; 12 for 75c; 50 for \$3.00.

Miss Ida Wilt, Wis.—The seeds and plants you sent were wonderful, the Lythrum bloomed wonderfully.

LILY OF THE VALLEY

BEDDING DAHLIAS

DWARF or BEDDING DAHLIAS

These grand dwarf Dahlias are very desirable for either beds or borders. They will start blooming in 6 to 8 weeks after planting and will then be a mass of flowers until frost; a bed or row of these Dahlias are a grand sight when in flower. They grow 18 to 24 inches tall and branch very freely, bearing flowers on each branch, also excellent for bouquets. Flowers will be single, semi-double and double but all very beautiful. Select bulbs: 3 for 70c; 6 for \$1.35; 12 for \$2.50; 25 for \$5.00.

Jung's Deluxe Dahlias

It is a source of deep satisfaction to grow truly giant flowered dahlias in your garden. It is not difficult to do this if you plant some of the excellent varieties below and follow the simple instructions sent with each order. The dahlias listed below are outstanding kinds, not only are they of giant size and fine colors but they are also vigorous growers and free flowering.

KING MIDAS—One of the most popular and widely grown yellow Dahlias. Many flowers 10 in. in diameter and produced on strong heavy stems. Each 50c; 3 for \$1.25.

MRS. GEO. L. BOUTILLIER—One of best carmine red dahlias. A true giant as many flowers are 12 in. in diameter. Easy and vigorous grower, profuse bloomer. Each 45c; 3 for \$1.10.

ROSE GLORY—Rose pink flowers of large size and a very free bloomer. One of the best for landscape effect flowers 6 to 7 in. across. Each 40c; 3 for \$1.00.

SAGAMORE—Considered one of the best of the bronze or golden tan varieties. Its large shaggy blooms of copper and gold are very attractive. Each 40c; 3 for \$1.00.

THOS. EDISON—A grand and striking variety. Giant attractive flowers of deep royal purple. Will make a show in any garden. Each 50c; 3 for \$1.25.

WHITE WONDER—Pure white flowers 8 to 10 in. across are not uncommon. A beautiful flower with long curled petals. Each 45c; 3 for \$1.10.

SPECIAL DAHLIA OFFER

One select root of each of the above six grand Dahlias for \$2.25.

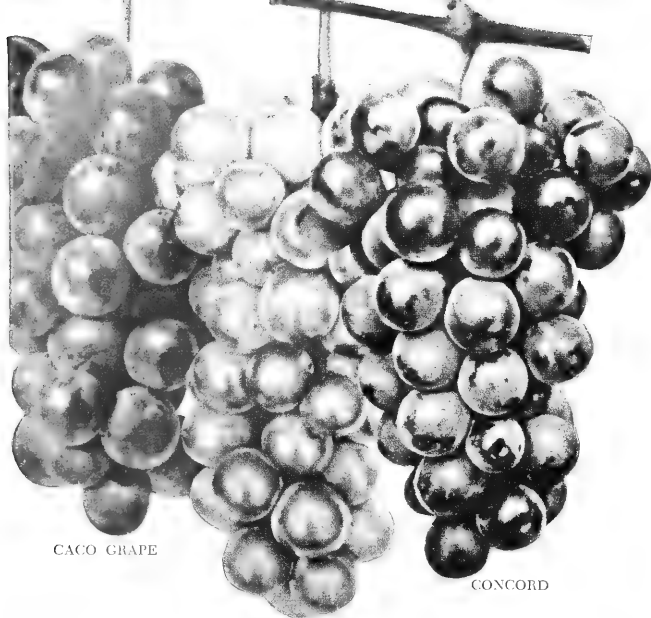

Fancy Mixed Dahlias

This is a select assortment of select Dahlias and will give you a grand assortment at a low price. The mixture is made up of extra good varieties and no two will be alike. Extra Select Bulbs: 3 for 85c; 6 for \$1.50; 12 for \$2.65.

1—MRS. GEO. BOUTILLIER
2—WHITE WONDER

3—ROSE GLORY
4 KING MIDAS

CACO GRAPE

CONCORD

NIAGARA

JUNG'S SELECT GRAPES

CACO — Considered as one of the best red Grapes and also very hardy. Fruit is rich, tender and juicy, rich flavored and of finest quality. Equally fine for eating fresh or to be used for jellies, juice or wine. **Strong 2-yr. plants:** Each 45c; 3 for \$1.25; 12 for \$4.25.

THE FAMOUS CONCORD GRAPE—Concord is the most popular grape. It is the one variety that is supreme for every purpose where Grapes are wanted. It grows on all soils, in all climates, is perfectly hardy and extremely productive. The bunches are large and compact, berries large, bluish black over-spread with bloom. Flavor rich and superb, sweet and juicy. Fruit is produced annually in great abundance. **Strong 2-yr. plants.** Each 35c; 3 for \$1.00; doz. \$3.50.

NIAGARA Occupies the same position among white grapes as Concord does among the black. Produces fine bunches of large white berries of yellowish white color. Tangy, muscatine flavor and excellent for all purposes. **Strong 2-yr. plants.** Each: 40c; 3 for \$1.10; 12 for \$4.00.

SPECIAL GRAPE OFFER

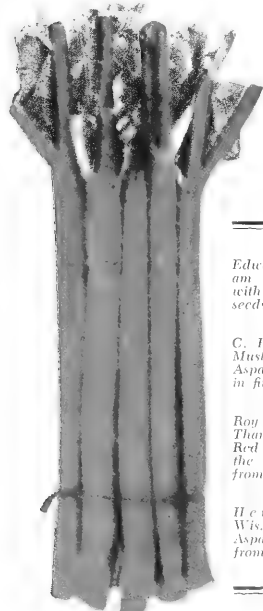

One select plant of each of these 3 fine Grapes for \$1.10; 3 of each for \$3.00.

WASHINGTON ASPARAGUS

GIANT WASHINGTON ASPARAGUS

This new Asparagus has taken the country by storm as it is rust-proof and produces big stalks and large crops. This variety is the result of many years work by the U.S. Dept. of Agriculture and fortunate indeed is the gardener who will get started with it as it will surely displace all other varieties. The stalks grow to a very large size, yet they remain so crisp and tender that they may be eaten raw. We have some extra heavy 1-year roots this year, these will start easier and give even better results than many 2-yr. plants. **25 for 95c; 50 for \$1.75; 100 for \$3.40.**

PIE PLANT

"CANADA RED"

Pie Plant or Rhubarb

Pie plants should be in every garden as they are the first plant in the spring to produce material for pies, sauce and canning. This grand variety produces large stalks that are dark red clear to the heart, makes sauces as red as strawberry jam, very sweet so does not require as much sugar as ordinary kinds. **Strong divisions.** Each 60c; 3 for \$1.35; doz. \$4.50.

Edward Andres, Wis.—I am sure well pleased with the shrubs and seeds from you.

C. Harold Marks, Pa.—Must tell you that the Asparagus roots arrived in fine condition.

Roy Chawler, Ind. — Thanks for the Canada Red Rhubarb, they are the nicest plants I had from any nursery.

Henry Speerbrecher, Wis.—Have the finest Asparagus beds grown from your roots.

TOPCROP

Green Pod Bush Bean

All America Gold Medal Winner. Superb Quality. Heavy Yielder. A new bush bean developed by the U. S. Dept. of Agriculture, that combines high disease resistance, excellent quality and large yields. Bushes are vigorous, 15 to 18 inches high and set a heavy crop of pods. Pods 6 to 7 in. long, round, straight meaty and free from string and fibre. Considered one of the best beans for canning, freezing or table use. **Pkt. 12c; 1/2 pt. 35c; pt. 55c; qt. \$1.00.**

TOPCROP BUSH BEANS

How to Grow Vegetables & Flowers

We not only wish to sell you the best seeds obtainable but we also want to help you have good results from the seeds. We have prepared a booklet of detailed instructions on how to grow the finest vegetables and most beautiful flowers. You may have a copy of this booklet free with your order if requested on your order.

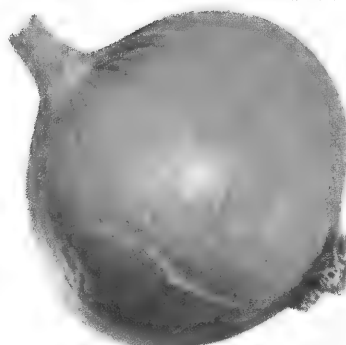

Iroquois Musk Melon

(Jung's Special Strain)

Superb Quality. Heavy Yielder.

Vigorous in Growth. Handsome in Appearance.

An outstanding cantaloupe or muskmelon for either the home garden or market growers. Our improved strain combines resistance to disease with highest quality, and heavy yields. Melons grow 7 in. long, 6 in. in diameter, well defined ribs and good heavy netting; rind hard; flesh rich salmon, thick and deep, fine grained, of excellent quality and flavor. Very small seed cavity. **Jung's Special Select Seed.** **Pkt. 12c; oz. 35c; 1/2 lb. 95c; 1 lb. \$2.65; 5 lbs. \$12.50.**

AUTUMN GLORY ONION

"AUTUMN GLORY"

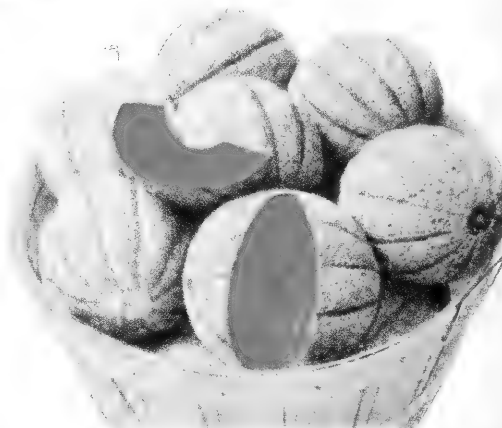

Hybrid Onion

Large Size. Handsome Appearance. Excellent Keeper.

Compared to ordinary standard onions, you will find that this Hybrid Onion will mature 8 to 10 days earlier, bulbs will be larger and more uniform in size and will keep until late spring. The bulbs are globe-shaped, 2 1/2 to 3 in. in diameter and the entire crop will be uniform in size, shape and color. Outer skin is heavy and a deep golden tan color; flesh white, very solid and of top quality. A very profitable onion to grow for market as well as the home garden. **Pkt. 20c; 1/2 oz. 65c; oz. \$1.20; 1/4 lb. \$3.25; 1 lb. \$9.85.**

Autumn Glory Hybrid Sets

Now for the first time you can obtain sets of these superb long keeping and high quality Hybrid Onions. By planting these sets you can grow onions in your own garden of extra large size which will be uniform in shape and appearance and will keep until late spring. Only a limited quantity available so advise early orders. **Qt. 75c; 4 qts. \$2.85.**

IROQUOIS MUSKMELONS

Earliest Garden Collection

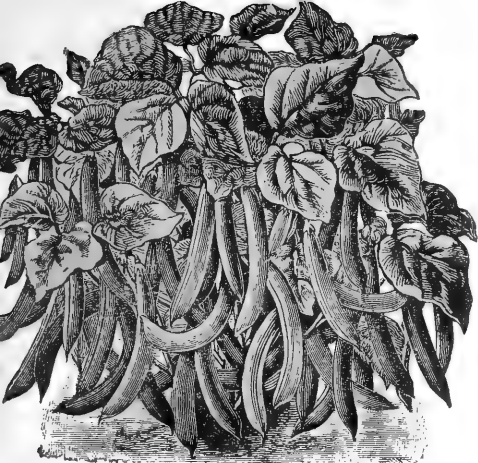

14 Big Packets of the Earliest Vegetables for \$1.25

If you wish to have things in your garden very early, far ahead of your neighbors, plant this special collection. It is made up of our very earliest varieties of Northern Grown Seeds which are unexcelled for earliness, hardiness and productiveness. This collection contains 14 full size packets as follows:

BEANS—Brittle Wax
BEANS—Giant Stringless
BEET—Early Wonder
CABBAGE—Golden Acre
CARROTS—First of All
CUCUMBER—Earliest of All
SWEET CORN—Wis. 800

LETTUCE—Best of All
ONION—Ea. Yellow Globe
4 oz. PEAS—Little Marvel
RADISH—Jung's Rapid Red
PUMPKIN—Bush Pie
SQUASH—Bush Table Queen
TOMATO—Early Scarlet

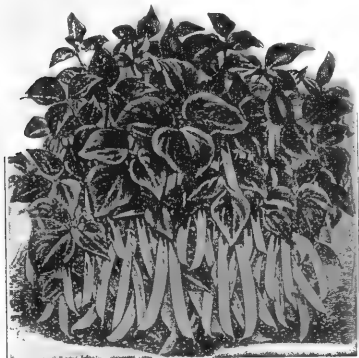

If bought at regular catalog price the above would cost \$1.40 but as a special offer we will send the above 14 full packets of Earliest Seeds for \$1.25. Booklet of Culture Instructions free with each collection.

GIANT TENDERGREEN

Giant Tendergreen Bush Bean

A new green podded bush bean, very productive. Absolutely stringless and bears heavy crops of the long handsome pods that are more tender and brittle than any other variety. The pods are 5 to 6 in. long, round and thick, very meaty, stringless, and of finest flavor. Bushes are unusually strong and vigorous. This variety easily ranks as the most desirable green bush bean. Pkt. 10c; 1/2 pt. 35c; pt. 50c; qt. 95c.

PENCIL POD WAX

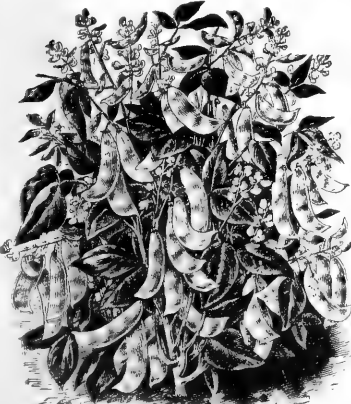

EVERGREEN BUSH LIMA

BUSH LIMA BEANS

EVERGREEN BUSH LIMA—The earliest of all Lima Beans. By planting this variety gardeners in the northern States can enjoy Limas from their own gardens. It is at least two weeks earlier than any of the climbing Limas and can be had ready for use by July 20, from then until frost they will yield enormous crops of pods. Bushes grow about 18 inches high and require no stakes; so productive that a small patch will keep a family supplied throughout the season. Pkt. 8c; 1/2 pt. 35c; pt. 50c; qt. 95c.

FORDHOOK BUSH LIMA No. 242—This new strain has all of the good qualities of the old variety and in addition is much more productive. Each pod contains 3 to 5 closely packed beans of superb quality. Of true bush type, the plants grow 16 to 20 in. tall, very sturdy and bear an abundant crop of the well filled pod. Pkt. 10c; 1/2 pt. 35c; pt. 50c; qt. 95c.

WONDER BUSH LIMA

WONDER BUSH LIMA—A great improvement on Burpee's Bush Lima as it is earlier and more productive; the pods are borne much to the center of the plant. This is a great advantage as the pods are held up from the ground. The bushes grow 18 to 24 inches tall and require no stakes or poles. Pods are truly mammoth in size and are borne in clusters of from 5 to 8 pods and contain from 4 to 6 of the large luscious beans. There is nothing quite so delicious in the vegetable line as nice fresh Lima Beans. Pkt. 10c; 1/2 pt. 35c; pt. 50c; qt. 95c.

Mrs. Lucy Carpenter, No. Car.—I have planted your seed for the past eight years. I want no other. They germinate better and produce more fruit per plant than any seed I ever used.

Jung's Quality Garden Seeds

In the following pages you will find a complete but select list of both new and standard garden seeds, varieties that have been carefully tried out and which we can fully recommend. All of these seeds have been grown from carefully selected stocks and every care used to see that they are pure and of high germination. With us "QUALITY" is always the first consideration and when you compare our prices with other firms you will find them very reasonable. Always remember that from good seeds only can good crops be grown.

GIANT STRINGLESS GREEN POD

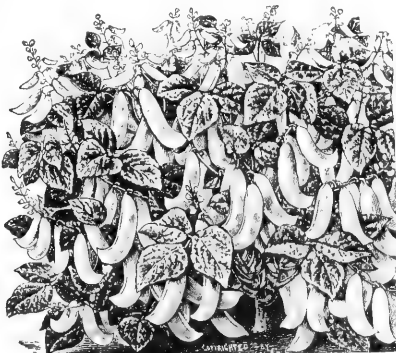

GIANT STRINGLESS GREEN POD—Here is an absolutely stringless, giant podded bush bean. It combines extreme earliness, unusual hardness, and great productiveness. The handsome pods are 6 to 7 inches long, very brittle and stringless even when fully matured, deep green in color and of the finest quality. One of the best varieties for either market or the home garden. Pkt. 8c; 1/2 pt. 30c; pt. 50c; qt. 90c.

Pencil Pod Wax

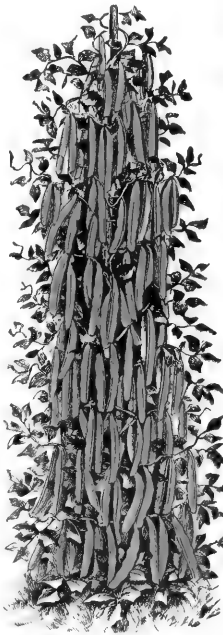

We consider this one of the best Wax Beans yet introduced. It is very productive and of most excellent flavor. The pods are long, straight and round like a pencil, fleshy and of a bright yellow color; tender, brittle and absolutely stringless. The plants are of true bush growth, 15 in. high with abundant foliage. The magnificent pods are from 5 to 7 inches long. Pkt. 10c; 1/2 pt. 35c; pt. 50c; qt. 95c.

It will pay you to inoculate your Beans with Dickinson's Inoculation. Your plants will grow stronger and bear more. See Page 2.

Henry P. Saartz, Va. — The GiantStringless Green Pod Beans are the tenderest and most prolific I have grown in 45 years of gardening.

FORDHOOK LIMA NO. 242

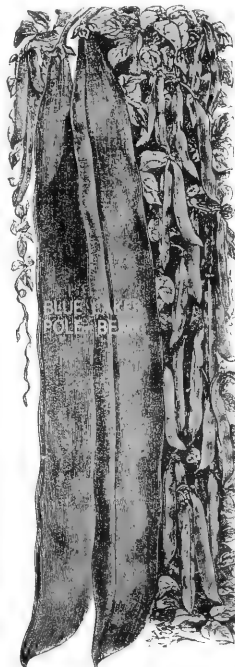

KENTUCKY WONDER WAX

Puregold Wax

Vigorous Plants. Tender and Stringless Pods.

A new bush bean that combines vigor, yield and quality. The bushes grow 18 to 24 in. tall are covered with heavy foliage and bear a tremendous crop of round meaty pods. Pods are 5 1/2 to 6 in. long, a deep golden color, tender, stringless and of excellent flavor. In season it comes on when the earliest varieties are through bearing. A superb variety for freezing as the pods are fleshy, stringless and free from fibre. Pkt. 12c; 1/2 pt. 35c; pt. 60c; qt. \$1.00.

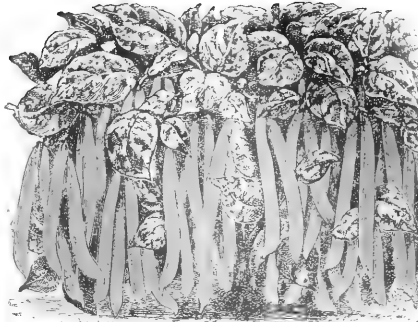

BLUE LAKES

POLE BEANS

BLUE LAKES — A great improvement over the old Kentucky Wonder as it is stringless, ready to use earlier and bears a tremendous crop. Pods 6 to 7 in. long, round, stringless, bright dark green and very fleshy. Until you have tasted some of these superb beans you do not know how truly delicious beans can be. A superb bean for freezing or canning. Pkt. 10c; 1/2 pt. 30c; pt. 50c; qt. 95c.

KENTUCKY WONDER WAX—The merits of the old Kentucky Wonder Pole Bean are well known. This variety has all its superb qualities with the addition of a beautiful transparent yellow pod. It is a rampant grower, one plant filling a pole with vines densely loaded with a solid mass of pods, being from 6 to 8 inches in length, exceedingly tender and very fleshy. The pods are so plump and fleshy that frequently they are of greater thickness than width. Deliciously rich and buttery when cooked. Pkt. 12c; 1/2 pt. 35c; pt. 55c; qt. \$1.00.

FAIRFIELD WONDER WAX

Fairfield Wonder Wax

Without a Doubt the Finest Wax Bean Ever Introduced. It is with pleasure that we offer our customers this grand new Butter Bean, as we are sure it will please the most critical planters. This bean originated on our Fairfield Farm and is by far the finest wax bush bean we have ever seen. The plants are unusually vigorous and free from disease. They grow from 15 to 20 inches high, have large foliage and bear an immense load of pods which are from 6 to 9 inches long, 1/2 inch broad and have absolutely no strings whatever. The color is a rich lemon yellow. If you want the very best Butter Bean of them all try Jung's Fairfield Wonder Wax. Pkt. 12c; 1/2 pt. 35c; pt. 55c; qt. \$1.00.

PUREGOLD WAX

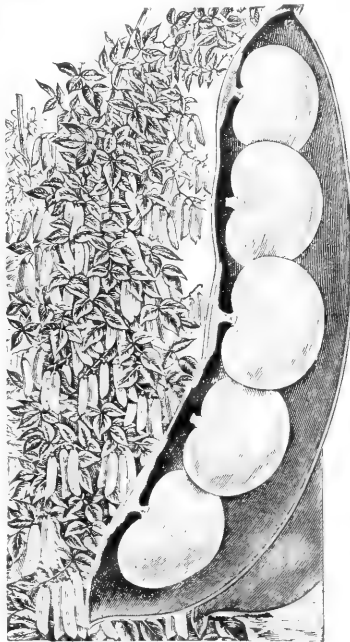

Special Bean Collection

If you wish a continuous supply of tender delicious beans for your table and also for freezing plant the following:

Giant Tendergreen Bush Bean
Puregold Wax Bush Bean
Blue Lakes Pole Bean

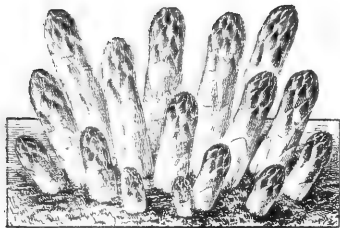

1 pkt. of each for 30c; 1/2 pt. of each for 95c;
1 pt. of each for \$1.50.

J. C. Hauser, Wis.—The Beans and Cucumbers you sent us were the best seed I ever planted.

HENDERSON'S LEVIATHAN

HENDERSON'S EARLY LEVIATHAN LIMA—This is the very earliest. It will not only give pods earlier than any other strain but it is also much more productive, both early and throughout the season. It is a strong grower, clinging up to the poles and is a sure cropper. The pods hang out from the foliage in large clusters and contain 3 to 5 large beans to a pod. It bears until frost. Pkt. 10c; 1/2 pt. 35c; pt. 50c; qt. 95c.

WASHINGTON ASPARAGUS

Giant Washington Asparagus

This new Asparagus has taken the country by storm as it is rust-proof and produces bigger stalks and larger crops than any other variety. This variety is the result of many years work by the U.S. Dept. of Agriculture and fortunate indeed is the gardener who will get started with it as it will surely displace all other varieties. The stalks grow to a very large size yet they remain so crisp and tender they may be eaten raw. Pkt. 8c; oz. 20c; 1/4 lb. 50c; lb. \$1.65. Extra Select Roots: 25 for 95c; 50 for \$1.75; 100 for \$3.40.

BRUSSELS SPROUTS

BRUSSELS SPROUTS

LONG ISLAND IMPROVED—The Sprouts resemble miniature cabbages growing closely on the stalk of the plant. They are more tender and delicious than any cabbage; hard frosts do not injure them and they are left in the garden until desired for cooking. Strip off the outer covering of the Sprouts and cook them whole. They are a delicacy not surpassed by the finest cauliflower. Pkt. 10c; 1/2 oz. 25c; oz. 45c.

BORECOLE or KALE

BORECOLE or KALE

DWARF CURLED—Useful for furnishing greens for boiling during the early fall, winter and spring months. The leaves are very curly, bright green, tender and delicate in flavor. The plants are hardy and the flavor is improved by freezing. Pkt. 8c; 1/2 oz. 15c; oz. 25c.

SUGAR BEETS

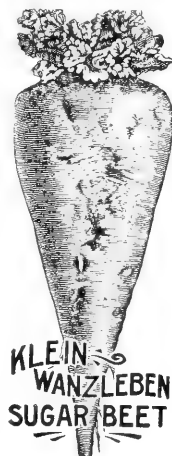

KLEIN WANZLEBEN—This Beet is the result of years of methodical and persevering selection. It gives better results than any other variety. It is extremely rich in sugar, thousands of analyses showing that the average percentage of sugar obtained from this variety is about 18 and its average yield may be stated to be 15 to 16 tons per acre, but crops of 25 to 40 tons per acre have been obtained off it. Flesh fine grained and very sweet. Pkt. 7c; oz. 12c; 1/4 lb. 35c; lb. \$1.10.

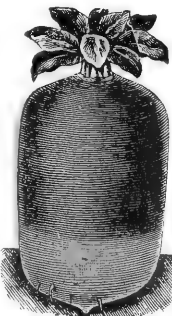

MANGELS

MAMMOTH LONG RED—The heaviest cropper. This mangel is enormously, wonderfully productive. The flesh is red, of very fine texture and quality, containing less water and more sugar than any other variety except it be the Half Long Sugar, making it the most nutritious and milk producing. Sheep and other stock thrive better when fed on it picking out pieces of it in preference to all others. Oz. 12c; 2 oz. 20c; 1/4 lb. 35c; lb. \$1.25.

GOLDEN TANKARD—A smooth yellow fleshed Mangel. Roots are of large diameter tapering quickly to the bottom which is quite broad with only a small tap root. It yields an enormous crop on good soil and can be closely grown in rows. No root crop is a better paying investment for farmers to grow than Mangels. Oz. 12c; 1/4 lb. 35c; lb. \$1.25.

KLEIN WANZLEBEN SUGAR BEET

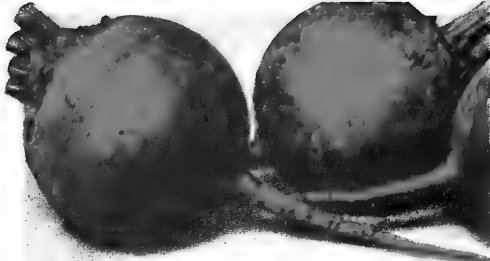

GOLDEN TANKARD

Cress or Pepper Grass

An annual, making a good salad. Leaves are finely cut and feathery like a good parsley. It is dwarf and compact in growth, crisp and refreshing. Pkt. 7c; oz. 20c.

PARCEL POST CHARGE

Owing to the higher parcel post rates now in effect it is necessary to make a postal charge of enough to cover this raise in rates. See detailed information on page 36.

EARLY WONDER

SELECT GARDEN BEETS

Early Wonder

This splendid variety is extremely early, of perfect globe shape and of finest quality. It is a fine selection of blood red beet, extremely smooth and of symmetrical growth, fine rich color and desirable shape. In quality and color it is peerless, very fine grained, tender and sweet, never woody or stringy. The tops are small, making it a good forcing variety. Pkt. 8c; 1/2 oz. 15c; oz. 25c; 1/4 lb. 60c.

SELECT DETROIT DARK RED

Select Detroit Dark Red Beet

This Beet is regarded as the standard of excellence and you will find Jung's Select Strain to be as fine a Beet as it is possible to grow. Many years of time have been spent in breeding and selecting this strain. The color is rich dark red, globe shaped and free from side roots and always smooth and uniform. Whether you grow for the home garden or market you will make no mistake in sowing this Beet. Pkt. 8c; oz. 20c; 1/4 lb. 50c; lb. \$1.50.

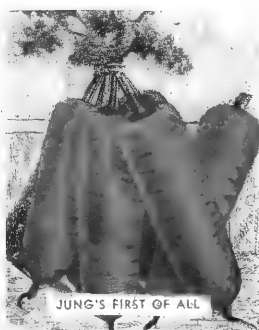

Fireball Beet

This early globe-shaped beet of excellent quality is especially esteemed on account of its dark red color, which extends entirely through the beet and without the light colored ring seen in some varieties. The medium sized beets are smooth and handsome and are now being largely used for canning as well as for the home garden or market. It retains its good quality even after it gets large. Matures in about 50 days. Pkt. 8c; oz. 20c; 1/4 lb. 45c; lb. \$1.50.

FIREBALL BEET

JUNG'S SELECT CARROTS

JUNG'S FIRST OF ALL

JUNG'S FIRST OF ALL

A remarkable handsome Carrot that is ready to use before any other variety. Roots grow 3 to 4 inches long and present a fine appearance when bunched for market. Flesh is deep orange colored, tender and sweet, fine grained and never coarse and woody. Does well in almost any kind of soil. Pkt. 8c; 1/2 oz. 15c; oz. 25c; 1/4 lb. 65c; lb. \$1.75.

RED CORED CHANTENAY—

A very desirable Carrot in every way. It is a great improvement over the well known Chantenay, especially in color, texture and quality of flesh. They grow very smooth, 5 1/4 to 6 inches long, 2 1/4 inches thick at the crown and being stump rooted they are easy to dig. Flesh is reddish orange colored, no light core, fine grained, sweet and tender and has a very delicate flavor. Its fine quality, beautiful appearance and heavy yield make this one of the best carrots for either home or market garden. Pkt. 8c; 1/2 oz. 15c; oz. 25c; 1/4 lb. 50c; lb. \$1.75.

RED CORED CHANTENAY

SELECT DANVERS HALF LONG—A magnificent carrot for general culture; indeed by many considered the best of all, it is very thick through, about 5 inches long, stump rooted, often attaining a weight of 5 pounds. Flesh is a rich orange in color, very tender and sweet. We recommend this variety for both home and market gardens, especially for hard stiff soils where longer varieties will not thrive. Pkt. 8c; 1/2 oz. 15c; oz. 25c; 1/4 lb. 50c; lb. \$1.75.

Field or Stock Carrot

LARGE WHITE BELGIAN—This is the largest yielding stock carrot grown. Nearly half its length is above the ground, making them very easy to harvest. Carrots are often 18 inches long and 4 to 5 inches in diameter. Yields of 15 tons per acre are nothing unusual. Excellent for either cows or horses. Pkt. 7c; oz. 20c; 1/4 lb. 45c; lb. \$1.60.

DANVERS HALF LONG

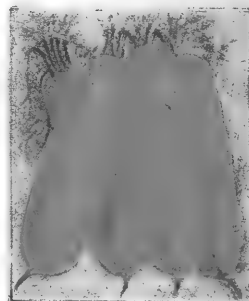

SNOWFLAKE or 1200 to 1

Snowflake or 1200 to 1 Field Beans

Ripens Early. Immense Yields. Handsome Appearance. Unequaled for Soups or Baking.

We again sent out many hundreds of packets of this wonderful bean the past season and are delighted to hear of the excellent results our customers are having with it. This is decidedly one of the best Pea Beans to grow either for market or home use both on account of its great yield and handsome appearance. Its cooking and baking qualities are unsurpassed. Vines are very healthy, dwarf or bushy in growth and bear an immense number of pods which are well filled with the pearly white beans. Get at least a pint of these wonderful beans and grow enough for your winter use. Pkt. 7c; 1/2 pt. 25c; pt. 40c; qt. 75c. Not prepaid. Pk. \$2.25; Bu. \$7.25; 5 bu. \$34.50.

CORELESS or EARLY MARKET

CORELESS or EARLY MARKET

A handsome half-long variety, the shape of which is well shown in the illustration. They average 6 in. in length by 1 1/2 in. in diameter and are ready for use quite early. The skin is very smooth and clean and of rich orange color. The flesh is of fine texture, free from all stringiness while the core is very small, having no pithy or woody fibre. Our sales of this grand Carrot are increasing every year. Pkt. 10c; 1/2 oz. 20c; oz. 30c; 1/4 lb. 80c; lb. \$2.50.

Mrs. H. Hochl, Pa.—Have had a wonderful garden from your seeds; people compliment me on my fine garden.

JERSEY QUEEN

DISEASE RESISTANT CABBAGE

The select strains of cabbage offered below are especially suited for sections infested with cabbage "yellows" where the regular strains will rot. You will find these varieties of superb quality.

EXTRA EARLY JERSEY QUEEN—A selection of the popular parent and in addition is resistant to "yellows", grows a compact plant and is sure to head. You will find this to be the best "resistant" pointed variety. Pkt. 10c; ½ oz. 20c; oz. 35c; ¼ lb. \$1.25.

MARION MARKET

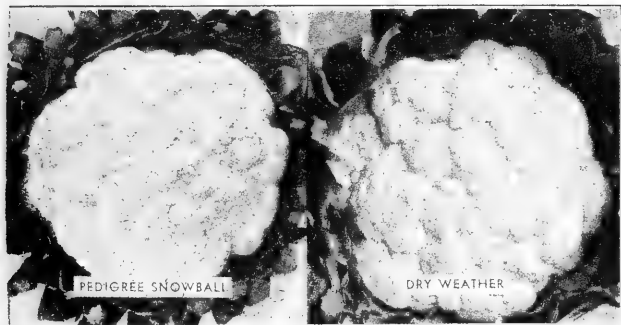

MARION MARKET—One of the most popular and widely grown "yellows" resistant, early round headed cabbage. May be classed as a very select Copenhagen Market as it is early and sure to produce large, round, solid heads. Pkt. 8c; ½ oz. 20c; oz. 35c; ¼ lb. \$1.25.

"WIS. BALLHEAD"—This variety has proved to be very resistant to the cabbage disease known as "yellows" which destroys the crop in many sections. A splendid variety for shipping as heads are solid as a rock, also an unusually good keeper. If you grow cabbage for shipping or want something that will keep through the winter, plant this variety. Pkt. 10c; ½ oz. 25c; oz. 45c; ¼ lb. \$1.50; lb. \$4.50.

RESISTANT GOLDEN ACRE — An extra fine extra early Cabbage that has all the good qualities of Golden Acre and in addition is resistant to "yellows" and for this reason can be successfully grown in sections where this disease will destroy other varieties. Plants grow very compact and can be set close together. The heads grow to good size, are round, very solid and uniform in size and shape. **Extra Select Seed:** Pkt. 10c; ½ oz. 25c; oz. 45c; ¼ lb. \$1.35.

WIS. BALLHEAD

PEDIGREE SNOWBALL

DRY WEATHER

Jung's Select Cauliflower

PEDIGREE EARLY SNOWBALL—For earliness and reliability to produce a head of good size and rich white curly appearance it is unexcelled. It forms snow white heads, 6 to 10 inches in diameter, of good quality. While originally recommended and used as an early variety, it has not only supplanted all other sorts for spring planting but it has largely driven out the large sorts for all use, being more certain to head when conditions are ordinarily favorable. The heads are so solid, compact and deep they will outweigh those of any other strain. There is a great difference in the strain of this variety but our stock is the very best. Pkt. 10c; ¼ oz. 45c; ½ oz. 75c; oz. \$1.60.

DRY WEATHER—Especially adapted to resist drought. Reaches perfection when ordinary sorts fail. Preeminently the best early variety for market gardeners in sections which are not especially adapted for cauliflower. Plants are of vigorous growth, producing heads of snowy whiteness and fine quality. It has heavy foliage and is not liable to rot in hot weather. It is in all respects a first class cauliflower but is particularly adapted to dry situations and to resisting the effect of drought. It also does well in wet or moist situations, producing heads equal to the best. Pkt. 15c; ¼ oz. 50c; ½ oz. 90c; oz. \$1.75.

Super Snowball Cauliflower

The Leading Early Cauliflower. Very Early. Sure to Head.

Growers wishing a Cauliflower that is early and sure to produce large, white, solid heads will find this variety to be all that can be desired. It is very early, plants make a compact growth with ample foliage, the inner leaves curve over the head and serve as a protection to the snowy-white heads. Pkt. 15c; ¼ oz. 60c; ½ oz. \$1.00; oz. \$1.80.

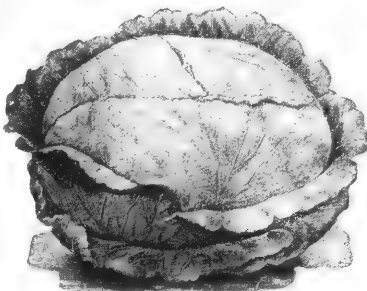

Walter S. Pennington, La.—Your Tomatoes and Cauliflower are excellent.

Jung's Select Cabbage

The cabbage seed we are offering was grown from selected stock and the heads were all carefully inspected before being set out. Our packets of Cabbage each contain enough seed to produce 500 plants.

Protect your Cabbage from worms, bugs and plant lice by using "Red Arrow" spray. See Page 2.

SELECT FLAT DUTCH

SELECT FLAT DUTCH

It makes a large round, firm head, uniform in shape and color which seldom rots or bursts. Sureness in heading and regularity in growth has made this one of the most popular standard sorts for winter keeping. The quality, either for slicing or kraut or for general table use is superb. It is a very fine strain of late cabbage and can be profitably grown anywhere in this country; it is a splendid sort for giving unbounded satisfaction. Pkt. 8c; ½ oz. 20c; oz. 35c; ¼ lb. \$1.00.

SELECT DANISH BALLHEAD

Select Danish Ballhead or Hollander

A Grand Hard Headed Cabbage

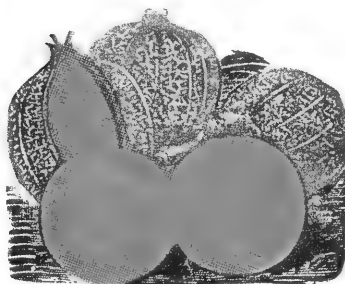

This type of winter cabbage has become very popular of late years on account of its **UNEQUALLED KEEPING QUALITIES** as well as for the great **SOLIDITY** and **WEIGHT** of the heads. It is strong and vigorous in growth and produces large, round compact heads exceedingly hard and solid, weighing when trimmed fully one-fourth more than any other cabbage of equal size. For boiling, slaw, sauer kraut, etc., it is unequalled, being crisp, tender and sweet. It seems to grow well withstanding hot, dry weather and does not rot from the effects of wet seasons. Pkt. 10c; ½ oz. 20c; oz. 35c; ¼ lb. \$1.25; lb. \$3.50.

PERFECTION SAVOY

RED DRUMHEAD

RED DRUMHEAD—This is the well known Standard Cabbage. Heads are of large size, slightly rounded and from 7 to 8 inches in diameter. A valuable variety for pickling; very sweet, tender and of excellent quality. Pkt. 8c; ½ oz. 20c; oz. 35c.

GROUND CHERRY

BROCCOLI

ITALIAN GREEN SPROUTING—One of the new vegetables that is rapidly gaining in popularity. It is grown the same as cabbage or cauliflower and is ready to use in about 90 days after sowing. When the main head is cut numerous sprouts develop along the main stalk which later form into smaller heads thus producing throughout the season. The heads should be cut before the flowers open and may be cooked like cauliflower or asparagus. The heads should have 3 to 5 inches of the branch or stem attached as this is fully as good as the head itself. Pkt. 8c; ½ oz. 25c; oz. 45c.

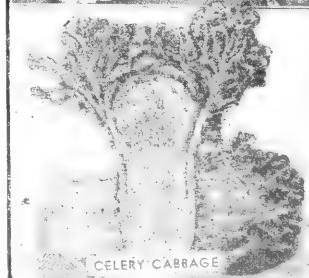

CELERY CABBAGE - Micheli

Until recently this new vegetable was unknown but as its good quality became known it is rapidly gaining popular favor. For best results the seed should be sown the latter part of July in rows 2 feet apart and thinned to stand 15 inches apart in the rows; then a most excellent vegetable can be grown. Develops quickly and as the weather gets colder it heads up nicely producing crisp celery-like stalks beautifully blanched. It can be eaten raw, made into salads or cooked as cabbage or greens. Pkt. 8c; ½ oz. 20c; oz. 35c.

A. V. Nelson, Wash.—Have had very good results from your seeds; have been planting them for 15 years and have yet to find any that are better.

BROCCOLI

CELERY CABBAGE

FAIRFIELD GIANT

Jung's Select Cucumbers

FAIRFIELD GIANT or LONGFELLOW—The vines make unusually vigorous growth and produce an enormous crop of handsome fruits. They are of a deep color and grow from 12 to 18 inches long being one of the handsomest cucumbers grown. When the fruits are from 6 to 8 inches in length, or just the right size for slicing, they are practically solid, there being hardly a trace of seed to be found. The pure white flesh is very firm, sweet and crisp and of the finest flavor. The fruits are very long and slim, which together with their deep green color will make them bring the top prices on all markets. Pkt. 10c; oz. 30c; ¼ lb. 80c; lb. \$2.50.

Improved Long Green

Deep Green Color Fine for Pickling or Slicing. This is one of the best and most popular standard varieties and you will find our stock to be a very fine strain. The cucumbers are a rich dark green, grow 12 to 16 inches in length and are of the highest table quality. Flesh is very firm and crisp. The young fruits are largely used for pickling and full sized cucumbers are especially fine for slicing and making sweet pickles when the fruits are ripe. Pkt. 8c; oz. 25c; ¼ lb. 75c; lb. \$2.25.

R. E. Stoll, Wis.—I like to buy my seeds and plants from you, they are so reliable.

AMERICAN CLIMBING

AMERICAN CLIMBING—A fine cucumber for small gardens as you can grow them on a trellis or fence; also an excellent variety to grow like other varieties. Comes into bearing quickly and is very prolific; as many as 40 fruits have been grown on a single vine. Full grown fruits will measure 12 to 16 in. long. Flesh is pure white, tender and of delicate flavor. When young the fruits make very attractive pickles. Pkt. 8c; oz. 20c; ¼ lb. 70c.

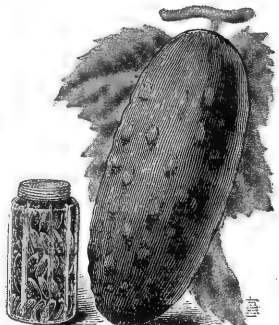

IMP. LONG GREEN

CHICAGO PICKLING

Chicago Pickling

Most Popular and Widely Grown Pickling Variety. The fact that it is used by most of the large pickling factories is the best proof of its leadership in its class. The vines are very vigorous growers and will produce a large number of fruit if kept gath-ered before they become too large. Skin is extremely thin, tender and free from toughness. Pkt. 8c; oz. 25c; ¼ lb. 65c; lb. \$2.10.

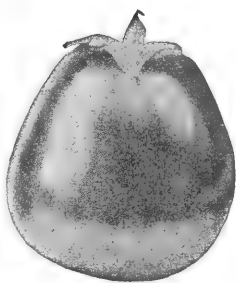

NATIONAL PICKLING

National Pickling

Rapidly gaining favor as a superb pickling variety. Grows healthy vigorous vine which bear an abundant crop. Fruits are rich dark green, straight, rather blunt at the ends and can be used either as small pickles or when larger for dills. Pkt. 10c; oz. 25c; ¼ lb. 70c; lb. \$2.25.

DILL

This herb is used in large quantities in the making of Dill Pickles also for flavoring vinegar. Pkt. 8c; oz. 25c.

EGG PLANT

Black Beauty Egg Plant

The earliest and best of all large fruited Egg Plants. It is an extra early variety with fruits of a beautiful jet color. The fruits set freely and develop quickly so that the crop can be gathered before there is any danger from frost. It is of dwarf growth and bears its fruits, which weigh from 1 to 3 pounds each, close to the stem. The calyx is entirely free from spines and thorns. The intensely brilliant coloring is uniform over the whole fruit. The plants usually bear 8 to 10 immense fruits before being killed by frost. Pkt. 10c; ½ oz. 35c; oz. 65c.

NEW COLORADO

NEW COLORADO—An excellent new cucumber which for dark green color, uniformity of size and handsome appearance should be placed at the head of the cucumber list. The vines are strong rampant growers and bear bountifully. Fruits are 10 to 12 in. long, straight and symmetrical and retain their deep green color for a long time. Will prove to be a money maker for either the home or market grower. Pkt. 10c; oz. 25c; ¼ lb. 80c; lb. \$2.50.

FIGHT CUCUMBER BUGS WITH RED ARROW
See Page 2

EARLIEST OF ALL

Earliest of All

By planting this variety you can have cucumbers ready to use when others are only in blossom. Not only is it extra early but it also produces fruit of fine quality and is very productive. Excellent for slicing or pickling and will continue in bearing a long time if fruits are kept picked. Pkt. 8c; oz. 25c; ¼ lb. 65c.

Luscious Tender Sweet Corn

Our stocks of Sweet Corn are mostly of our own growing and are of extra fancy quality and high germination. You will find that for earliness and sweetness our northern grown seed is way ahead of western grown seed. If you want to be the first on the market with Sweet Corn of quality, plant some of this seed. Our Sweet Corn is grown on our seed farms where Stewart's Disease or wilt is unknown.

Extra Early Golden Bantam

This variety is pronounced the favorite because of its extreme early character, vigorous growth and has the richest flavor of all. Besides being early, it is very hardy and permits the earliest planting. The stalks are dwarf in growth averaging 4 ft. in height. The ears are from 5 to 7 in. long and the grain is a bright golden yellow color. In flavor it is exceptionally rich and sugary and by everyone admitted to be the richest flavored Sweet Corn. The small stalks can be planted close together. For productiveness and quality it leads all varieties. The seed we offer is a special stock of our own growing and for earliness and sweetness is unexcelled. Pkt. 10c; ½ pt. 30c; pt. 45c; qt. 85c.

Wis. Hybrid Golden Bantam No. 804

Hybrid corns are remarkable for their uniformity of stalks, ears and maturity and this is true of sweet corn as well as field corn. This variety grows a vigorous stalk 5 to 6 ft. tall and many stalks produce two ears. Ears are 6 to 7 in. long and have 10 to 12 rows of tender, luscious golden kernels. An excellent variety for market gardeners as the crop all matures at one time, also well suited for canning or freezing as the kernels are so tender and sweet. Pkt. 10c; ½ pt. 35c; pt. 60c; qt. 95c.

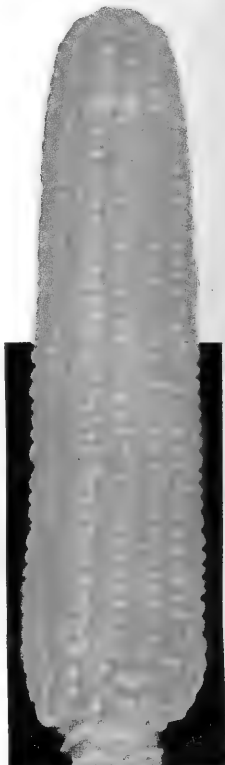

GOLDEN OR BANTAM EVERGREEN

This variety of golden or yellow Sweet Corn combines the size of the Evergreen ear with the color and quality of the Golden Bantam in crossing these two excellent varieties none of the good qualities have been lost, rather it surpasses them in sweetness. The ears are 7 to 9 inches long, well filled with deep kernels of rich yellow corn. It comes just right in season to follow the first early sorts. The larger ear and prolonged season make it the favorite both in the home garden and for fancy market trade. All lovers of Sweet Corn must at least give Bantam Evergreen a trial. Pkt. 8c; ½ pt. 30c; pt. 50c; qt. 80c.

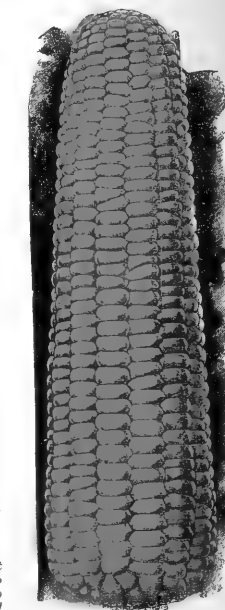

WHITE EVERGREEN—The leading Late Variety of Sweet Corn. The most valuable Sweet Corn ever produced. White Evergreen is much superior to Stowell's. It retains all the most desirable features with the added merits of pure whiteness in color, a more tender grain and a distinctly sweeter flavor. The ears average very large and are well filled to the tips with the long sweet grains of pure whiteness and most delicious flavor. The stalks are very strong growers from 6 to 7 feet high and sometimes bear three fine ears to a stalk. The ears contain 16 or more rows of deep grains which are protected by a thick heavy husk. Pkt. 8c; ½ pt. 25c; pt. 45c; qt. 75c.

Postage Notice!

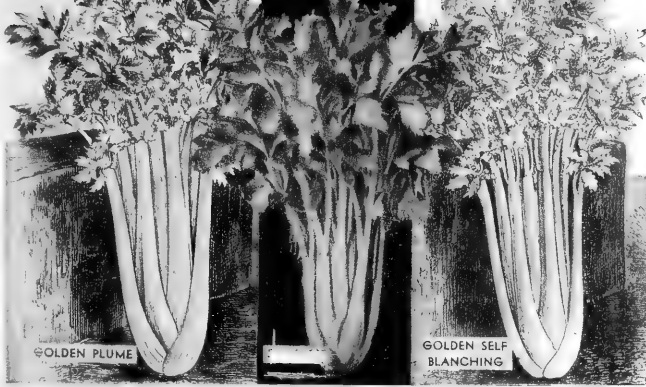

Owing to the higher parcel post rates now in effect it is necessary to make a postal charge of enough to cover this raise in rates. See detailed information on page 36.

WIS. BANTAM 804

BANTAM EVERGREEN

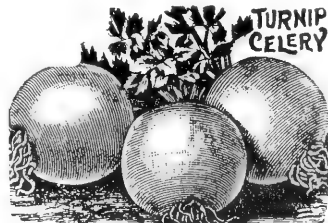

UTAH NO. 15

CELERY

GOLDEN PLUME—This is a fine new celery that we can recommend without reserve. It is fully a week earlier than Golden Self-Blanching, is similar in color and flavor but is superior to it as this variety blanches more easily, is more blight-resistant. It has been especially selected for large, solid hearts. Specimen stalks have been grown 2 ft. tall and $\frac{1}{4}$ inches thick. Has been blanched in the remarkably short period of 5 days. Pkt. 10c; $\frac{1}{2}$ oz. 35c; oz. 60c; $\frac{1}{4}$ lb. \$1.95.

UTAH NO. 15—A very desirable selection of the new green type celery and contains more vitamins than the golden varieties. Plants are compact, stalks broad and thick, exceptionally solid and crisp; of nutty flavor and fine quality, free from strings and fibre. Pkt. 10c; $\frac{1}{2}$ oz. 35c; oz. 60c; $\frac{1}{4}$ lb. \$1.95.

GOLDEN SELF-BLANCHING—The best of all self-blanching varieties. It is without doubt the most popular celery grown. The ribs are perfectly solid, crisp, brittle and of a delicious flavor which is not surpassed by any other variety while it has the decided merit of being self-blanching to a remarkable degree. It is extensively grown for market and private use, not only on account of its easy culture but for its superior quality. The hearts are large and hard and blanch to a beautiful golden yellow. When grown in moist soil the stalks are numerous and large in size. Pkt. 10c; $\frac{1}{2}$ oz. 35c; oz. 60c.

TURNIP CELERY

This is an excellent vegetable. It produces large, turnip-shaped roots which keep well for winter use. Highly esteemed either cooked in the same manner as other vegetables for flavoring soups, or sliced and used as a salad. Pkt. 8c; $\frac{1}{2}$ oz. 20c; oz. 35c.

SWISS CHARD

LUCULLUS—Plants grow 2 feet high and consist when fully developed of about a dozen creamy white, attractive curled leaves. The leaves are carried on broad thick stalks about 12 inches long. The leaves may be cooked in the same manner as Spinach. Pkt. 8c; oz. 20c; $\frac{1}{4}$ lb. 50c.

ENDIVE

GREEN CURLED—Mostly sown in June or July for fall use; plant in rows about 1 foot apart, thin out to 8 inches apart and when well along bunch by tying the tops together. Green Curled is a hardy variety, the most desirable for home use or market garden. Deep green leaves beautifully cut and curled, easily blanched and becomes crisp, tender and very fine flavored. Pkt. 8c; oz. 25c; $\frac{1}{4}$ lb. 60c.

FANCY GOURDS

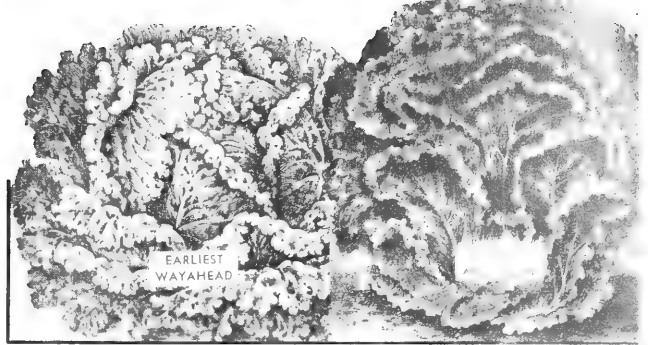

Fancy Mixed Gourds

An interesting and valuable vine, grows very rapidly and quickly covers old walls, fences or outbuildings and trellises. They bear an abundance of the curious shaped fruits and we have included a very choice selection in the seed we offer. Pkt. 7c; $\frac{1}{4}$ oz. 15c.

Early Virginia Peanuts

This splendid variety is very desirable because it is so early and prolific. It grows perfectly erect and seed planted early in May will ripen a crop in September and for this reason can be grown in the north. Let the boys and girls try them. It will give them lots of fun and provide peanuts for the winter. Full culture instructions on every package. Pkt. 7c; pt. 35c; qt. 65c.

CRISP TENDER LETTUCE

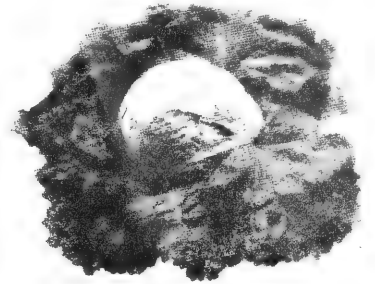

EARLIEST WAYAHEAD—This is our quickest growing and most handsome extreme-early Lettuce producing handsome solid heads fully one week earlier than Black Seeded Tennis Ball. Its quality is unsurpassed; the heads are very solid, have weighed 6 oz. when trimmed. The interior of the head is blanch to a beautiful creamy color while the leaves are tender, juicy and sweet flavored. The quality of this variety is unequalled among the early sorts. Pkt. 8c; oz. 25c; $\frac{1}{4}$ lb. 70c.

JUNG'S ALL CREAM This remarkable Lettuce does not head but makes a large loose bunch of leaves of superlative quality. The leaves grow upright, the upper part of the outer leaves turn outward very gracefully and are handsomely wrinkled. The inside leaves are almost white and wonderfully crisp and tender. Pkt. 10c; oz. 30c; $\frac{1}{4}$ lb. 75c; lb. \$2.50.

BEST OF ALL

BEST OF ALL OR TENDERLEAF—A fitting companion to our famous "All Cream" Lettuce which it resembles very much except that it does not have the pink or brown edges on the leaves. It can be relied upon whether sown early in the spring or during the summer as it is unsurpassed as a heat resister. The leaves are of a handsome green, beautifully crumpled and are crisp, tender and sweet at all times. Pkt. 8c; oz. 25c; $\frac{1}{4}$ lb. 65c.

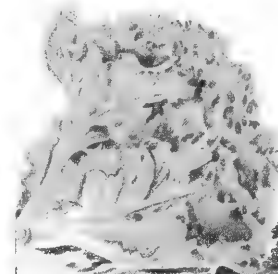

GREAT LAKES

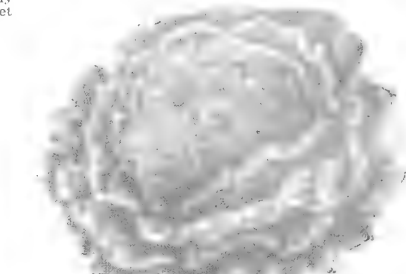

Great Lakes Head Lettuce

Crisp and Tender. Sure to Head. High Quality.

A remarkable fine new Head Lettuce that will stand up and produce nice solid heads even during hot weather. The heads are of good size, attractive deep green in color, with crisp tender leaves, interior or heads bleach to a creamy white color. Remains in fine condition long after the heads are formed as it is slow to run to seed. Why pay high prices for head lettuce when you can grow even better ones in your own garden? Plant thin as the plants need room to head. Pkt. 10c; $\frac{1}{2}$ oz. 30c; oz. 50c; $\frac{1}{4}$ lb. \$1.45.

SELECT GRAND RAPIDS

SUREHEAD HEAD LETTUCE

EARLY SUREHEAD—A specially selected strain of lettuce that is ready to use early and sure to form heads. Outer leaves are medium green while the center or heart, blanches a rich creamy yellow. By planting this variety you can grow head lettuce as easily as radishes. Sow the seed early and as soon as well started thin out plants to stand 4 to 5 in. apart in the rows. Pkt. 10c; $\frac{1}{2}$ oz. 20c; oz. 35c.

SELECT GRAND RAPIDS—A well known foreign variety. It makes large bunches of light green leaves with fringed edges. Its upright habit of growth permits close planting. It will make a quick growth under adverse conditions and is not subject to rot. Quality excellent. Pkt. 8c; oz. 25c; $\frac{1}{4}$ lb. 70c; lb. \$2.25.

ICEBERG—The usual solidity of the heads is assured by the large white main ribs of the leaves, each of which curves strongly into the center acts like a truss making it impossible for the leaves to open outward and expose the center which is thoroughly blanched. It is quick growing and always crisp and tender whether grown in early spring or in the hot days of summer. The heads are of good size. Pkt. 8c; oz. 25c; $\frac{1}{4}$ lb. 75c.

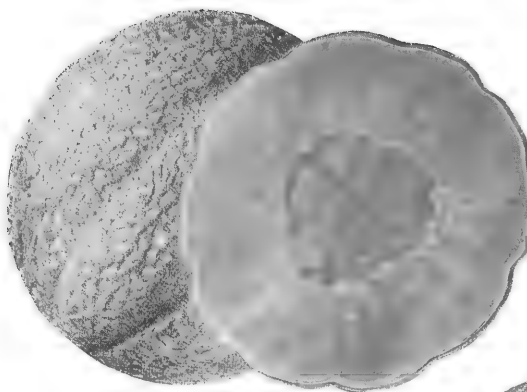

ICEBERG

Chicken or Rabbit Lettuce

Makes the best green feed for chickens or rabbits and you can grow immense quantities on a small piece of ground. When cut it immediately starts a new growth or the leaves can be pulled off the stalks and new ones will grow in a short time. Does not make a head but grows stalks 2 to 3 feet high which are loaded with leaves. Pkt. 7c; oz. 15c; $\frac{1}{4}$ lb. 50c; lb. \$1.90.

CHICKEN

HONEY ROCK

Jung's Select Honey Rock

Sweet as Sugar. Solid as a Rock. Heavy Yields. Handsome Appearance.

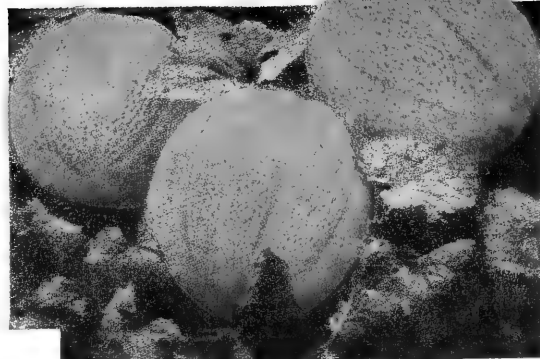

Melon growers will find Honey Rock an ideal melon as it combines quality, productiveness, high quality and handsome appearance. It is main-crop variety, maturing in about 85 days; the vines are vigorous growers, free from disease and produce 7 to 7 large melons. Flesh is very thick, deep orange in color and remarkably sweet. You will make no mistake in planting this fine melon. Extra select seed saved only from hand selected melons. Pkt. 10c; oz. 30c; ¼ lb. 65c; lb. \$2.50.

Select Muskmelons

New Granite State

Extra Early. Superb Quality. 1951 Award Winner.

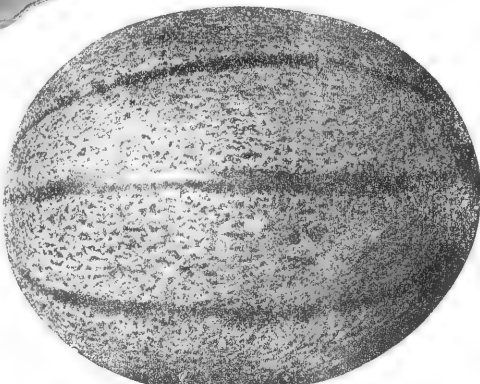

An extra early, high quality muskmelon of the Honey Rock type that was developed by the N. H. Agricultural College and is well suited for regions where earliness is a main factor. Vines are vigorous and compact but remarkably productive. Fruits average 5 in. long by 4½ in. in diameter and are well netted, a sure sign of quality. Flesh is very thick, deep salmon and of excellent quality with a high sugar content. A high quality melon for both the home and nearby markets. Pkt. 12c; oz. 35c; ¼ lb. 90c; lb. \$2.50.

GRANITE STATE MUSKMELON

Special Extra Early Knight

Positively the earliest green-fleshed musk melon ever grown. Of medium size weighing from 2½ to 4 pounds. The skin is green ribbed and netted, the flesh deep and thick and light green in color, inclining to yellow towards the center. In flavor it is exceedingly fine. A heavy cropper and absolutely the earliest of all musk melons. We recommend it particularly to all whose profit depends upon being first in market and their uniform size and shape combined with their delicious flavor; sell rapidly at high prices. Pkt. 8c; oz. 25c; ¼ lb. 60c; lb. \$2.25.

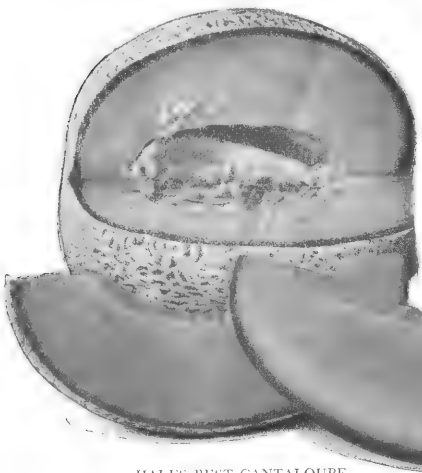

EXTRA EARLY KNIGHT

Super Hale's Best Cantaloupe

Many years of extreme care were spent in producing this splendid strain of cantaloupe. No matter what price you pay you cannot

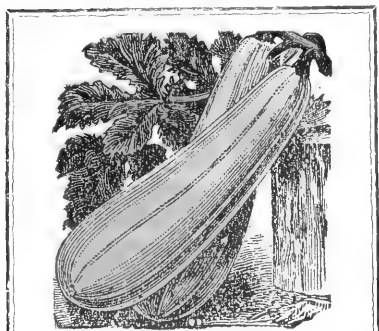

get a better melon. It is extremely early, very productive, uniform in size, and the deep orange flesh is of the highest quality. The melons are heavily netted and the flesh very solid, making it one of the very best shippers. You will never regret having planted this fine melon. Extra Select Seed. Pkt. 10c; oz. 25c; ¼ lb. 60c; lb. \$2.25.

HALE'S BEST CANTALOUPE

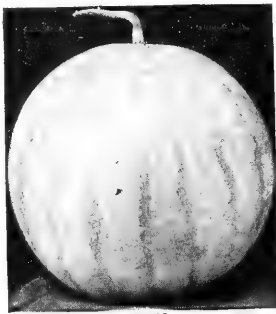

GIANT EARLY WONDER

BANANA MUSKMELON

A remarkably fine melon that looks and tastes like a banana. The fruits grow 14 to 18 in. long, flesh is deep orange colored, solid and sweet, and spicy in flavor. Try a few of these melons in your garden this year, any which you don't eat can be sold at a good price. Pkt. 10c; oz. 25c; ¼ lb. 70c.

CITRON

CITRON

COLORADO PRESERVING—A large fruited variety producing the handsome fruits in abundance. The flesh is white, very solid and is used for pickles and preserves. Pkt. 8c; oz. 20c; ¼ lb. 45c.

OKRA

WHITE VELVET—The long slender pods of Okra are very delicious when sliced and cooked in soups. While this is its chief use it can be boiled and served like other vegetables. The pods should be gathered while young as they are then very tender. Pkt. 8c; oz. 20c.

MUSTARD

GIANT CURLED—The leaves are large, light green with a tint of yellow, much crimped and frilled at edges. The plant is upright, or slightly spreading in growth. This variety is highly esteemed in the South for the market as well as the home garden on account of its vigorous growth, hardness and good quality. Pkt. 7c; oz. 20c.

LEEK

LARGE AMERICAN—Most highly esteemed for flavoring soups, stews, etc. The plants are of vigorous growth and have extra long stems which branch to a snowy whiteness. Cultivate the same as for onions. Pkt. 10c; ½ oz. 20c; oz. 35c.

Protect Your Melons

Fight Insects With

RED ARROW GARDEN SPRAY

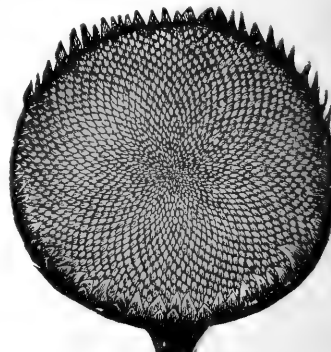

One of the best and most widely used Garden Sprays for controlling bugs and insects such as aphids, cabbage worms, cucumber beetles, thrips, etc. This spray is deadly to insects but harmless to humans, birds and animals. Will not burn delicate leaves or tender flowers. Mixes easily with even hard water and has ingredients making it spread and stick to the foliage. We consider this one of the most satisfactory garden sprays for both flowers and vegetables. Simply mix 1 teaspoonful of this spray with a qt. of water and spray on both top and under side of leaves.

| | |
|---|------|
| 1 oz. Bottle (makes 2 gals. spray) | 35 |
| 4 oz. Bottle (makes 8 gals. spray) | 1.00 |
| 1 pt. Bottle (makes 32 gals. of spray) | 2.85 |

SUNFLOWER

EARLY ADVANCE—This variety matures earlier than the old Mammoth Russian, grows a shorter stalk and makes a better quality feed. Sunflower seed is an excellent and cheap feed for poultry and fowl of all kinds. They eat it greedily, fatten well and attain a bright lustrous plumage and strong healthy condition better than on almost any other food. It is the best egg producing food known. Also an excellent food for birds and parrots. Plant the same as you would corn any time from early spring up to the first part of June. Oz. 10c; ½ lb. 35c; lb. 60c; 5 lbs. \$2.25.

SUNFLOWER

WHITE VIENNA

KOHL RABI

EARLY PURPLE VIENNA—This vegetable is grown for its turnip-shaped bulb which grows above the ground. Excellent for soups or cooking in the same manner as turnips. Grows to a large size and of juicy quality. Very early and of fine shape and delicate flavor. Pkt. 8c; ½ oz. 25c; oz. 40c.

WHITE VIENNA—This variety is very early with distinct small tops. The bulbs are of medium size and very light green or almost white in color and are of the finest quality if used when about 2 in. in diameter. Pkt. 8c; ½ oz. 25c; oz. 40c.

Jung's Select Watermelons

EXTRA EARLY NORTHERN SWEET—A new extra early watermelon introduced by the Minn. Exp. Station. It has been ripened as far north as Winnipeg, Canada, has been grown to maturity in 75 days. Not only is it the earliest but is also a very good quality, flesh is bright red, crisp, sweet and sugary. Melons weigh 10 to 12 lbs., rind dark green with a lighter stripe. Pkt. 10c; oz. 25c; ¼ lb. 60c; lb. \$1.85; 5 lbs. \$8.75.

DIXIE QUEEN (Wilt Resistant)

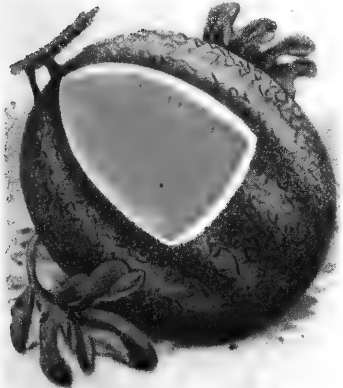

Large in Size, Superb in Quality. Handsome in Appearance.
A superb new Watermelon that will delight the most critical grower. It has all the good qualities of Dixie Queen and in addition is resistant to wilt. The melons are almost round in shape, of good size (30 to 40 lbs.) rind is tough making it a good shipper. Flesh is richly colored, very sweet and juicy and melons seem to be all heart. You will find this excellent melon uniformly good in size, shape and quality either for market or the home garden. Pkt. 10c; oz. 25c; ¼ lb. 60c; lb. \$1.95; 5 lbs. \$9.00.

Mrs. Rufe Welch, Iowa—I just want to tell you I had the best Musk Melons and Watermelons I ever raised. They really were ripe and very sweet.

EXTRA EARLY NORTHERN SWEET

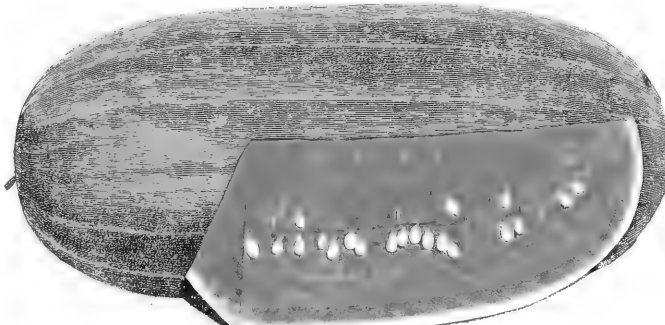

WILT RESISTANT DIXIE QUEEN

Our Melon Seed is all grown from the most carefully selected planting stock and no effort nor expense is spared in growing in our seed field. You will find Jung's Melon seed to be of unusually fine quality.

EARLY KANSAS

EARLY KANSAS—One of the newer early melons that is rapidly gaining in popularity as it has earliness, good size and high quality. Melons are deep emerald green with paler green stripes, nearly round and often grow to weight of 25 to 30 lbs. Flesh is rich red and of the highest quality, a superb melon in every way. Pkt. 8c; oz. 20c; ¼ lb. 50c; lb. \$1.70; 5 lbs. \$8.00.

KLECKLEY SWEETS

Kleckley Sweets or Wondermelon

Superb in Quality. Matures Early. Large, Handsome Melons.

One of the most popular and widely grown watermelons for home gardens and nearby markets. It is early, usually ripe in 55 days. Melons normally 24 in. long and 10 to 12 in. in diameter, well shaped and of a deep rich green color. Flesh bright red, very sweet and delicious; the flesh melts away in your mouth like honey. Our seed has been selected for a thin hard rind, earliness, high quality and has less seed than most strains. Pkt. 10c; oz. 25c; ¼ lb. 60c; lb. \$1.90; 5 lbs. \$9.00.

Golden Honey Sweet

A Delicious Yellow-Fleshed Watermelon. Ripens Very Early.

A highly desirable yellow fleshed watermelon. The flesh is golden-yellow in color, firm, crisp and of luscious sweetness. The melons are oblong in shape, light green with mottled stripes of deep green, rind is thin but hard so will keep for a considerable time. It not only possesses high quality but is also one of the first to ripen. We highly recommend this fine new melon. Pkt. 10c; oz. 25c; ¼ lb. 65c.

"BLACKLEE" Wilt Resistant Watermelon

In many sections of our country ordinary strains of Watermelons often fail due to fusarium wilt. This destructive disease cannot be controlled except to plant varieties that are resistant to this ailment. Blacklee is a vigorous grower and highly resistant to wilt, it bears a heavy crop of melons weighing as much as 40 lbs. Rind is dark green, thin but tough; flesh deep red in color, fine grained, very sweet, firm and of excellent quality. The black seeds present a striking contrast of colors. Pkt. 10c; oz. 25c; ¼ lb. 70c; lb. \$2.00; 5 lbs. \$9.25.

Anthracnose Resistant

"CONGO"

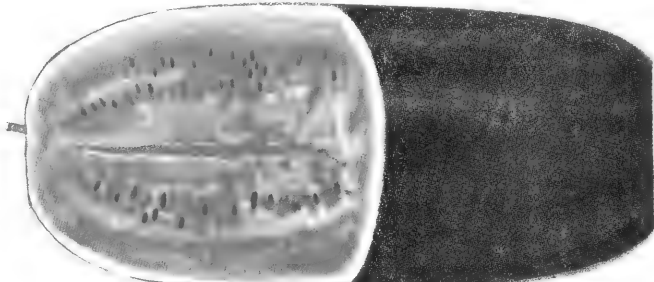

An excellent new Watermelon resistant to anthracnose that was developed by the U. S. Dept. of Agriculture and which is rapidly gaining in favor as a shipper. Fruits are oblong, of large size, with firm rind, dark green with faint light green striping. The flesh is bright red, fine grained and high in sugar content. Pkt. 10c; oz. 30c; ¼ lb. 70c; lb. \$2.00; 5 lbs. \$9.65.

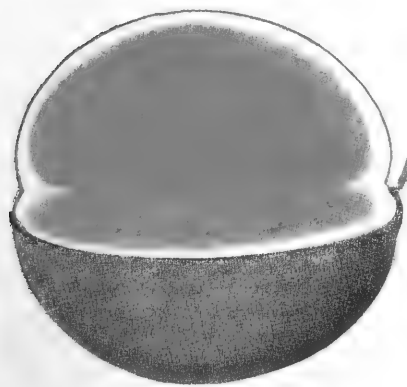

NEW CONGO

GOLDEN HONEY SWEET

WILT RESISTANT BLACKLEE

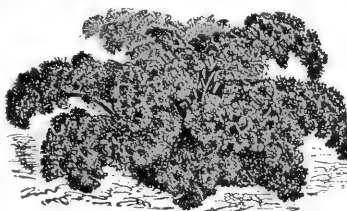

KING WINTER MELON

King Winter Melon

By planting this variety you can have watermelon for your Christmas dinner as they are remarkable keepers. The melons are round, have a thin hard rind and are very solid; they are from 8 to 12 in. in diameter and sell well at all seasons. Flesh is bright red and very sweet. Pkt. 10c; oz. 25c; ¼ lb. 65c.

Notice Regarding Parcel Post Charge

As is generally known parcel post rates were sharply increased over which we have no control. Rather than advance the price of each item we now make a small parcel post charge, just enough to cover the advance. Full details of rates will be found on page 36.

MOSS CURLED PARSLEY

PARSLEY

MOSS CURLED—The leaves are of an extra dark color. It is very productive, and on account of its densely curled character of leaves a large quantity can be gathered in a short time. It is much used for flavoring and garnishing. Pkt. 7c; oz. 20c.

TURNIP ROOTED—This variety, the roots of which resemble a small parsnip, is used in flavoring soups, stews, etc. For winter use store the roots same as turnips; as easy to grow as carrots. Pkt. 7c; oz. 25c.

VICTOR ONION SETS

VICTOR ONION SETS

The finest thing ever offered in Onion Sets and will no doubt displace all other sets. The common sets when grown during the summer often run to seed; these sets instead of running to seed will mature a large and handsome bulb of yellow or golden color, very solid and excellent keeper. Those who have used the sets before are now planting them entirely. We guarantee them to give satisfaction or will refund your money. Qt. 45c; 4 qts. \$1.25.

GOLDEN GLOBE

The ideal onion set for people who wish to grow large onions that will keep throughout the winter. These sets will produce beautiful deep yellow, globe-shaped onions that are remarkably good keepers; planted on rich soil and given sufficient room onions weighing 1 pound can be grown. In our trials the past summer not one set threw any seed stalks. Our stock of these new onion sets is limited; order early. Qt. 45c; 4 qts. \$1.35.

GOLDEN GLOBE

Notice!

Due to high cost of postage and containers no orders for Onion Sets can be filled unless other items are ordered at the same time.

Paul Henry, New York—Your Victor and Golden Globe Onions are the best I ever grew measuring 5 inches across, and with only ordinary culture.

SWEET SPANISH ONION

Giant Sweet Spanish Onion

Giant in Size. Heavy Yields. Sweet Mild Flavor.

Why buy the large sweet onions at fruit stores when you can grow them in your own garden? This new variety was developed especially for this country and anyone having reasonably good garden soil can grow these fine large onions. Seed sown early in the spring will produce magnificent large globe shaped onions often weighing a pound or more. It has a beautiful straw colored skin, flesh pure white, tender and of mild sweet flavor. A good keeper for such a large onion. We offer our special strain of seed which was grown from only carefully selected bulbs. Pkt. 10c; ½ oz. 30c; oz. 50c; ¼ lb. \$1.35; lb. \$4.95; 5 lbs. \$23.50.

Sweet Spanish Onion Plants

By using these early started plants you can grow onions weighing up to 1 lb. each and they are ready to harvest much sooner than from spring sown seed. 2 bundles (about 200 plants) \$1.00; 5 bundles (about 500 plants) \$1.90; 10 bundles \$3.50.

Mrs. Everett Holderson, Wis.—You have the nicest shrubs I ever had from anyone. Also the Sweet Spanish Onions were wonderful they grew such large onions which keep very well.

BUNCHING ONION

White Bunching Onion

Does not form bulbs but grows into long silvery white stalks which are used for bunching the same as green onions. They grow in clusters and when sown early will be ready for use after onions grown from sets are gone. Where winters are not too severe seed may be sown in the late summer and will then start early in the spring. Pkt. 8c; ½ oz. 25c; oz. 45c; ¼ lb. \$1.25.

Mrs. Rose Thomson, Montana—Just a few lines to let you know what wonderful seeds and flower bulbs you have. The peas and beans were so delicious they were out of this world. The Sweet Spanish Onions are so sweet and mild.

STUMP ROOTED PARSNIP

Silverskin or White Portugal

A leading white, flat onion. The bulb attains a good size, ripens evenly and the color is a beautiful silvery white when cured. Its shape is flat but symmetrical. It is largely grown for pickling, being sown three or four times as thick as usual and is also extensively sown for sets. Pkt. 10c; ½ oz. 25c; oz. 45c; ¼ lb. \$1.25; lb. \$4.75.

Robert D. Chambers, Mich.—The flavor and size of your Sugar Parsnip is amazing, we and the neighbors have enjoyed them immensely.

WHITE SUGAR PARSNIP

PARSNIPS

IMPROVED STUMP ROOTED—A very fine new Parsnip that is short and thick being easy to dig especially in heavy soils. Roots grow 6 to 8 in. long, and 3 in. thick at the shoulder. They are smooth and of attractive appearance. Flesh is very fine grained, sweet and tender. The earliest of all Parsnips. Pkt. 10c; oz. 25c; ¼ lb. 60c; lb. \$1.75.

WHITE SUGAR or PRIVATE STOCK—This is a highly improved type of the Half Long, producing uniformly large and handsome roots of stocky form, heavy at the shoulders, well rounded, gradually tapering to the base so that they can be easily dug and if grown in properly pulverized soil the roots will be smooth and free from side-roots and wrinkles. The flesh is white, of fine texture, free from core and stringiness and especially fine flavored; cooking tender, sweet and rich. Pkt. 8c; oz. 20c; ¼ lb. 50c; lb. \$1.50.

Three True Globe Onions

We make a specialty of **HIGH GRADE ONION SEED**. It is better to plant no Onions at all than to sow seed of poor quality. Our Onion Seed is all grown from carefully selected true-to-type bulbs. Such seed may cost a little more but will be far the cheaper when you compare the resulting crop.

Select Southport Yellow Globe

This is one of the most satisfactory and popular varieties raised for family use or market. It is an enormous yielder, hardy and reliable, making under normal conditions often up to 1,000 bushels per acre. The onions are models of perfection, growing uniformly deep and extra large, averaging 9 to 10 inches in circumference. The color of the skin is an attractive golden yellow, the flesh snow white, firm and juicy. The small necks enable the onion to ripen down evenly insuring good keeping qualities. Pkt. 8c; ½ oz. 25c; oz. 45c; ¼ lb. \$1.10; lb. \$4.25; 5 lbs. \$19.85.

Select Southport Red Globe

A handsome onion of immense size, averaging from 9 to 10 inches in circumference, solid, heavy and of perfect globe shape. The skin is a glossy deep purplish red color; the flesh is close grained, sparkling white, cooking tender and mild. It is hardy, a splendid keeper and a big yielder, averaging under good culture from 800 to 1,000 bushels per acre. Our strain of this seed is unsurpassed, the bulbs being selected for largest size, thus insuring thorough and regular ripening and curing. You will make no mistake in giving this onion a trial. Pkt. 8c; ½ oz. 25c; oz. 45c; ¼ lb. \$1.10; lb. \$4.00.

Select Southport White Globe

The most beautiful onion grown, being of symmetrical globe shape with a smooth satin-like skin forming a perfect silver ball. It grows to a large size, averaging 7 to 9 inches in circumference, and is solid and heavy, the flesh is purest white, close grained, mild and of delicate flavor. Owing to its larger size it is later in ripening than the White or Silverskin. As soon as ripe the bulbs should be stored in a cool, dark or dry cellar. It is a heavy cropper and for the family garden as well as for market it is a valuable onion. Pkt. 10c; ½ oz. 30c; oz. 50c; ¼ lb. \$1.50; lb. \$5.50.

EARLY YELLOW GLOBE

Early Yellow Globe

This variety will mature 10 days to two weeks earlier than Southport Yellow Globe and is especially suited to sections where seasons are short. It is good yielder and a much better keeper than most other early varieties. Bulbs grow 2½ in. in diameter, globe-shaped, skin is deep yellow, flesh pure white, solid and of excellent quality. Where quick maturing early onions are wanted this variety should be used. Pkt. 8c; ½ oz. 25c; oz. 45c; ¼ lb. \$1.25; lb. \$4.25; 5 lbs. \$19.75.

CALIFORNIA WONDER

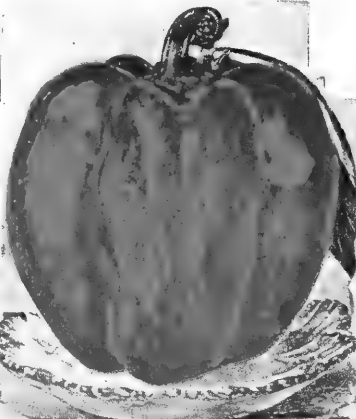

Jung's Select Peppers

EARLY GIANT—By far the largest early Pepper grown. The fruits will average as large as Ruby Giant but are ready to pick much sooner than that variety; the shape is very much like Chinese Giant. Plants grow rather dwarf and compact and are much more productive than most of the large fruited peppers, many plants bearing 12 of the immense peppers at one time. Its ripened fruit average 5 in. long by 3 in. in diameter, of deep glossy color turning to a bright crimson when matured. The flesh is thick, sweet and of a pleasant flavor. Probably one of the most profitable varieties to grow for market. Pkt. 10c; ½ oz. 40c; oz. 75c; ¼ lb. \$2.25.

CALIFORNIA WONDER—A magnificent Pepper resembling Chinese Giant in its large size and "blocky" form of fruits. Full grown peppers will measure 4½ in. in length and 4 in. in diameter. Flesh is unusually thick, very mild and sweet. A highly profitable variety for market gardens. Pkt. 10c; ½ oz. 40c; oz. 75c; ¼ lb. \$2.25.

LONG RED CAYENNE—This is the pepper so popular for seasoning and pickling. The peppers are long and slim, bright red when ripe and have a hot pungent flavor. Pkt. 8c; ½ oz. 30c; oz. 50c.

WORLD BEATER—The very best extra large Pepper, being a cross of Chinese Giant and Ruby King, having the longer form and earliness of the latter with the size of the former. Fruits are of immense size, 4 to 5 in. long by 3½ to 4 in. in diameter, flesh is very thick and so mild and sweet that they sell readily on all markets. Exceedingly productive and a good shipper. Pkt. 8c; ½ oz. 35c; oz. 60c; ¼ lb. \$2.00.

WORLD BEATER

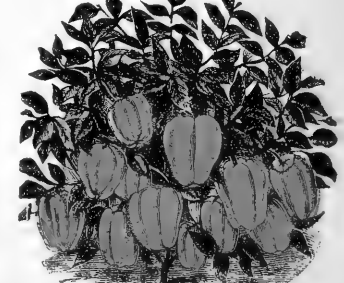

EARLY GIANT

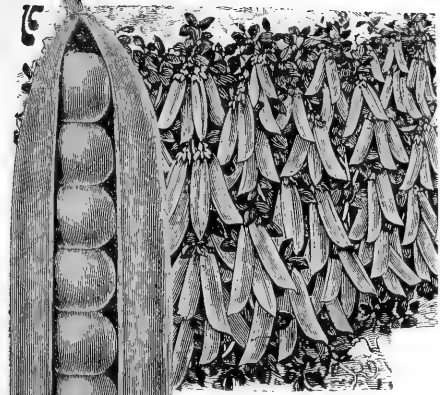

Oshkosh

The Best Yellow Pepper.

A very distinct and desirable large fruited Pepper. The fruits are bright canary yellow at maturity but during growth they are a deep glossy green making an attractive sort to market as "green peppers". The flavor is mild and exceptionally sweet. Fruits average 4½ in. in length by 3½ in. in diameter, broad at base and taper slightly to a blunt point. Plants grow compact and are very productive. Pkt. 10c; ½ oz. 45c; oz. 85c.

OSHIKOSH

BLUE BANTAM

Blue Bantam

A splendid new pea of sturdy, dwarf growth, one of the large podded early dwarf peas. The vines grow 14 to 16 in. tall, are dark green in color and wonderfully productive, bearing a profusion of handsome, dark green pods which measure 4 to 4½ in. long and contain from 8 to 10 very large dark green peas of superb quality. They mature a little earlier than Gradus with pods fully as large; they require no brush or support. You will plant this variety every year after once trying it out. Pkt. 10c; ½ pt. 35c; pt. 55c; qt. 95c.

SELECT LITTLE GEM—One of the most popular extra early dwarf peas. The demand for Little Gem increases every year which is a sure indication that it is giving satisfaction. Vines grow 14 to 16 in. tall, require no brush and are literally covered with pods. Pods contain from 6 to 8 peas of fine quality. A great favorite for home and market gardens. You will not be disappointed if you plant our "Gem". Pkt. 8c; ½ pt. 30c; pt. 50c; qt. 90c.

Jung's Honey Sweet

One of the best main-crop Peas to be had as they are truly of the most delicious flavor actually "sweet as honey." They grow a very healthy stocky vine about 18 in. high, and require no support. The pods are produced in great profusion; they are 4 to 4½ in. long and contain from 8 to 10 peas of most luscious flavor. A very heavy bearer never failing to produce a crop of the giant pods. Pkt. 10c; ½ pt. 35c; pt. 55c; qt. 95c.

Edible Podded Peas

MAMMOTH MELTING SUGAR—This variety is far superior to all others of the edible class of garden peas, not only in size but also in delicious quality. The large pods are sweet, brittle and tender and have none of the tough lining found in so many of the edible kinds. The pods are used the same as snap or string beans and will also make excellent pickles. Full grown pods measure 5 in. long are so tender and brittle that they snap like glass; they have no strings. Pkt. 10c; ½ pt. 30c; pt. 50c; qt. 90c.

GROW MORE AND BETTER PEAS BY USING NOD-O-GEN.
See Page 2.

Mrs. W. L. Kregler, Mich.—Have planted your seeds for several years always have a fine garden, have never had Peas which produce so abundantly.

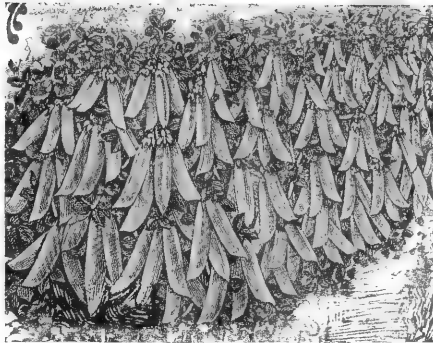

PUMPKINS

LUXURY PIE—This is the very best Pumpkin that has ever come to our attention. It is enormously productive, medium in size, being about 10 inches in diameter, almost globe-shaped and ripens early. The skin is finely netted and in color a beautiful golden russet which is a sign of finest quality. The flesh is very thick, sweet and sugary and deep golden in color. An excellent keeper for winter use. If you want some delicious pies for Thanksgiving Day plant **LUXURY PIE**. Pkt. 10c; oz. 25c; ¼ lb. 65c.

BUSH PIE-PUMPKIN—A new type of Pumpkin that grows in a compact bush instead of long vines so delicious pie pumpkins may now be grown where space is limited. The plants form compact bushes and may be planted in hills 4 ft. apart. The fruits set freely, are of good size and of excellent quality for pies: Pkt. 7c; oz. 25c; ¼ lb. 60c.

HUNDREDWEIGHT—You will be greatly surprised at the size to which pumpkins can be grown when you plant this variety, specimens have been grown weighing over 100 lbs. It is also of remarkably fine quality as the flesh is fine grained, sweet and tender and of excellent quality for pies. Pkt. 10c; oz. 25c; ¼ lb. 65c.

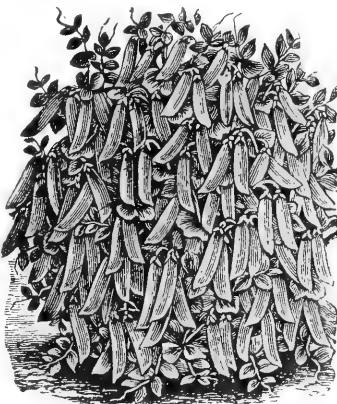

BIG TOM FIELD PUMPKIN—Vines are of strong, vigorous growth and wonderfully productive. Fruits will average 15 to 20 in. in diameter, round or oval in form. It is the hardiest of all pumpkins and is good for pies. Pkt. 7c; oz. 20c; ¼ lb. 45c; lb. \$1.50.

GIANT PODDED EARLY

Jung's Luscious Garden Peas

GIANT PODDED EARLY—An exceptionally early pea, as early as Alaska with pods one-fourth larger. Vines grow medium height, very robust and productive. Pods 3½ to 4 in. long and contain 7 to 8 large peas. A very fine extra early Pea that can be sown as early in the spring as the soil can be worked. Pkt. 8c; ½ pt. 30c; pt. 45c; qt. 85c.

LITTLE GEM

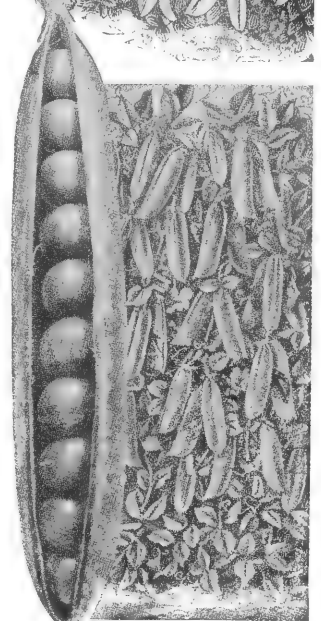

LITTLE MARVEL

EXTRA EARLY LITTLE MARVEL—The vines are of dark green even growth averaging 15 inches in height and are heavily set with fine pods, frequently borne in pairs. The pods average about 4 inches in length, are square at the bottom and well filled with six or seven large deep green peas. The pods are ready for the table as early as the American Wonder while the peas are larger and the vines produce a heavier crop. The peas retain their attractive dark green color and superb flavor when served at the table. You will be delighted with the choice flavor of Little Marvel. Pkt. 8c; ½ pt. 30c; pt. 50c; qt. 90c.

Everbearing

A fine second-early or main crop Pea which combines quality and yield and will continue a long time if the pods are kept picked. It has a remarkable habit, sometimes forming as many as six stalks which accounts for its great yields. The pods are of good size, and contain from eight to ten large peas which are of remarkable fine quality. Pkt. 8c; ½ pt. 30c; pt. 50c; qt. 90c.

EVERBEARING

PEAS FOR FREEZING

The following are especially suitable: Blue Bantam, Giant Tendersweet and Jung's Honey Sweet.

Giant Tendersweet Peas

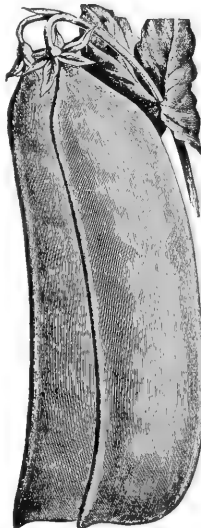

Immense Pods, Heavy Yielder, Superb Quality.

A new main-crop Pea that is in a class by itself. Vines are strong and thrifty, 24 to 30 in. tall require no brush and bear the giant sized pods in profusion. Pods are 5 to 5½ in. in length and contain 8 to 12 large, bright green peas that are very tender and of the very highest quality. We are confident you will be more than pleased with the new size, yield and quality of this splendid new Pea. Pkt. 10c; ½ pt. 35c; pt. 55c; qt. 95c.

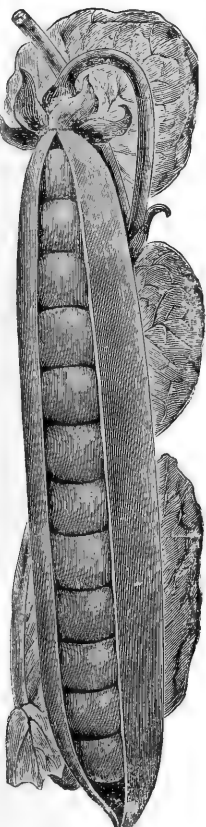

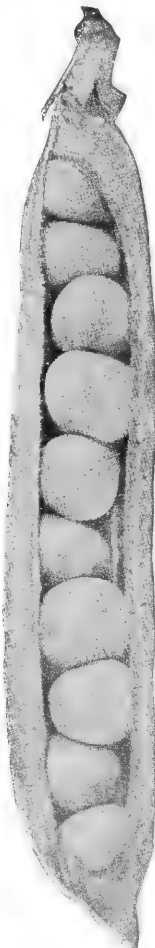

SPECIAL OFFER NO. 9

To have a supply of fresh, tender peas for a long period of time use the varieties offered here. Giant Podded Early may be sown very early and the others as soon as the soil is warm.

MAM. MELTING SUGAR

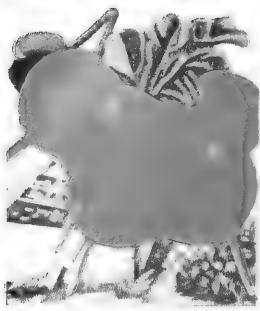

HONEY SWEET

BUSH PIE-PUMPKIN

HUNDREDWEIGHT

Crisp Tender Radishes

We take much pride in our select stocks of Radish seed. It is grown from carefully selected roots and will produce Radishes of mild flavor and with less leaves than the seed usually offered.

RAPID RED—This we find to be the quickest maturing of them all. Radishes having been grown in the short period of 18 days. Its attractive color and small tops makes it especially desirable for forcing. The flesh is pure white, very crisp and tender. If you want to be the first on the market with Radishes that will command fancy prices then plant "RAPID RED". Pkt. 7c; oz. 18c; ¼ lb. 40c; lb. \$1.25.

"CHERRY BELLE"—An "All America" prize winner, an outstanding radish for earliness, quality and appearance. Round and red as a cherry and often ready to use in 25 days; very uniform in size and shape. Flesh is crisp, firm and mild in flavor, slow to become pithy. Tops are small making it an ideal variety for bunching. Pkt. 10c; oz. 25c; ¼ lb. 50c; lb. \$1.40.

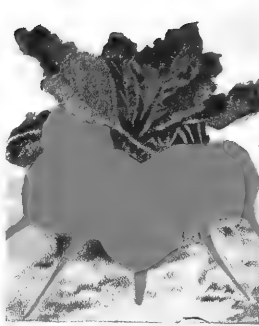

PERFECTION EXTRA EARLY—The most attractive white-tipped Radish. This variety is bound to become the most popular of the white-tipped varieties as it combines handsome appearance, quality and extreme earliness. The white tips extend nearly half way up the roots and the brilliant color of the tops shows up in strong contrast. For quality it is unexcelled as it is very crisp, tender and sweet. One of the best varieties to grow for market as well as for the home garden. Pkt. 8c; oz. 18c; ¼ lb. 35c; lb. \$1.10.

FRENCH BREAKFAST—An early medium sized radish, olive shaped, very crisp and tender; of a beautiful bright, scarlet color tipped with white. It grows about 2 in. long and is decidedly stump rooted. A splendid variety for the table for its excellent quality and the beautiful color are unexcelled. It is a quick growing and exceedingly popular variety. Pkt. 7c; oz. 18c; ¼ lb. 35c; lb. \$1.10.

CRIMSON GIANT GLOBE—This new variety is suitable for both forcing and growing outdoors. It is a fine shaped, bright red Radish, growing quickly to large globe shape and 1½ in. in diameter. Skin is thin and tender and of a deep crimson color. The flesh is pure white, crisp and of mild flavor. The roots are entirely free from hollow centers and pithy fibre. Pkt. 7c; oz. 18c; ¼ lb. 35c; lb. \$1.10.

SELECT EARLY WHITE ICICLE—Long, slender, crisp, tender, mild and of purest white. Unexcelled as a money maker. It produces slender, pure white Radishes very early in the season, much earlier and finer in quality than any other long white variety. The shape is well shown in the illustration. The leaves are short and few, making it an excellent variety for forcing. It is of the best flavor and very brittle and crisp. The roots grow about 4 in. long and are ready for use in about 25 days after sowing. Pkt. 8c; oz. 18c; ¼ lb. 40c; lb. \$1.25.

WOOD'S EARLY FRAME—This is one of the earliest long varieties. It is of a beautiful scarlet color, shading to white towards the tip. It is always juicy, tender, delicious and free from pith and sharpness so often found in long Radishes. Very much used for growing under glass. You will be delighted with this variety. Pkt. 7c; oz. 15c; ¼ lb. 35c.

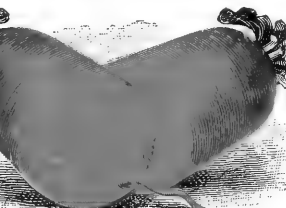

CHERRY BELLE

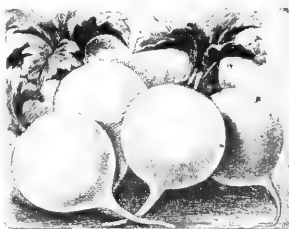

FRENCH BREAKFAST

SELECT EARLY WHITE ICICLE

CHINA ROSE WINTER

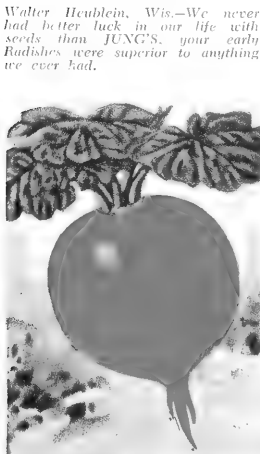

EARLY HAILSTONE

EARLY HAILSTONE — The Earliest and Quickest Growing WHITE RADISH in Cultivation. It is ready for use from 15 to 18 days after sowing. The Radishes are regular shaped, measuring 1 in. in diameter and about ½ in. in depth. Flesh is solid, crisp and of mild flavor. The foliage is unusually small. Pkt. 7c; oz. 18c; ¼ lb. 40c; lb. \$1.25.

CHINA ROSE WINTER RADISH — This is a large and fine shaped Radish, growing partly above the ground. It is of a half long shape with a blunt point; rose colored skin, flesh pure white, solid as an apple. It has not the strong flavor of the Black Spanish and keeps equally as well. Pkt. 7c; oz. 17c; ¼ lb. 35c; lb. \$1.10.

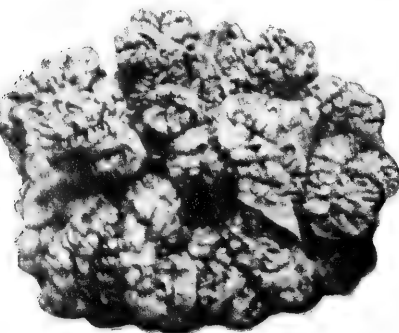

PERFECTION EXTRA EARLY

CRIMSON GIANT GLOBE

WOOD'S EARLY FRAME

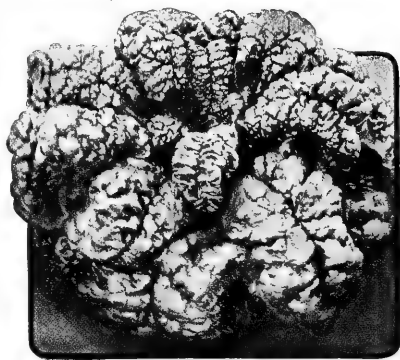

KING OF DENMARK

Spinach

LONG STANDING BLOOMSDALE—Remarkable new Spinach that is far superior to all of the other kinds. Its great advantage is that it will stand 2 weeks longer before running to seed than any other kind. For productiveness and quality it is unexcelled. Pkt. 7c; oz. 15c; ¼ lb. 35c; lb. \$1.10.

KING OF DENMARK—This is a handsome variety, the leaves being of an exceedingly dark green color and has very long standing qualities. The foliage is heavy, the wide dark green leaves are wrinkled like a Savoy cabbage and are of the finest quality. It produces nearly twice the bulk of crop as the ordinary sort and will remain in prime condition for a very long time. Pkt. 8c; oz. 15c; ¼ lb. 35c; lb. \$1.00.

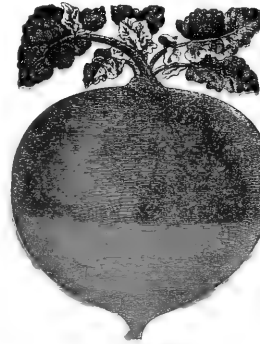

LONG STANDING BLOOMSDALE

RUTA BAGAS

IMPROVED PURPLE TOP YELLOW — A hardy and productive variety, widely grown for market and stock feeding. It is of fine quality and keeps perfectly all winter and even into the following summer. Bulbs are large, smooth, round, and solid with a small tap root. Flesh richly colored, fine grained and very sweet. Pkt. 8c; oz. 15c; ¼ lb. 35c; lb. \$1.25; 5 lbs. \$5.90.

IMP. PURPLE TOP YELLOW

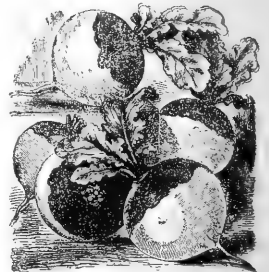

LAURENTIAN OR PERFECT MODEL

PERFECT MODEL or LAURENTIAN—A highly improved Ruta Baga that is giving satisfaction where ever grown. A heavy yielder, flesh deep orange colored, sweet and fine grained, excellent for table use. It is globe-shaped, yellow skin with purple top and very short neck. An excellent variety to grow for market as they present such a handsome appearance that they sell readily. Pkt. 8c; oz. 18c; ¼ lb. 40c; lb. \$1.35; 5 lbs. \$5.35.

S. Seliga, Jr., Minn. — Your Perfect Model Ruta Baga can't be beat.

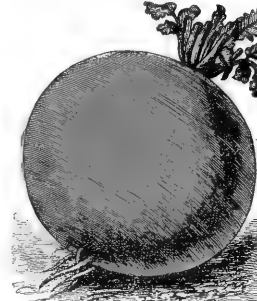

TURNIPS

EXTRA EARLY WHITE MILAN—A very valuable sort largely used by market gardeners for first or extra early use. The quickest growing variety and under favorable conditions is fit for use in a few weeks after sowing. The roots are of medium size, of pure white color and very handsome appearance. Flesh is fine grained, sweet and of mild flavor. A splendid variety for both the home and market garden. Pkt. 7c; oz. 20c; ¼ lb. 40c; lb. \$1.20; 5 lbs. \$5.25.

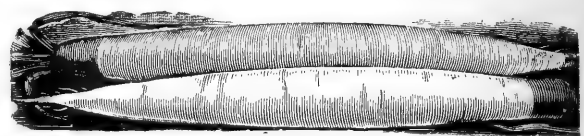

PURPLE TOP WHITE GLOBE

GOLDEN BALL—Of the yellow or golden fleshed turnips this is the best variety. Roots grow quickly to good size, are smooth and very fine in appearance. Flesh is a rich yellow color, tender and mild in flavor; in fact we consider it the best turnip for table use. Pkt. 7c; oz. 20c; ¼ lb. 40c; lb. \$1.20; 5 lbs. \$5.50.

GOLDEN BALL

PURPLE TOP WHITE GLOBE — This grows very quickly to large size; roots even and regular in form and of most handsome appearance. The bulbs will measure 6 inches and more in diameter, being of perfect globe form. The plants being of such large, strong growth should be thinned more severely than with small early sorts. This variety is very extensively used for market growing. Pkt. 7c; oz. 20c; ¼ lb. 40c; lb. \$1.10; 5 lbs. \$4.95.

SALSIFY

Salsify

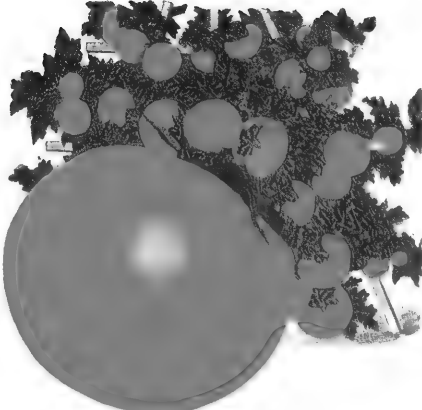

MAMMOTH SANDWICH ISLAND — One of the most delicious vegetables and also one of the most nutritious. The flavor is very sweet and highly esteemed whether boiled with butter or other suitable sauces, or sliced and fried, or used in soup. The new variety is superseding the old type, as it produces roots nearly double the size and weight and of equally good quality. Seed sown in the spring produces large, fine roots that may remain in the ground or may be dug and stored in sand or earth in November thus keeping plump and sweet to be used as desired during the winter. Mild and delicious in flavor. Pkt. 10c; oz. 30c; ¼ lb. 80c; lb. \$3.00.

URBANA OR
GIANT EVERBEARING

MARGLOBE

Mrs. O. Kroening, Wis.—Your Super John Baer Tomatoes produced the finest tomatoes we ever grew; they are wonders for size and good taste.

PRIVATE STOCK JOHN BAER

Jung's Northern Grown Tomato Seed

We take pride in our tomato seed and are sure that it is unexcelled for quality. It is northern grown and will produce a crop that will ripen earlier, produce more solid fruit and healthier plants than seed grown farther south. It is folly to use cheap tomato seed for it takes only a few ounces to plant an acre.

Jung's Private Stock "John Baer"

This is a widely grown and very popular early Tomato. First fruits ripen early and it continues to bear for a long time. Plants are vigorous growers and bear the large, smooth red fruits in great quantities. It has always been a great favorite with our customers. Market gardeners, with whom earliness is a great factor will find that our northern grown seed will produce a crop that will ripen earlier, produce a larger crop and more solid fruit, than seed grown farther south. Plant JUNG'S JOHN BAER once and you will not be without it again. Price of seed of our own growing: Pkt. 10c; ½ oz. 40c; oz. 75c; ¼ lb. \$2.00; lb. \$6.50.

SUPER SELECT JOHN BAER—For gardeners who want something extra special we offer seed of this fine tomato that was saved from a few extra choice plants. This seed is only from the earliest of crownset fruits. Sure to please. Pkt. 15c; ½ oz. 65c; oz. \$1.00; ¼ lb. \$3.00.

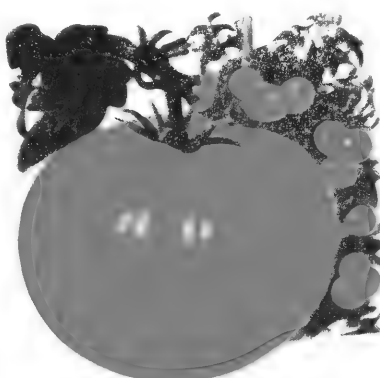

URBANA or GIANT EVERBEARING—A wonderful tomato that commences to ripen early and continues to bear throughout the season; the later fruit is just as perfect as the first. It has been tried out in all parts of the U. S. and on different soils and always proved successful. The plants make strong vines that produce large numbers of fine tomatoes from each plant. The fruits are large, solid and smooth, free from cracks and ripen up evenly to the stem. Fruits are a bright glossy red. Flesh is solid, contains few seeds and is of exceptionally fine flavor. Choice seed of our own growing. Pkt. 10c; ½ oz. 40c; oz. 75c; ¼ lb. \$2.00.

MARGLOBE or CORELESS—We consider this the most ideal main crop tomato as it is wilt-resistant and produces a larger crop of large smooth fruits than any other variety. Marglobe is a beautiful scarlet globe-shaped tomato, fruits are very smooth, free from core and often weigh 1 pound each. We offer select seed of our own growing. Pkt. 8c; ½ oz. 40c; oz. 75c; ¼ lb. \$1.95.

SUPER SELECT MARGLOBE or CORELESS—This seed has been saved from only the first or crownset fruits. The plants were especially selected for producing large, early-ripening tomatoes. Pkt. 15c; ½ oz. 65c; oz. \$1.00; ¼ lb. \$3.00.

JUNG'S GIANT CLIMBING—Enough tomatoes for an average family can be grown from a small space by planting this vigorous tomato and supporting the plants on a trellis or stakes. Vines will grow 6 to 8 ft. tall and bear tremendously. Fruits are very large in size, smooth, solid, deep red in color and ripen up evenly to the stem. May also be grown like ordinary varieties but be sure to give the plants plenty of room. Select seed of our own growing. Pkt. 12c; ½ oz. 50c; oz. 80c.

A. E. Crawford, Cal.—We like your seeds very much. The Golden Tomato makes most delicious juice and it can't be beat for slicing and salads.

JUNG'S EARLIEST TREE

Jung's Earliest Tree

Enormous Yields, Bright Red, Early and Large.

A splendid variety for the home garden. It is the largest fruited dwarf tree Tomato. The plants grow to a height of about 2 ft. and are stiffly erect until they become over-loaded with fruit. The fruit is produced in clusters of 3 to 5 and as the growth is close-jointed each plant produces a large number. The tomatoes are of large size, and are smooth and solid. Fruits have a solid meaty center and no hard core and produce but very little seed. We consider the Earliest Tree invaluable for the home garden or shipping purposes. Pkt. 10c; ½ oz. 45c; oz. 80c.

GOLDEN DWARF CHAMPION—The famous Golden Dwarf Champion owes its wide popularity to its stiff, vigorous growth, smooth fruit and fine color. Plants are bushy and compact with heavy dark green foliage. The tomatoes are always smooth, round and solid and of a beautiful lemon color. Nothing makes a more tempting dish than red and yellow tomatoes sliced together. This variety has an unusual flavor, especially fine for preserves as it does not require as much sugar as other varieties. Pkt. 10c; ½ oz. 45c; oz. 80c.

GOLDEN DWARF CHAMPION

TRUCKER'S FAVORITE

TRUCKER'S FAVORITE—Very uniform in shape and size; thick, heavy and solid; one of the largest tomatoes grown. The fruits are of a purplish red or pink color, always smooth and fleshy. They hold their size to the very last picking and ripen well to the stem. The vines are not subject to blight or rust and produce enormous crops until killed by frost. Delightful in quality and flavor and unequalled for slicing or cooking. As a dependable main crop Tomato, Trucker's Favorite cannot be beaten. Pkt. 10c; ½ oz. 40c; oz. 75c; ¼ lb. \$2.25.

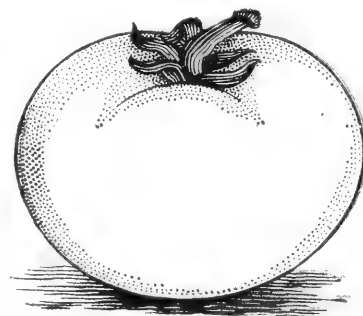

GIANT OXHEART

Giant Oxheart

THE LARGEST OF ALL TOMATOES—Superb in Quality, Firm, Solid Flesh—If you wish to surprise your friends with truly large tomatoes plant Oxheart. Single fruits have been grown weighing 2 lbs. each. The fruits are Oxheart shaped, deep pink in color and are almost all solid meat as they contain but few seeds. The size and quality of this new Tomato will delight and please you. Pkt. 15c; ½ oz. 75c; oz. \$1.25.

WHITE WONDER—A wonderful tomato which has creamy white skin and flesh. The fruit is free of the usual acids and can therefore be enjoyed by persons who cannot eat red tomatoes on account of the acids they contain. The fruits are very firm and when cut open show a firm flesh. As a tomato for slicing or salads, it is unsurpassed. Be the first one to grow this new tomato and surprise your neighbors. We offer you choice seeds of our own growing. Pkt. 10c; 3 pkts. 25c.

WHITE WONDER

Prevent Tomato Blight By Using Du Pont Garden Dust

We can highly recommend this preparation as it may be used as a spray or dust. It will not only protect your plants from insects of all kinds but will also prevent disease such as blight, rust and wilt. Especially good on Potatoes and tomatoes as it will keep the vines green and healthy, also for flowers such as roses, phlox and others that are subject to blight, rust or mildew. This combination is all that is needed, not necessary to use several different sprays or dusts. Full instructions on every can. 8 oz. (filled) Dust Gun 85c; 1 lb. can \$1.20; 3 lbs. \$2.95.

HERBS

ANISE Used for cordials, garnishing and flavoring. The seeds have an aromatic taste. Pkt. 5c.
DILL—Used in large quantities in making Dill Pickles; also for flavoring vinegar. Pkt. 8c; oz. 25c.
SAGE—Sow in rich soil and thin plants to 15 in. apart. Used for flavoring and dressing. Pkt. 8c.
SWEET MARJORAM—The leaves and end shoots are esteemed for seasoning in summer and also dried for winter use. Pkt. 8c.
SUMMER SAVORY—The leaves and flowers are used extensively for flavoring, particularly in soups and dressings. Pkt. 8c.
THYME—The leaves are used for seasoning. Pkt. 8c.
1 Pkt. of each of above Herbs for 45c.

FANCY PRESERVING TOMATOES

Fancy Small Tomatoes

FANCY MIXED PRESERVING—In a packet of this seed you will receive a fine assortment of the different small fruited varieties such as Red and Yellow Pear, Plum, Cherry and Peach. These tomatoes are all of unusually sweet, rich flavor and excellent for making preserves. As they are such prolific yielders a few plants will supply an average family. Pkt. 8c; 2 pkts. 15c.

MAMMOTH WHITE BUSH

BANANA SQUASH

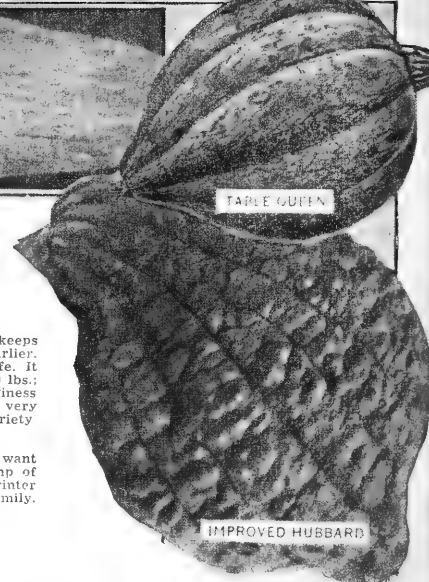

TABLE QUEEN

IMPROVED HUBBARD

Jung's Select Squash

The Great Banana Squash

Resistant to Bugs. Good Keepers. Superb Quality.

This squash is better shown in the illustration than we can describe it. It keeps equal to Hubbard, is fully as good in quality, more prolific and ripens earlier. The color is grayish green, shell soft so that it can be cut with a knife. It grows 18 to 30 in. long and 6 to 8 in. in diameter, many weighing 25 to 30 lbs.; flesh is very thick, deep orange in color, entirely free from fibre and stringiness. Cooks up perfectly smooth and of the most delicious flavor. Vines are very vigorous growers and more resistant to squash bugs than any other variety. Pkt. 8c; oz. 25c; 1/4 lb. 65c; lb. \$1.90; 5 lbs. \$9.25.

TABLE QUEEN—A squash that will suit the most exacting taste. If you want something in extra fine 'eats' cut one of the squash in half, put in a lump of butter and bake; this serves one amply. It ripens early, will keep all winter and is so productive that a few hills produce enough for an average family. Pkt. 8c; oz. 25c; 1/4 lb. 60c; lb. \$1.75.

GIANT STRAIGHTNECK — A new highly desirable summer squash that is replacing the older crookneck type. It is easier to pick, will yield just as heavily and is of the same appearance as Giant Crookneck. The neck is heavier and gives more edible squash and is easier to prepare for the table. Pkt. 7c; oz. 20c; 1/4 lb. 45c.

Uconn or Bush Table Queen

This splendid new squash has all the good qualities of the old variety and in addition is a true bush type so you can now grow superb quality squash in a small space. Vines grow only about 3 ft. long and bear from 3 to 6 squash on a vine. The squash are just the right size to serve baked or buttered and they will keep all winter, also a fine variety for pies. Pkt. 10c; oz. 25c; 1/4 lb. 65c; lb. \$1.85.

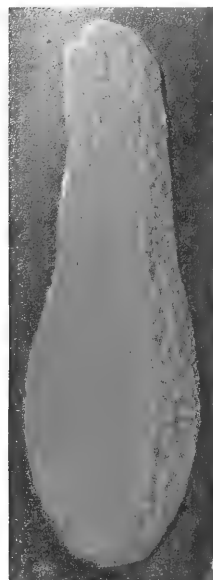

Cocozele Summer Squash

The Most Delicious and Finest Flavored Summer Squash.

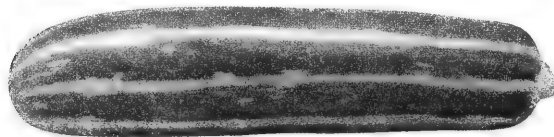

Of compact bush growth, the vines yield heavily of fruit averaging 14 in. long and 5 in. in diameter, dark green in color with the yellow and green striping. Used when 10 in. long and perfectly green. Pkt. 8c; oz. 20c; 1/4 lb. 60c; lb. \$1.75.

BUSH TABLE QUEEN

GIANT STRAIGHTNECK

COCOZELLE

"BUTTERCUP" The Quality Squash

Superb Quality. Excellent Keeper. Heavy Yielder.

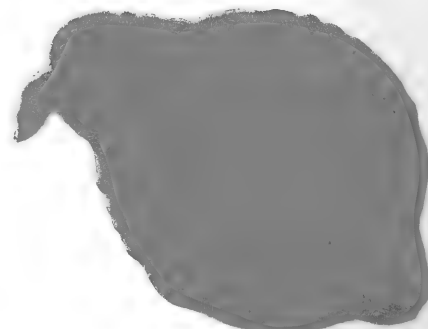

A splendid winter squash developed by Prof. Yaeger of the No. Dak. Exp. Station. The squashes weigh 3 to 5 lbs., are dark green in color, mature early, and are excellent keepers. Flesh is very thick, deep orange in color, very sweet, and entirely free from fibre of any kind. The Highest Quality Winter Squash. Pkt. 10c; oz. 25c; 1/4 lb. 75c; lb. \$2.50; 5 lbs. \$12.00.

Mrs. M. F. Jachimowicz, Mich.—The Gladioli you sent me were grand and produced wonderful blooms.

Protect Your Squash from Insects by Using Red Arrow Spray. See Page 2.

BUTTERCUP SQUASH

GOLDEN HUBBARD

GOLDEN HUBBARD—An elegant Winter Squash. Flesh a deep golden yellow, much richer in color than Hubbard; fine grained, cooks very dry and is of excellent flavor. In keeping quality it has no superior. Its productiveness, combined with its sweet rich flavor, attractive color and shape are bound to make it a popular fall and winter variety. Golden Hubbard is a sport from the well known Hubbard which it closely resembles in every respect except in color, which is a bright golden yellow. Pkt. 8c; oz. 25c; 1/4 lb. 65c; lb. \$1.85; 5 lbs. \$9.00.

Jung's "Top Notch" Gladioli

EVANGELINE — A gorgeous light pink that has size and beauty. Under normal conditions will grow spikes 5 ft. tall with 8 to 9 huge heavily ruffled flowers open at one time. A regal beauty in every way. Each 25c; 3 for 65c; 12 for \$2.00.

REGAL RED—If you wish something that will give you a real surprise then plant some of these new "super glads". They will grow 5 to 6 ft. tall and the long, straight, husky stalks will open 6 to 7 blossoms at one time and each stalk will have 15 to 20 buds. The flowers are a rich, deep, fiery red, many of the single florets 6 to 7 in. across. Each 30c; 3 for 75c; 12 for \$2.25.

STRAWBERRY PEACH—This royal beauty is gorgeously ruffled, of a rare buff-pink with a soft red in the throat. For rare beauty it is in a class by itself. Each 25c; 3 for 65c; 12 for \$2.00.

REGAL RED WHITE GODDESS NOWETA ROSE

GOLD — One of the outstanding "glads". Clear rich deep golden yellow. Large well ruffled flowers, well placed on strong spikes. With good care will grow 4 to 5 ft. tall. Each 35c; 3 for \$1.00; 12 for \$3.25.

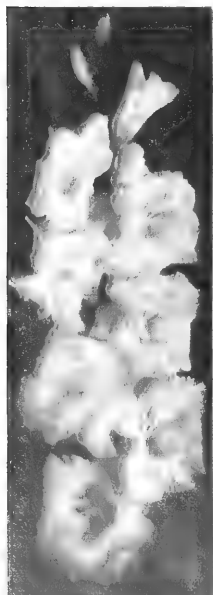

NOWETA ROSE — One of the most beautiful and popular new glads. Clear, rich lavender rose, nicely ruffled and well placed on tall, straight spikes. A splendid variety for any purpose. Each 30c; 3 for 75c; 12 for \$2.25.

WHITE GODDESS — The outstanding white, a truly exotic beauty. The lovely ruffled white florets are produced on heavy straight spikes, often 6 to 7 open at one time. Will grow 5 to 6 ft. tall with flower heads often 2 ft. long. Each 30c; 3 for 75c; 12 for \$2.25.

Eliz. Shellenberger, Pa.—Have used your seeds for several years and they are truly as represented. As for Banana Squash there are none any better.

RECOMMENDED BY **J. W. JUNG SEED COMPANY**

Jung's Select Flower Seeds

The same care and time used in growing our garden seeds also enters into the production of our flower seeds. They are grown from the most select stocks, carefully tested for germination, in fact you will

find Jung's Flower Seeds to be equal to the best offered anywhere. With every order of 50c or more we send a booklet on growing flowers free if requested on order.

ASTERS

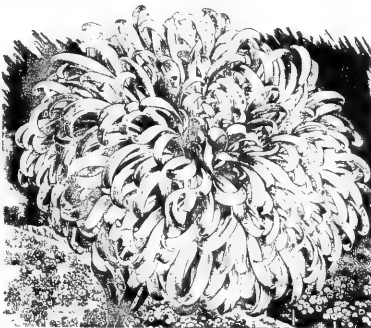

JUNG'S SCARLET GEM—The most attractive of all Asters being a brilliant red. The flowers are large and full and are borne on a tall robust plant. Most effective for either beds or bouquets as their bright color makes them showy no matter where they may be placed. We know all of our customers will be delighted with it. Pkt. 10c; 1/4 oz. 30c.

New Giant

White Chrysanthemum

A new mammoth flowered Aster the blooms of which rival Chrysanthemums for size and beauty. The flowers are 5 to 6 in. across, very double and the long lacy petals make it unusually beautiful. The large flowers are borne on long stems and often 5 and 6 flowers on a plant. The size and beauty of these Asters are truly amazing. Pkt. 15c; 2 pkts. 25c.

JUNG'S RUFFLED GIANTS—Everyone is sure to admire these beautiful giant flowered Asters. The immense flowers are 5 to 6 in. across and rival Chrysanthemums for bouquets as they are borne on long stems and will last 10 days to 3 weeks if given fresh water. White, Rosy Red, Shell Pink, Violet, and Mixed. Pkt. 10c; 1 pkt. of each color for 35c.

WHITE CHRYSANTHEMUM ASTER

RUFFLED GIANTS ASTERS

Mrs. Blanche Sparks, Iowa—*I have such good luck with your seeds. People sure praise my flowers "the loveliest".*

Growing Flowers

You can have an abundance of flowers from early summer until frost by sowing Jung's select Flower Seeds and following the simple instructions in our booklet, "How to Grow the Most Beautiful Flowers." Sent free, when requested, with all orders.

Blue Lace Flower

A beautiful and interesting annual which seems to have been lost sight of in the last few years. It blooms most profusely from July 'til November, plants grow about 18 in. high and have as many as 50 flowers open at one time, color an exquisite pale lavender. Pkt. 8c; 2 pkts. 15c.

Candytuft

LITTLE PRINCE—This is a dainty and distinct Candytuft, the plant growing only about six inches high and bears immense spikes of snow-white flowers in great abundance. Pkt. 7c; 1/4 oz. 20c.

FANCY MIXED—These Candytufts are very profuse bloomers and come into bloom soon after sowing and remain in flower for a long time. May be sown in solid beds or used for edging or borders. Pkt. 7c; 1/4 oz. 15c.

Cockscomb

GIANT PRIZED MIXED—Wonderfully showy annuals producing crimson and yellow flowers or combs of immense size. Very easy to grow. Cut when partially open and dry in shady place and they make excellent winter bouquets. Pkt. 7c; 1/4 oz. 25c.

Scarlet Runner Bean

One of our fastest growing annual vines. Bears large clusters of showy bright scarlet flowers. Pods are tender when young and may be used like any pole bean. Both useful and ornamental. Large Pkt. 7c; oz. 15c.

Mrs. R. E. Gaines, Minn.—*Am advising my friends to plant Jung's Seeds, they produce the best of any I have ever planted.*

Mrs. D. W. Core, Ohio—*The Clarkias were simply superb and a great joy to our family and friends with whom I shared plants.*

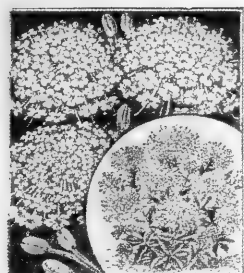

JUNG'S SCARLET GEM

YELLOW CHRYSANTHEMUM

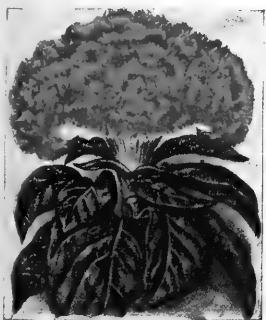

YELLOW CHRYSANTHEMUM—The rarest and newest Aster, being a delicate canary yellow, a new color that will be welcomed by every Aster lover. The flowers are of good size, remarkably full and double with centers well covered. Flowers are produced so numerous that a plant looks like a golden dome. Pkt. 10c; 1/4 oz. 30c.

BLUE LACE FLOWER

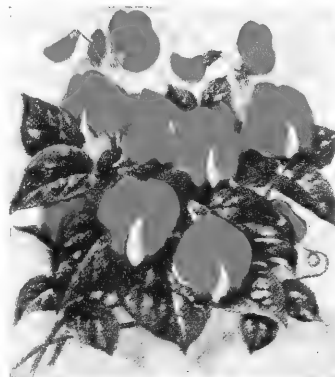

FANCY MIXED CANDYTUFT

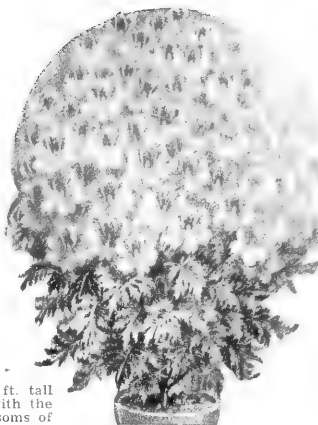

COCKSCOMB

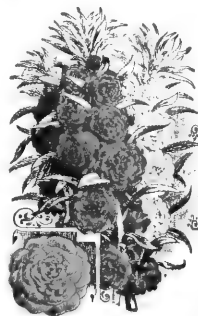

LITTLE PRINCE

SCARLET RUNNER BEAN

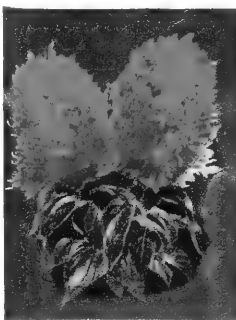

BUTTERFLY PLANT

BALSAM

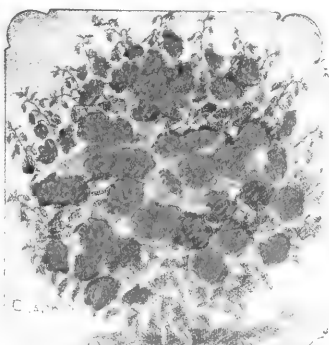

BABY'S BREATH

CHINESE WOOLFLOWER

Art J. Burke, Minn.—*A most wonderful garden from your seeds. Many ask for the name of your Clarkia, it is particularly lovely.*

Geo. Scherasky, Wis.—*The Annual Chrysanthemums you sent me were just beautiful.*

Butterfly Plant

GIANT FLOWERED MIXED

Wonderfully showy plants having leaves like fern and blossoms like an orchid. The plants grow 1 1/2 to 2 ft. tall and are literally covered with the exquisite butterfly-like blossoms of almost every known shade and color. These flowers are of lasting substance and a plant in bloom makes a truly beautiful sight. They are easy to grow in the garden and will also make beautiful pot plants for winter flowering. Pkt. 12c; 2 pkts. 20c.

Balsam

DEFIANCE MIXED—A favorite quick growing annual. The plants form symmetrical well branched erect bushes about 2 feet high. The branches are well covered with beautiful double flowers. The colors include white, rose scarlet, crimson, purple, lilac and violet. Our strain of these is unsurpassed for size of blooms, doubleness and beauty of flowers. Pkt. 8c; 1/4 oz. 20c.

Mrs. J. Jensen, S. D.—*Planted your flower seeds last year and was delighted with them; Asters especially were beautiful.*

Harriet B. Palmer, Ill.—*We have always been satisfied with Jung's seeds and plants.*

Postage--Notice!

Rather than increase all of our prices to cover the higher postage rates we are making a small charge for postage to only cover the higher parcel post rates now in effect. See Page 36.

Baby's Breath or

Gypsophila

GIANT PARIS MARKET—These hardy annuals produce feathery sprays of tiny, pure white star-like flowers that are highly esteemed for cut flowers as they lend a most graceful effect when combined in bouquets. Successful plantings should be made if you wish a supply throughout the season. Pkt. 8c; 1/4 oz. 15c.

Baby Golden Glow

A most charming annual growing about 15 to 18 in. high bearing scores of bright yellow flowers. Seeds should be started indoors; the plants will begin to bloom almost as soon as set in the open ground affording an unlimited supply of cut flowers. One of the best bedders. Likened to Golden Glow on account of color, shape and profusion. Pkt. 8c; 1/4 oz. 20c.

Chinese Woolflower

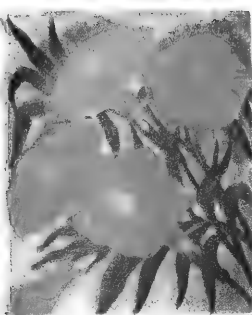

The plants average 2 feet in height branching freely, each shoot bearing a beautiful ball of wool in pink, yellow and scarlet. It flowers early and profusely and the heads of bloom mixed with fresh green foliage makes the plant look like an immense bouquet set in the ground. They continue to grow with a richness of color all summer and fall. Very much used for winter decorations. Pkt. 8c; 3 pkts. 20c.

Clarkia

GIANT FANCY MIXED

For rare gracefulness and beauty, few annuals will surpass Clarkias. Suitable for either the border or bouquets. They grow erect to a height of 2 ft. and the branches for their entire length are covered with double flowers resembling carnations or rosettes. Pkt. 7c; 1/4 oz. 20c.

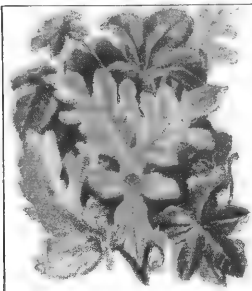

Mrs. F. Wohlgenut, Wis.—*The "Pinks" were beautiful beyond description. Your seeds always grow.*

CARDINAL CLIMBER

Cardinal Climber

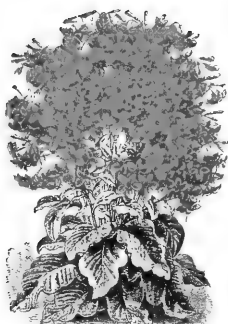

One of the most beautiful annuals we know of and should be grown by every lover of vines or climbers. The foliage is like a palm leaf, rich, glossy green with fringed edges against which the brilliant scarlet flowers, about one inch across, show off beautifully. In a warm sunny location and rich soil it grows about 20 feet in height. It is of rapid growth, free from insects and a beautiful vine for porches or trellises. Pkt. 10c; 3 pkts. 20c.

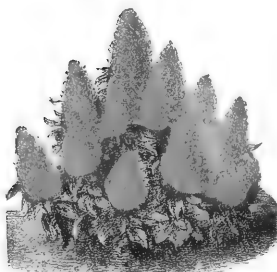

CANARY BIRD VINE

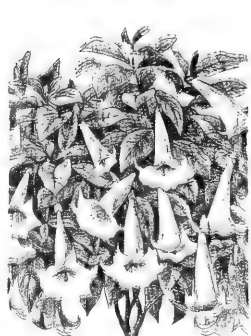

GAIEY PINKS

NICOTIANA

MIGNONETTE

DATURA

Angel's Trumpet or Datura

Annual growing to a height of 2 to 3 ft. and producing large lily-like trumpet shaped flowers that are very fragrant. A plant in bloom is a beautiful sight and perfumes the whole garden. Our seed will produce both single and double flowers. For best results they should be started indoors and later transplanted into the open. Pkt. 10c; 3 pkts. 25c.

Geranium

GIANT ZONALE HYBRID—It is not generally known that geraniums can be easily grown from seed, in fact some of the finest new varieties are started from seed. Seed sown early will produce flowering plants the first year. Our seed contains a great variety of colors and there is much pleasure in watching them develop from seed to blooming plants. Pkt. 15c; 2 pkts. 25c.

Canary Bird Flower

A dainty vine with fine, fern like foliage that blossoms freely throughout the summer and fall, will also grow in partially shaded places. Flowers are clear canary yellow, very bright and attractive with their fringed petals which resemble a canary with open wings. Pkt. 5c; 2 pkts. 15c.

Dianthus or Pinks

GAIEY MIXED—A new strain of "Pinks" noted for their giant sized flowers, their rich colors and exotic beauty of both the single and double blooms. Come into flower in a very short time and continue to flower for a long period of time. Well suited for beds or cutting as the large flowers are produced on long stems. Pkt. 10c; 1/2 oz. 25c.

Mrs. Chas. Heintz, Wis.—We have planted your seeds for over twenty-five years now. We always have a big garden of vegetables and flowers we raised from JUNG'S seeds. Also had good results with bulbs and plants.

Nicotiana

CRIMSON BEDDER—A splendid bedding plant being bright in color and remaining in bloom for a long time. Flowers are a deep rich red and very fragrant. Free flowering bushes grow to a height of 12 to 15 in. Pkt. 10c; 3 pkts. 25c.

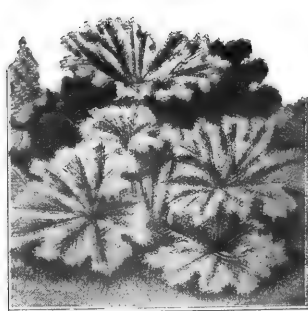

Mrs. Henry Pask, Wis.—All your seeds are just wonderful. Flowers grown along the highway make people stop to admire.

Mrs. Woodrow Deberry, Tenn.—The pansies I got from you are beautiful.

Mignonette

BISMARCK—One of the grandest mignonettes ever introduced. It is remarkable for size, color, fragrance and profusion of blooms. Flowers spikes are of giant size. Measuring 6 to 8 in. long and fiery red in color. Very showy as the bright flowers contrast effectively against the deep green foliage. Pkt. 8c; 2 pkts. 15c.

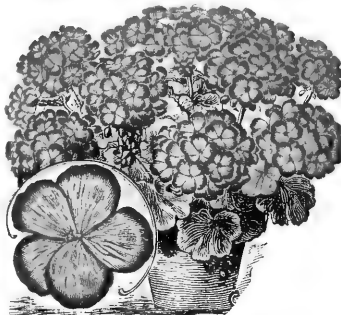

FINEST MIXED—A fine mixture, grows rapidly and produces fine spikes of blossoms during the cool weather of spring and fall. Make a second sowing in August to furnish fall flowers. Pkt. 7c; 1/2 oz. 15c.

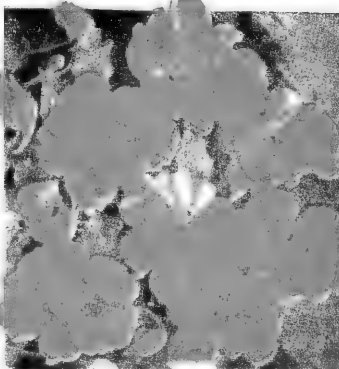

CASTOR OIL BEAN

Castor Oil Bean

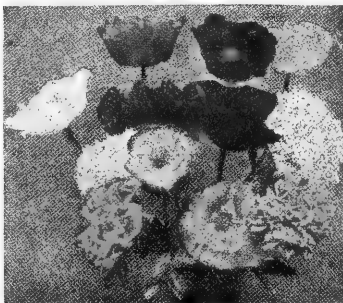

Our fastest growing ornamental plant, very useful for back-grounds or the center of a large flower bed. They are very ornamental as the large broad leaves are glossy green or bronze in color, palm shaped and give a tropical appearance. Large Pkt. 7c; oz. 20c.

GERANIUM

GOLDEN GLEAM NASTURTIUM

ANNUAL POPPIES

LAVERTA

CHRISTMAS KOCHIA

Christmas Kochia

A great improvement on the old variety as this new strain retains its beautiful color until late in the winter while the old variety dried up in September. The bushes are a mass of dense live green in summer while after frost they turn to rosy claret red and are highly ornamental after all other shrubs are dead. The effect of this color against the snow is certainly a beautiful sight. The plants grow 3 to 4 feet high and very dense and symmetrical from the start. Pkt. 7c; 2 pkts. 10c; 1/4 oz. 15c.

Annual Hollyhocks

INDIAN SPRING—Semi-double fringed flowers from delicate pink to rosy carmine are freely produced on 4 to 5 ft. stalks the first season. Seed sown in March will bloom in August. Plants will live over winter and flower again the following year. Pkt. 10c; 2 pkts. 15c.

Mrs. W. Gleghorn, Ohio—The Carnations raised from your seeds are beautiful; they are the pride of my garden.

Double Nasturtium

GOLDEN GLEAM—The most popular flower ever introduced, a double flowering, sweet scented Nasturtium of rare beauty. Plants make a strong growth; they commence to bloom early and remain in flower until hard frosts. The large, double golden flowers, 2 1/2 to 3 in. across, are borne on long stems and have a delightful odor. Pkt. 7c; 1/2 oz. 15c; oz. 25c.

Climbing Nasturtium

JUNG'S GIANT CLIMBING—This mixture is absolutely unsurpassed. Nothing can excel the wealth, richness and variety of these Nasturtiums for trellis, window boxes or bush planting, nor surpass them in freedom and profusion of bloom. On good soil they grow 8 feet tall. Our mixture includes a wonderful diversity of colors, some are solid while others are beautifully mottled and striped. Pkt. 7c; 1/2 oz. 15c; oz. 25c.

NOTICE!

Owing to the higher parcel post rates now in effect it is necessary to make a postal charge of enough to cover this raise in rates. See detailed information on page 36.

Everblooming Wonder Lily

A wonderful new hardy Lily that will bloom from seed the first year if started early. Flowers very much resemble Easter Lilies, being pure white inside, slightly tinged deep rose on the outside. They grow 3 to 4 ft tall and often produce 10 to 15 flowers on a stem. Will increase in size and beauty from year to year. Pkt. 10c; 3 pkts. 25c.

EVERBLOOMING LILY

Annual Poppies

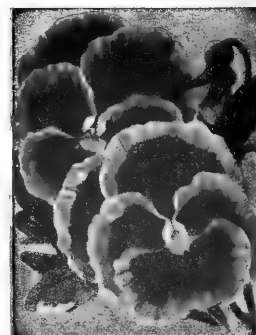

JUNG'S SUPERB MIXED—A grand mixture of the best single and double Poppies in a wide variety of type and colors. Their brilliant colors will make a bright spot in your garden, they are easy to grow and will succeed under the most trying conditions. Pkt. 7c; 1/4 oz. 20c.

Lavatera

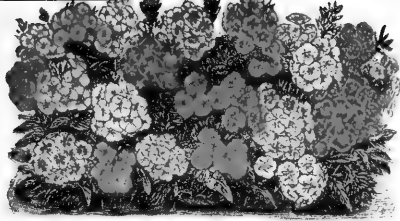

ROSY MORN—These handsome flowers should be grown by every flower lover. Plants grow 2 ft. in height and produce a mass of charming rose-pink flowers. Very useful for showy beds or borders and as the flowers are borne on long stems they are very useful for vases and bouquets. It is easy to grow and sure to please. Pkt. 8c; 1/2 oz. 20c.

Jung's Superb Pansies

This is a popular large flowering type just what you want for a pretty bed. The plants make a strong growth and flower freely. This mixture comprises many beautiful varieties and we know you will be delighted with it. Pkt. 12c; 1/2 oz. 45c.

SUPERB PANSIES

DWARF PHLOX

Dwarf Phlox

NANA COMPACTA MIXED—This splendid race of dwarf annual Phlox cannot be over-praised for brightness and beauty. The plants are always lavishly covered with large flowers of the most brilliant hues. Nothing better for bedding purposes is listed in this catalog. Bushes are dwarf and compact, 6 to 8 inches high, forming dense masses of bloom all summer. The colors include pure white, deep and showy red with white eye and many other shades. Pkt. 10c; 1/4 oz. 40c.

Nigella—Love-in-a-Mist

Phlox Drummondii

GRANDIFLORA MIXED—This superb strain is notable not only for variety and brilliancy of colors but also for the perfection and size of the flowers. Many of the single flowers are so large they will nearly cover a 50-cent piece. The colors range from pure white to deepest red or crimson while the clear eye of some of the flowers is peculiarly marked. Pkt. 8c; 1/4 oz. 35c.

Nigella or Love-in-a-Mist

NIGELLA—A lovely free flowering annual suitable for either beds, borders or bouquets. The dainty blue flowers are borne on long stems, splendid for either beds or cutting. An unusually fine bed for flowers may be had by sowing these and California Poppies in the same bed. Pkt. 7c; 1/4 oz. 15c.

Mrs. Enlow Campbell, Penna.—I am very much pleased with your seeds, especially the flowers which bloomed beautifully.

Tulip Poppy

A very desirable hardy annual. Seed sown in May will produce plants that commence to flower in July and from then until hard frosts are in continual bloom. Flowers are tulip-shaped, of deep golden color and are the only poppy suitable for cutting, lasting fully a week. Pkt. 8c; 2 pkts. 15c.

Satin Flower or Godetia

An easy growing annual that rivals the Azalea for beauty of its fine rose-like blossoms. Seed may be sown in the garden and by July they are a complete mass of blossoms completely hiding the foliage. Blossoms, shiny like satin, deep rose colored and remain in blossom a long time. Pkt. 8c; 2 pkts. 15c.

Mrs. J. B. Lee, Louisiana—I in regards to the flower seeds that I ordered from you last year, I can say I have never seen so many pretty flowers as I had. My neighbors all raved about them. I can surely recommend every seed.

Mrs. S. Haboff, Wis.—I was so pleased with all the vegetable and flower seed. The Torch Tithonia was almost 8 feet high with a mass of flowers. The Dahlias, asters, zinnias were just beautiful and so big. Everyone admired them.

Sweet Alyssum

LITTLE GEM—Free flowering, handsome annuals for beds, edging, etc. This variety is very dwarf and blooms profusely, forming a mass of solid pure whiteness throughout the summer. Excellent for either beds, borders or edging. Try it once and you will always want it. Pkt. 7c; 1/4 oz. 20c.

Double Sunflower

SUN GOLD—Grows 4 to 5 feet tall. Perfectly double. Color is the brightest golden yellow. The plants branch and afford fine stout stems for cutting. This gigantic Sunflower will be of great value for the hardy garden and herbaceous border. The flowers are so perfect in form that they resemble Chrysanthemums. Pkt. 10c; 1/4 oz. 25c.

Torch Tithonia

The top "All America" winner in 1951 and well deserves that honor. Grows 3 to 4 ft. tall and well adapted for background or even a hedge, blooms from early summer until frost, blooms very profusely. Flowers resemble single dahlias and are well suited for cutting. For best results give the plants plenty room to develop. Will do best if planted in full sun and should have very little fertilizer and not too much moisture. Pkt. 10c; 3 pkts. 25c.

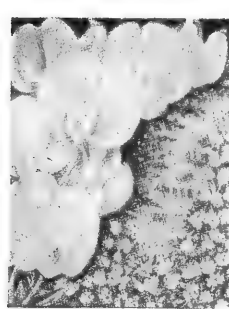

Annual Gaillardia

INDIAN CHIEF—Easily grown annuals which are a mass of brilliant red when in full bloom. Grow to a height of 12 to 15 in.; bloom for a long time and well suited for beds, borders and also bouquets. Pkt. 8c; 1/4 oz. 20c.

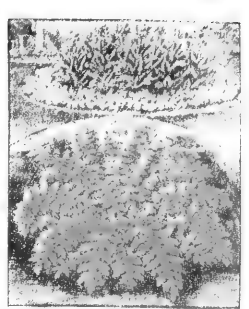

Mrs. S. Hazen, Ill.—Our flowers grown from your seeds were wonderful.

INDIAN CHIEF GAILLARDIA

HARDY SWEET PEAS

PYRETHRUM

Hardy Sweet Peas

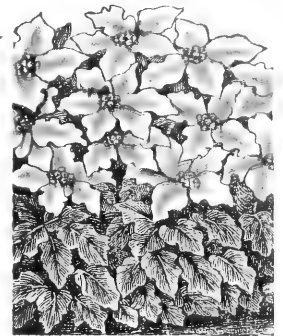

JUNG'S FANCY MIXED—The plants are hardy and increase in size and beauty from year to year. Vines may be trained on a trellis or allowed to cover rocks or other objects. Produces a mass of sweetpea-like flowers in clusters of 8 to 10 and come in shades of white, pink and deep rose. Pkt. 12c; 2 pkts. 20c.

Pyrethrum

AUREUM—One of our most attractive and useful plants for borders and edgings. Grows 8 to 10 in. tall. foliage is an attractive golden color contrasting well with other green foliage plants. Pkt. 8c; 1/4 oz. 25c.

Summer Poinsettia

An easily grown annual, growing 18 to 24 in. tall. About the middle of the summer the top center leaves turn to a rich orange scarlet resembling a Poinsettia. Also useful for bouquets. Pkt. 8c; 3 pkts. 20c.

SUMMER POINSETTIA

Dwarf Amaranthus or Molten Fire

A dwarf annual sure to attract attention by reason of its attractive foliage which at first is bronze colored and as the plants attain a height of 12 to 15 in. the tips of the branches open like a poinsettia taking on a bright scarlet and gold color. Very showy for either beds or borders. Pkt. 10c; 1/4 oz. 25c.

Growing Flowers

With every order of 50c or more we will send free, if requested a copy of our booklet on growing vegetables and flowers. This will tell you when and how to sow the different seeds and by following these instructions you should have no difficulty in making your garden both beautiful and useful.

AMARANTHUS

Annual Sweet William

HARDY ANNUAL MIXED—The old favorite Sweet William as all know does not flower until the second year but this new strain will begin to bloom in 50 to 60 days from seed sown in the spring and will continue to blossom all summer. The flowers or heads are of large size, very fragrant and of various colors, white, crimson, rosepink, etc. Pkt. 10c; 1/4 oz. 25c.

Snowdrift Stocks

An extra early strain of these popular annuals coming into flower 3 to 4 weeks before the other strains. Plants are covered with flowers from summer until hard frosts and as the flowers are produced on long spikes they are splendid for cutting or bouquets; very fragrant. Pkt. 10c; 3 pkts. 25c.

ANNUAL SWEET WILLIAM

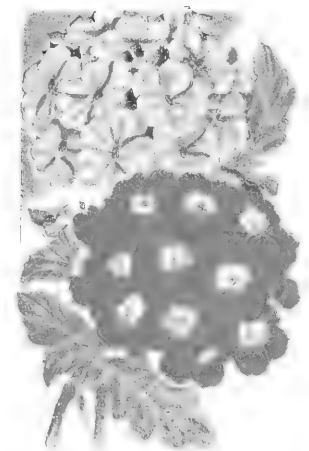

Mrs. M. E. Brown, Pa.—Your plants and seeds are very nice and also reasonable in price.

Verbena

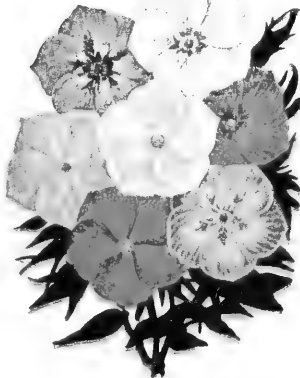

FAIRFIELD FAMOUS MIXED—We offer you a giant flowered mixture of these beautiful annuals. The trusses measure 9 to 12 inches in circumference and the individual florets on well grown plants measure 1 inch across. They bloom freely, are vigorous in growth and contain beautiful new colors and shades. A mass of bloom from July until heavy frosts. Pkt. 8c; 1/4 oz. 35c.

PARCEL POST CHARGE

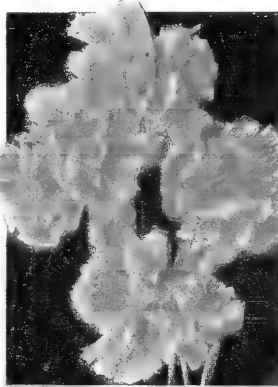

Due to the higher parcel post rates now in effect it is necessary to make a postal charge of enough to cover this raise in rates. See detailed information on page 36.

SUNFLOWER

Hardy Biennials and Perennials

We offer a list of the most popular biennials and perennials, varieties that are easy to grow and sure to please.

AQUILEGIA or HONEYSUCKLE—Giant Fancy Hybrids.—By all means plant a few of these wonderful perennials, they are perfectly hardy and easy to grow. They grow strong, thrifty bushes and produce flowers of the largest size. We offer a select strain containing beautiful tints and color combinations, hardly two plants producing flowers that are exactly alike.

COREOPSIS—Grandiflora Mixed.—These fine hardy perennials are sometimes called yellow daisies. The beautiful rich golden flowers are borne on long graceful stems. They flower for a long period of time and will blossom the first year if started early.

CANTERBURY BELLS.—Giant Flowered Mixed—These hardy biennials are old time favorites but are becoming more popular every year. They grow stately bushes 2 to 3 ft. tall and produce a profusion of the handsome bell-shaped flowers. They make a brilliant show and are well suited for either gardens, borders or mixed among shrubs. We offer a superb mixture.

FOX GLOVE—Mammoth Flowered Mixed.—For stately beauty in the garden, tall border or among shrubs the Fox Glove stands supreme. Produces enormous spikes 4 to 6 ft. in height and flower heads are often 3 ft. long. Colors range from pure white and shell pink to deep rose and many are beautifully spotted.

DELPHINIUMS—Fancy Blue Hybrids.—These graceful flowers rank among the fairest gems of our perennial flower gardens. In color they may be compared to a clear blue sky, in fact they are the finest shade of blue to be had in flowers. They are grand for cutting and very graceful for bouquets.

GAILLARDIAS—Giant Fancy Hardy.—A very desirable and showy hardy perennial that should have a place in every border or garden. They thrive in almost any place and will produce giant crimson and gold flowers that make unusually striking bouquets.

FANCY HARDY LUPINE.—These beautiful hardy plants produce handsome bushes of green foliage from which arise in continuous succession the long stately spikes of sweet-pea shaped flowers. Spikes of bloom a foot long are produced on long stiff stems. Colors are both rich and delicate in white, blue and pink but offered only in mixture.

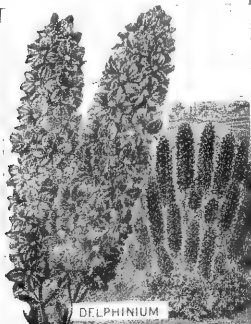

HARDY BLUE STOKESIA.—A beautiful hardy plant that will do well in any sunny position. Bushes grow 2 to 3 ft. tall and blossom freely from June until September. Flowers measure 4 to 5 in. across, bright lavender-blue in color and being borne on long stems are invaluable for cutting.

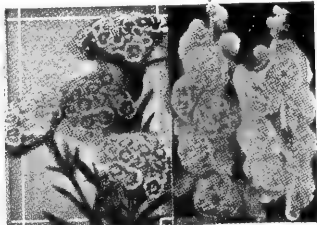

CLOVE PINKS

Hardy Clove Pinks

Fancy Double Mixed.—A grand new strain that rival carnations for beauty, free flowering and very fragrant. Flowers 1½ to 2 in., and in a wide range of colors.

DELPHINIUM

SWEET WILLIAM

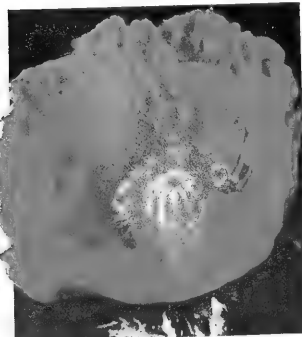

HOLLYHOCKS

HOLLYHOCKS—Double Rose Flowered Mixed.—These are old time garden favorites but of late years are becoming very popular and well they may as they are the most majestic of the hardy flowers. They grow 6 to 8 ft. tall, for planting among shrubbery or backgrounds they are unequalled. We offer superb mixture of the best double flowering varieties.

SWEET WILLIAM.—Giant Perfection Mixed—Popular hardy perennials that are splendid for beds or borders. They produce flowers in great profusion and having long stems they make fine bouquets. They produce masses of brilliant color and remain in flower a long time.

SHASTA DAISY.—Giant White—You will be delighted with the size and beauty of these Giant Daisies. A great improvement over the common Shasta Daisy as many of the flowers are 4 to 5 in. across and produced on long stiff stems. Flowers are pure white and continue in flower throughout the season.

SHASTA DAISY

ORIENTAL POPPIES

Hardy Poppies

GIANT ORIENTAL.—The gorgeous hardy Poppies make a grand show when in bloom in May or June. Many blooms are 6 in. across, once started will last for many years.

ICELAND MIXED.—Hardy perennials that bloom the first season. The elegant satin-like flowers are produced abundantly from June until October. Excellent for bouquets as flowers last fully a week.

Special Offer

Any Perennials on this page:
Pkt. 10c; 3 pkts. 25c; 6 pkts. 45c.

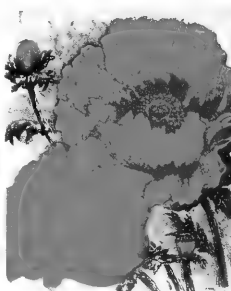

Mrs. Awalt Korth, Wis.—The California Poppy seed I got from you was beautiful. It was the brightest spot in my garden.

PLATYCODON.—Grandiflora Mixed—An extra good, very hardy and free flowering perennial. They form branching plants 1½ to 2 ft. tall and produce large blue and white bell-shaped flowers. They remain in flower from June to October and will thrive in sunny or shady places.

CHINESE LANTERN

CHINESE LANTERN.—This is a highly ornamental and interesting plant grown for its bright colored balloon-like fruits or husks that cover the bush in late summer or autumn. The fruits are bright orange red when ripe called "Chinese Lanterns". Branches with the fruits may be dried and make splendid material for winter bouquets.

ICELAND POPPIES

Bonfire Salvia

The Showiest and Most Brilliant Annual
Brilliant Color, Profuse Bloomer, Blossoms A Long Time.

We offer an early strain of this grand bedding annual, single plants often carry over 100 spikes measuring 10 to 12 in. long. The bushy plants grow to a height of 18 to 24 in. We know of no other flower that will equal the gorgeous effect of a row or bed of these Salvias when in full bloom. Seeds planted in March will commence to bloom in July and will be a continuous blaze of color until frost. Pkt. 10c; ½ oz. 50c.

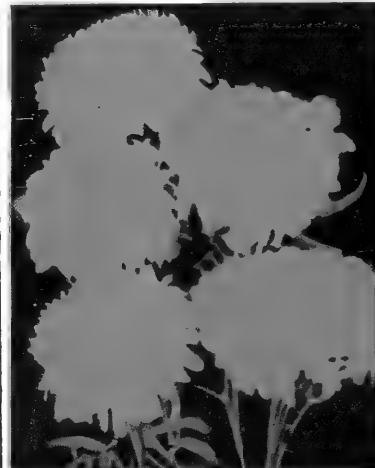

SALVIA

Jung's Giant Fancy Marigolds

By planting this seed you can have all the beautiful new Marigolds at small expense. This mixture contains seeds of the carnation and chrysanthemum types, also the Crown of Gold. You will be delighted with the giant size of the flowers and wide range of colors. Will bloom from early summer until frost. Pkt. 10c; ½ oz. 20c.

Miss Eva Nelson, Minn.—The Sweet Peas from you were simply beautiful, they bloomed all summer and had such large flowers and long stems.

GIANT FANCY MARIGOLDS

Giant Cuthbertson Sweet Peas

This new type of Sweet Peas grow very vigorous vines, produces an abundance of large fragrant blossoms which are highly fragrant, produced on extra long stems and are of beautiful clear colors. It is the ideal variety for the home flower garden, due to its great vigor it will bloom and prosper in those sections where other varieties fail due to hot weather. As the vines are such strong growers do not plant them too thick. Plants should be at least 8 to 12 in. apart in the rows.

DANNY.—Large showy navy blue, a color you will like.

FRANK G.—Clear rosy lavender, received 1st prize as the best of this shade.

JANET.—Huge snowy white flowers borne on long stems, abundant bloomer.

JIMMY.—Mammoth flowers of bright scarlet color, does not fade easily in hot sun.

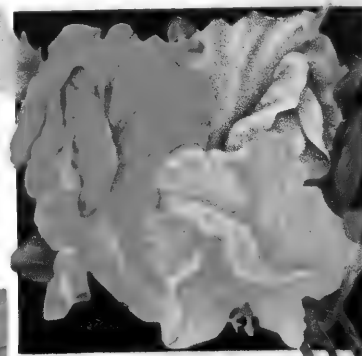

KATIE.—One of the most beautiful colors being a rose cream pink, must be seen to be appreciated.

LIZA.—Large showy flowers of deep maroon red, unusual but beautiful.

Price of any above Sweet Peas: Pkt. 10c; ½ oz. 25c; oz. 40c.

SPECIAL OFFER No.

84—One pkt. of each of the above 6 Giant Cuthbertson Sweet Peas for 35c.

GIANT CUTHBERTSON SWEET PEAS

Jung's Rainbow Flower Garden

A Whole Flower Garden in A Packet. Easy to Grow. A Mass of Flowers from Early Summer till Frost.

Much time and care was taken in preparing the formula of this gorgeous flower mixture. It is made up of flowers suitable for bedding and bouquets, something that will be in flower from early summer until frosts. A bed or row of these flowers will be a bright spot in your garden all summer and also supply many beautiful bouquets. The grand flowers it will produce will please and delight you beyond your fondest hopes. A pkt. contains sufficient seed to sow a row 30 to 40 ft. long. Pkt. 10c; ½ oz. 20c; oz. 60c.

Mrs. Wm. Ebbeson, Mich.—The Rainbow Flower seeds were a constant surprise and a bed of color all summer, some of them were new to me, but all were very fine.

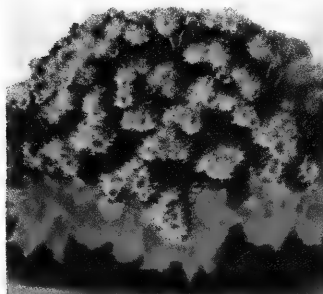

RAINBOW FLOWER GARDEN

Jung's De Luxe Flowers

The select flowers or annuals offered on this page are "leaders" in their class. Our seed of these is extra select and we are confident you will be pleased and delighted with the flowers you will get from this seed.

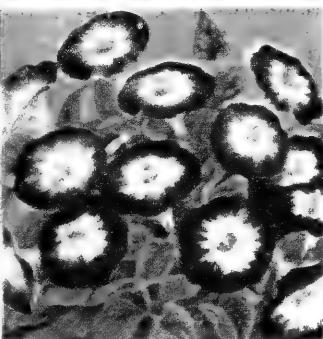

AMERICAN BEAUTY ASTERS

AGERATUM

FIREFLAME CELOSIA

BUSH MORNING GLORY

GIANT CUTHBERTSON SWEET PEAS

Giant American Beauty Asters

--Wilt Resistant--

This is a superb strain of truly giant flowered Asters that will produce flowers rivaling Chrysanthemums in size and beauty. The vigorous plants produce flowers 4 to 5 in. across and are borne on stems 2 to 3 ft. tall. Will last for 10 days when cut and bloom until hard frosts. White, Rose, Lavender, Shell-pink, Purple and Mixed Colors. Pkt. 12c; 1/8 oz. 35c; 1 Pkt. of each color for 40c.

Ageratum

DWARF BLUE PERFECTION — One of our best summer blooming plants. They are rapid growers and bloom from early summer until hard frosts. Even in hot dry summer the beautiful, bright blue flowers are produced in abundance. Especially valuable for beds, borders and window boxes, the plants being of dwarf compact growth. 9 to 12 in. tall. Pkt. 10c; 1/8 oz. 35c.

Fire Flame Celosia

An easily grown and highly attractive annual that may be grown in the flower garden or in pots. Plants grow 12 to 15 in. tall and the center stalk and each branch terminates in a fiery red flower head. Even more attractive than Geraniums or Salvia and remain in flower for weeks. Pkt. 12c; 2 pkts. 20c.

Growing Flowers

With every order of 50c or more we will send free, if requested a copy of our booklet on growing vegetables and flowers. This will tell you when and how to sow the different seeds and by following these instructions you should have no difficulty in making your garden both beautiful and useful.

Bush

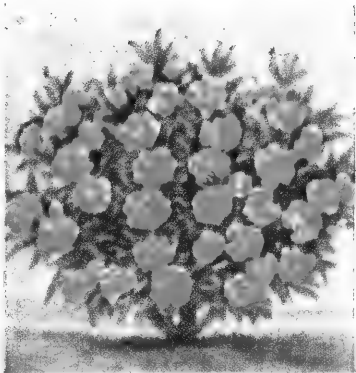

Morning Glory

ROYAL ENSIGN—One of the deepest bright blue annuals and excellent for edging or borders as the plants are dwarf and bloom for a long period. Flowers are deep ultramarine blue with a white halo and gold throat. Profuse bloomer. Pkt. 12c; 1/8 oz. 25c.

Giant Cuthbertson Sweet Peas

It is the ideal variety for the home flower garden. Due to its great vigor it will bloom and prosper in those sections where other varieties fail due to hot weather. As the vines are such strong growers do not plant them too thick, plants should be at least 8 to 12 in. apart in the rows. A grand surprise awaits you if you plant some of them as for vigor, large flowers, long stems and profuse blooming they are "tops". Pkt. 10c; 1/2 oz. 18c; oz. 35c; 1/4 lb. \$1.00. See also Page 26.

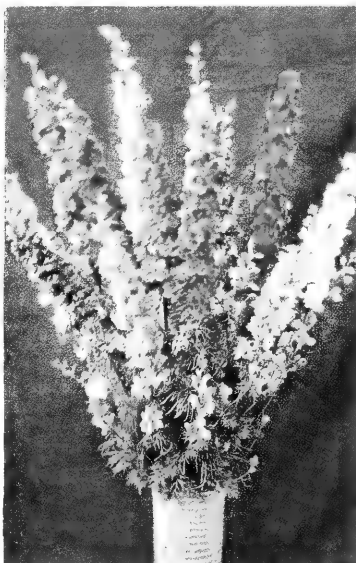

Mrs. A. Eckert, Ill.—Your Cuthbertson Sweet Peas are lovely, I never saw anything like them for blooming.

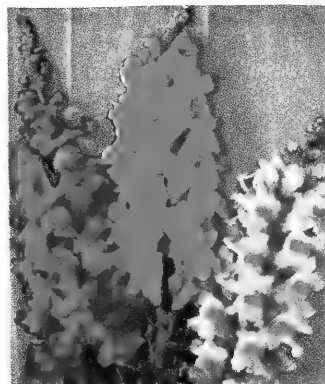

BUSH BALSAMS

Double Bush Balsam

GARDENIA FLOWERED — A very beautiful new strain of Balsam. The flowers, very much like double roses, are produced in clusters on the tips of the stems and a bush in full bloom is a solid mass of color. You will be highly pleased with these grand Balsams. Our seed is a grand mixture of white, rose and red shades. Pkt. 15c; 2 pkts. 25c.

SUPER MAJESTIC LARKSPUR

RUFFLED SNAPDRAGONS

New Ruffled Snapdragons

GIANT TETRA MIXED—Tetra is probably the best Snap for outdoor growing as the big husky plants resist rust and produce an abundance of mammoth flowers on stems 12 to 18 in. long. Florets are huge in size, mostly ruffled and stay on the stems for a long time. You will be delighted with the size and beauty of these grand new Snaps. Pkt. 15c; 2 pkts. 25c.

Mrs. Omer Keith, Mo.—You may think I am getting too many Asters but two years ago I planted your Asters and had most beautiful flowers.

Mrs. W. A. Gordon, So. Dakota—Was so pleased with all of the flowers last year. My Asters were so lovely every one admired them.

Dwarf Double

Hyb. Nasturtiums

Now you may have these wonderful sweet scented double Nasturtiums in a wide range of color in true bush form. The plants will grow 12 to 15 in. tall and when in full bloom are a mass of color. The flowers are double, large, well formed and delightfully sweet scented. Colors range from lemon through orange to flaming scarlet. Pkt. 10c; 1/2 oz. 18c; oz. 30c.

Super Majestic

Double Larkspur

A new and improved strain of Larkspur which for size and doubleness of flowers, long stems and wide range of color is unequalled. Plants will grow 3 to 4 ft. tall and produce long spikes of the beautiful double flowers. Remain in flower for a long time if kept picked. Pkt. 10c; 1/8 oz. 20c.

Quality First

You can rely upon the Quality of Jung's Flower Seeds. They are grown from select stocks and all mixtures are made up of a well balanced selection of colors. We know you will be delighted with the gorgeous flowers you can grow by planting Jung's Select Flower Seeds.

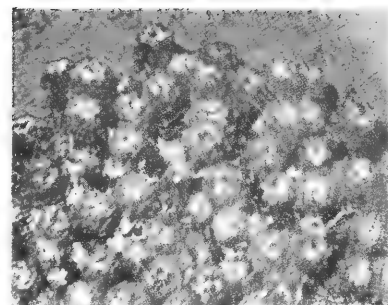

Superb Pansies

JUNG'S GIANT FANCY MIXED — This "Fancy" Mixture contains seeds of the largest, richest and handsomest pansies known to the horticultural world. The well formed expanded flowers are uniformly of the largest size and of fine substance. They are borne on long stiff stems well above the heavy deep green foliage. The colors are rich and varied such as white, yellow, deep orange, mahogany, claret, reddish bronze rose; all are distinctly blotched. Pkt. 20c; 1/8 oz. 95c.

Giant Hybrid

Zinnias

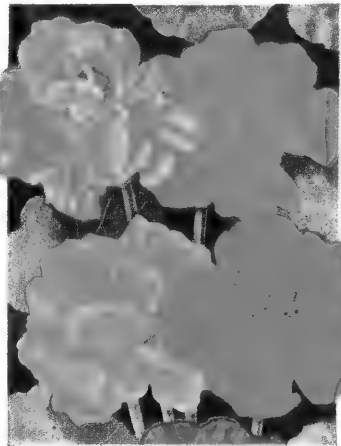

The exquisite beauty of these lovely Zinnias is hard to describe. The immense ruffled and fluffy flowers grow up to 6 in. across and very much resemble chrysanthemums. They come in a gorgeous blend of color and will bloom from early summer until frost. The sturdy plants grow to a height of 2 1/2 to 3 ft. and bear the giant blooms in great profusion. Pkt. 15c; 1/8 oz. 35c.

ROYAL CARPET ALYSSUM

Royal Carpet Alyssum

An "All America" Medal Winner and one of our most beautiful hardy annuals for borders and edgings. Plants come into bloom very early and flower profusely until heavy frosts. Grows to a height of 4 in. with a spread of 10 in. and form a solid carpet of rich violet blue. A perfect companion for the popular Little Gem listed on page 25. Pkt. 15c; 2 pkts. 25c; 1/8 oz. 60c.

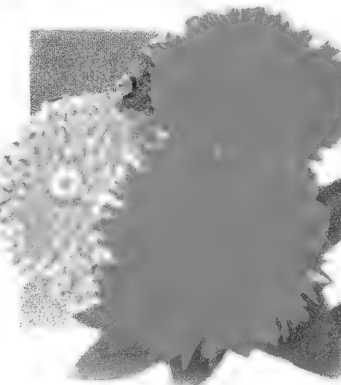

DOUBLE HYBRID NASTURTIUMS

GIANT FANCY PANSIES

Jung's De Luxe Collection

One pkt. of each of the 12 De Luxe Flowers shown on this page for only \$1.00. The greatest flower bargain of 1954.

GIANT HYBRID ZINNIAS

Jung's Glorious Flowers

You can rely upon the Quality of Jung's Flower Seeds. They are grown from select stocks and all mixtures are made up of a well balanced selection of colors. We know you will be delighted with the gorgeous flowers you can grow by planting Jung's Select Flower Seeds.

JUNG'S GIANT FANCY ASTERS

Jung's Giant Fancy Asters

EXTRA SELECT WILT-RESISTANT STRAINS—We make a specialty of Asters and you will find the quality of this mixture to be outstanding for size and beauty of flowers. This is made up entirely from wilt resistant strains of the different types and is well balanced for colors and will bloom over a long period. It contains all colors and many of the flowers will be 4 to 5 in. across and borne on stems 2 to 3 ft. long. Pkt. 10c; 3 pkts. 20c; 1/8 oz. 35c.

BACHELOR BUTTON or CENTAUREA

Growing Asters

and Flowers is written in detail in our booklet on *Vegetables and Flowers*. A copy is sent free with every order of 25c or more, if requested.

CELOSIA

Giant Plumed

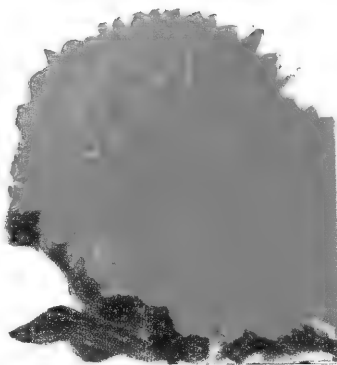

A new select strain of plumed Celosia producing huge plumes on long stems, well suited for bedding, cut flowers or may be used for winter bouquets. It contains beautiful shades of bronze, copper, gold and sunset colors. Easy to grow as it thrives in hot weather and will be a riot of color from summer until frost, all they require are good soil and moisture. Pkt. 15c; 2 pkts. 25c.

GIANT PLUMED CELOSIA

COSMOS

JUNG'S SUPERB MIXED—Probably one of the finest Cosmos mixtures to be had. Made up of such grand varieties as Sensation, Early Flowering, Golden Flare, etc. Will supply you with grand flowers from early summer until frost. Many of the flowers will be 4 to 5 inches across and are borne on long stems, grand for bouquets. Pkt. 8c; 1/8 oz. 20c;

CALENDULA

California Poppies

GIANT HYBRID MIXED—You will be highly delighted with the profusion, size and wonderful new colors of these flowers. Unlike the old variety these form upright bushes with fine cut foliage and bloom from June to October. Colors include orange, rose, crimson, lavender, and many other new shades. Very easy to grow. Pkt. 8c; 1/8 oz. 20c.

CALIFORNIA POPPIES

CALENDULA

FANCY MIXED—One of our best and showiest free flowering hardy annuals. Of the easiest culture, producing a fine show in beds as they continue in flower from early summer until killed by frost. The immense double flowers are produced on long stems and last for a long time when cut for bouquets. Pkt. 7c; 1/8 oz. 15c.

Annual

Chrysanthemums

Easily grown annuals that produce some of the best color combinations known in flowers. They are as easily grown as poppies and remain in bloom for a long time. As the flowers are produced on long stems they make splendid bouquets and will last for a long time. Do not sow the seed too thick as the plants require room to give best results; they should be 12 to 15 inches apart each way. Pkt. 7c; 2 pkts. 10c; 1/8 oz. 15c.

CLEOME or SPIDER PLANT

Carnations

GIANT EVERBLOOMING MIXED—A select strain of Carnations that will bloom the first summer and produce large double flowers of rare beauty. Plants may be taken up in the fall and potted and they will continue to bloom during the winter. Pkt. 10c; 3 pkts. 25c.

CARNATIONS

Bachelor Button or

Centaurea

JUNG'S FANCY MIXED—This is perhaps one of the most popular and indispensable annuals. Grows to a height of 2 ft. and produces its large, long stemmed flowers for a very long time. May be sown early in the spring, in a few weeks they come into flower continuing until hard frosts. We offer a very select strain containing many beautiful colors. Pkt. 7c; 1/8 oz. 15c.

ANNUAL CANTERBURY BELLS

Canterbury Bells

ANNUAL FANCY MIXED

—You can now have these beautiful flowers in bloom in one season. By starting the seed in March they will bloom from August until October. The plants grow 2 ft. tall, each plant having 6 to 8 spikes of large, cup-shaped blossoms. Our seed contains the following colors: White, rose, pink, dark and light blue. We consider this one of the finest new flowers. Pkt. 8c; 2 pkts. 15c.

JUNG'S FANCY DAHLIAS

Dahlias

JUNG'S FANCY MIXED—The Dahlia still holds its place as "king of all outdoor autumn flowers" and they may be grown to the greatest perfection from seed blooming the first summer. As easy to grow from seed as the most common plant. Any one can have a magnificent display of these regal beauties at very small cost. Continue to bloom profusely until severe frosts when the bulbs can be taken up and stored until spring. A superb mixture of the finest varieties. Pkt. 10c; 3 pkts. 25c.

Coleus

FANCY RAINBOW MIXED—These plants have the brightest foliage of any plant that can be grown from seed, may be grown as pot plants as well as out in the garden. They are readily grown from seed and grow to a height of 12 to 18 in. The seed we offer has large leaves of remarkable colors. Pkt. 20c.

COLEUS

Cleome-Spider Plant

ROSE QUEEN—Plants grow to a height of 3 1/2 ft., well branched, each branch tipped by a head of bright rosy-crimson flowers. Very useful for large beds, back-grounds or planting among other shrubs. Remains in full flower from early summer until killed by hard frosts. Seed should be sown in the open ground as soon as the soil can be worked and plants should be given plenty of room. Pkt. 8c; 2 pkts. 15c.

Four O'Clock

FINEST MIXED—No flower makes a prettier border than the old-fashioned Four O'Clock. Plant grows to a height of two feet and blooms in early morning and evening and rivals the choicest garden flowers in color. It is one of the most brilliant and showy plants that can be sown with little or no trouble. Pkt. 8c; 1/8 oz. 15c.

FOUR O'CLOCK

ANNUAL CHRYSANTHEMUMS

◀ THE PRODUCTS OF JUNG'S SEEDS ARE UNEXCELLED ▶

LINARIA

Linaria or "Baby Snapdragons"

Easily grown annual coming into bloom in 6 to 8 weeks after sowing. Bushes grow to a height of 12 to 15 in. and produce an abundance of flowers which make dainty bouquets. Our seed is the new strain containing a very wide range of bright showy colors. Pkt. 10c; 1/8 oz. 35c.

Annual Daisies

FANCY MIXED—Plants of very neat branching habit, grow about 12 to 15 inches high and are exceedingly profuse in flowering. A bed in full bloom is a magnificent sight. New colors in all shades from pure white to deep orange. Many are beautifully rayed or zoned, certainly a great acquisition and a magnificent new garden favorite. Pkt. 7c.

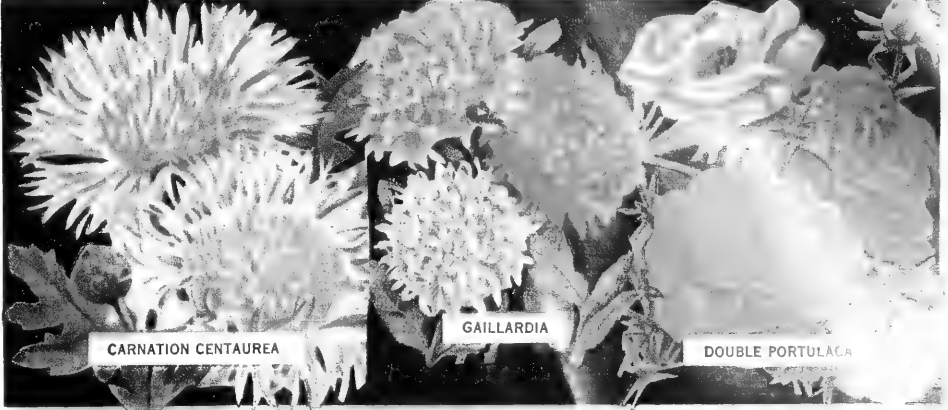

ANNUAL DAISY

SCARLET O'HARA PEARLY GATES HEAVENLY BLUE

Carnation Centaurea

GIANT FLOWERED MIXED—The beautiful flowers produce long stemmed, handsomely fringed blossoms 3 to 4 in. across and are delightfully fragrant. They rival carnations for beauty, in fact you will like them better as the colors are very dainty. Easy to grow and especially fine for cutting as they last a long time in water. Pkt. 8c; 2 pkts. 15c.

CARNATION CENTAUREA

GAILLARDIA

DOUBLE PORTULACA

Annual Gaillardia

FINEST MIXED—One of the most showy annuals and greatly admired for their fine form and rich blending of colors in orange, brown, bronze, maroon and crimson. Many of the flowers are 4 in. across and being produced on long stems are excellent for bouquets. They blossom from July until frost. Easy to grow. Pkt. 7c.

Everlasting Flower

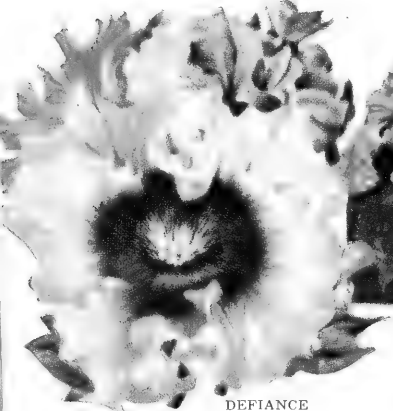

GIANT MIXED—These everlasting flowers should be in every flower garden and for this reason we have placed them in this list. The plants grow about 2 feet high and produce the beautiful flowers like a half-open rose in great profusion. They make a very pretty bed and if picked while partly open will last all winter; excellent for Christmas and New Year decorations. Our seed includes all colors. Easy to grow. Pkt. 8c; 2 pkts. 15c; 1/8 oz. 25c.

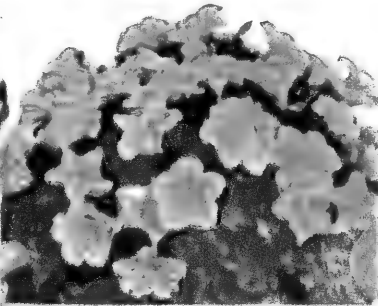

EVERLASTING FLOWERS

PORTULACA

GIANT DOUBLE MIXED—A very choice strain of the popular bedding annuals that will delight you with their profusion of double flowers and will produce a high percentage of double flowers in a wide range of colors. Unsurpassed for beauty and brilliance. Pkt. 12c; 3 pkts. 35c.

DEFIANCE

BRILLIANT ROSE

MORNING GLORIES

HEAVENLY BLUE—A plant of these beautiful Morning Glories in bloom is a truly grand sight. The flowers measure 3 1/2 to 4 inches across and in color are dark skyblue with a white throat. Very profuse bloomers and remain in flower for a long time. Pkt. 8c; 2 pkts. 15c; 1/4 oz. 25c.

PEARLY GATES—A fitting mate for Heavenly Blue except for color. Flowers are of giant size, abundantly produced and a rich satiny white color. Comes into flower early and for a long time. Pkt. 15c; 2 pkts. 25c.

SCARLET O'HARA—A remarkably fine showy climber as first flowers open in July and from then until frost they are borne in profusion. Flowers are 3 to 3 1/2 in. across and of a soft velvety scarlet. Pkt. 12c; 1/4 oz. 35c.

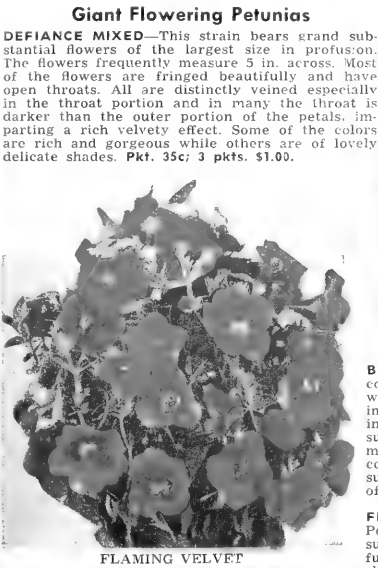

GIANT FANCY MIXED—A superb mixture of the above varieties and also some of the ruffled strains, truly a superb mixture. Pkt. 8c; 1/4 oz. 20c.

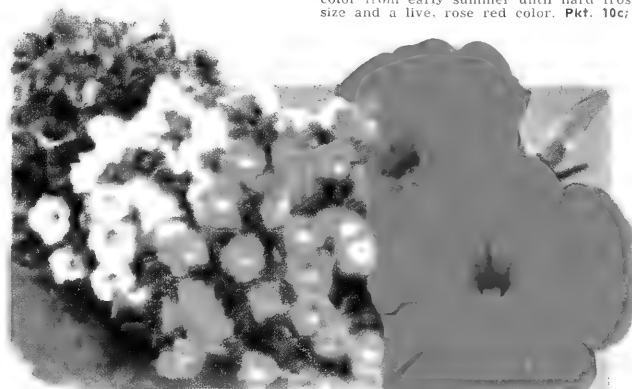

CARNATION PINKS

BEDDING PETUNIAS

BRILLIANT ROSE—If you wish a flower bed that is bright and cheery throughout the summer and fall plant some of these brilliant Petunias. Plants grow compact, 8 to 12 in. tall, they commence to bloom when only a few inches tall and are a blaze of color from early summer until hard frosts. Flowers are of good size and a live, rose red color. Pkt. 10c; 3 pkts. 25c; 1/8 oz. 50c.

FLAMING VELVET

BRILLIANT BEAUTIES

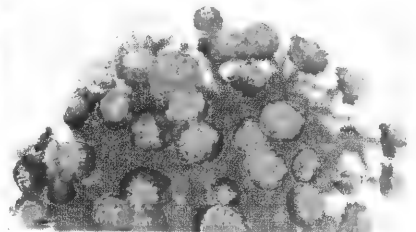

FIRE CHIEF

BRILLIANT BEAUTIES—A very select strain of dwarf compact Petunias especially suited for beds, borders or window boxes. The plants grow very compact, 8 to 12 in. high, and commence to bloom when only a few inches high. They are a solid mass of bloom from early summer until killed by hard frosts. Our mixture is made up of a well balanced selection of live bright colors. If you wish a bed of flowers that will last all summer and survive heat and dry weather plant some of these grand Petunias. Pkt. 8c; 2 pkts. 15c; 1/8 oz. 35c.

FLAMING VELVET—One of the most showy Bedding Petunias. Plants are a mass of striking color from early summer until late fall. The large flowers are a beautiful shade of deep velvety maroon-red, very rich and showy. Pkt. 10c; 3 pkts. 25c; 1/8 oz. 60c.

Fire Chief Petunia

All America Gold Medal Winner for 1950. The reddist of all Petunias. Plants are dwarf and compact and attractive in either beds, borders, boxes or pots. Commence to bloom early and remain in full flower until hard frosts. A bed of these brilliant scarlet red Petunias is something grand to behold. Pkt. 15c; 2 pkts. 25c.

DWARF MARIGOLDS

DWARF MARIGOLDS

LITTLE MIDGETS MIXED—There are few, if any, of the low growing annuals that produce a profusion of flowers for a longer period of time. They form dense attractive bushes 1 ft. high and are a solid mass of color in yellow, orange, brown and maroon. Very useful for borders and also for bouquets and baskets. Pkt. 8c; 1/8 oz. 20c.

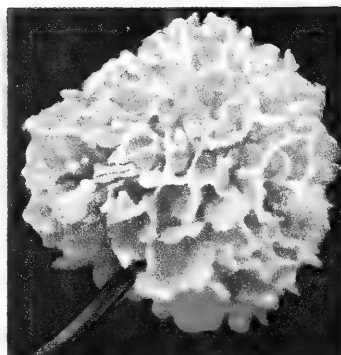

GIANT FANCY SCABIOSA

Scabiosa

BLUE MOON—One of our most showy blue garden annuals. Plants grow 18 to 24 in. tall and produce an abundance of bloom for a long period of time. Flowers are of large size, a beautiful blue and being borne on long stems are ideal for bouquets. Pkt. 10c; 2 pkts. 15c; 1/8 oz. 25c.

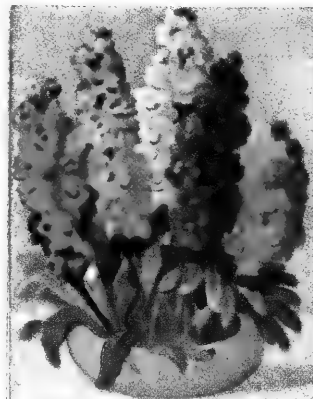

GIANT FANCY MIXED—A hardy and easily grown annual well suited for beds or bouquets. Bushes grow 2 1/2 ft. tall and are in flower from early summer until frost. The flowers are borne on long wiry stems, are of large size and exquisite colors. Our seed is a highly improved strain selected for large flowers and wonderful colors. Pkt. 8c; 1/8 oz. 20c.

BLUE MOON SCABIOSA

Stocks

JUNG'S FANCY MIXED—One of the best known and most popular annuals, of easy culture and suitable for pot plants as well as the garden. The plants grow to a height of 2 ft. and produce long spikes of double flowers, many of them 2 in. across. Colors include white, rose, blue, crimson, and yellow. Our seed is a superb select strain. Pkt. 8c; 1/8 oz. 25c.

STOCKS

Velvet Flower or Solpigglossis

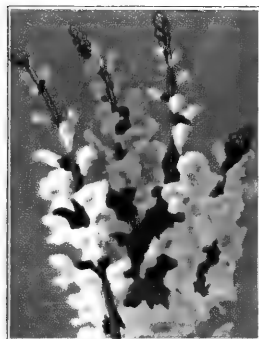

GIANT FLOWERED MIXED—Undoubtedly one of the most attractive annuals. For richness of colors they are unsurpassed. Splendid for either beds or bouquets, they are as easy to grow as petunias and should be in every garden. The colors are very rich and velvety, each flower showing tints of gold. Continually in flower from early summer until frost. Pkt. 8c; 1/8 oz. 25c.

VELVET FLOWER

New Snapdragon

RUST-PROOF MIXED—In many sections rust destroyed these plants before they flowered. This new strain is very resistant to rust and you may grow these favorites to perfection. It will produce very large flowers in a wonderful range of bright, rich colors. Pkt. 10c; 3 pkts. 25c.

RUST-PROOF SNAPDRAGON

We Aim to Please

Mrs. Freda Shenk, Pa.—I got your Dahlia seed last year and they sure were beautiful. Your seeds are good.

Mrs. C. F. Arnold, Ind.—The Morning Glories from you were grand, we had many compliments on their beauty.

Flord Wagner, Wis.—Have excellent results from your seeds, Asters and Carrots especially good.

Mrs. Carl Heuer, Minn. In the 15 years we have used your seeds we have never been disappointed in JUNG'S products.

PERSIAN CARPET ZINNIAS

Jung's Super Giant Zinnias

Our sales on the truly Giant Flowered Zinnias are increasing every year. People who saw them in flower in our fields were amazed at the giant size of the flowers and brilliant colors. The plants make a strong growth and form compact bushes 2 to 3 ft. tall; the flowers are borne on stiff stems well above the foliage. For a wealth of flowers plant them in rich soil, give frequent cultivation and lots of water and you will be surprised at the results. Flowers are often 5 to 6 inches across. They will be a glory to behold from early summer until frost.

CANARY BIRD—Graceful flowers of rich canary yellow. Pkt. 10c.

DREAM—Large attractive flowers. Lavender changing to purple. Pkt. 10c.

EXQUISITE—One of the most pleasing as regards to form and size Light rose with deep rose center. Pkt. 10c.

METEOR—A rich, deep glowing red and the darkest of all red shades. Flowers very large and produced in abundance. Pkt. 10c.

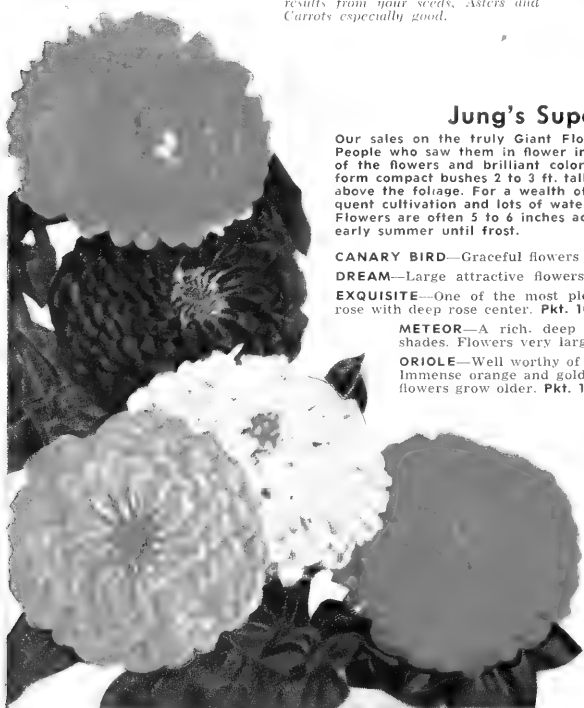

ORIOLE—Well worthy of the beautiful bird for which it was named. Immense orange and gold bicolor flowers which change color as the flowers grow older. Pkt. 10c.

POLAR BEAR—Decidedly the best pure white Zinnia. For size, color and free blooming it stands supreme. Pkt. 10c.

SPECIAL ZINNIA OFFER
1 Pkt. of each of above 6 Grand Zinnias for 40c.

Super Giant Mixed Zinnias

This is one of the finest mixtures of Zinnias to be had. It contains seed of all those shown besides many other colors. If you want glorious color around your home from early summer until frost, plant some of these Zinnias. As they are produced on long, stout stems they will make excellent bouquets for living up any room. Pkt. 8c; 3 pkts. 20c; 1/4 oz. 40c.

JUNG'S SUPER GIANT ZINNIAS

GIANT SPENCER SWEET PEAS

Giant Spencer Sweet Peas

These new Sweet Peas are of enormous size, which with their charming colors and waved or fluted appearance entitles them to be put in a class by themselves. Some of the flowers grown on our farm measured 2 1/2 inches across. The plants are vigorous in growth and should stand at least 18 inches apart.

BONNY BRIAR—A sparkling rose pink of immense size. Long stems often bearing four flowers. One of the best.

FLAGSHIP—A rich deep navy blue and the best in its color class. Flowers of large size on long stems are borne in profusion.

FLORA—A magnificent flower of clear deep lavender. Flowers are beautifully waved or ruffled and borne 3 and 4 on long stems.

MAYTIME—One of the most beautiful giant flowered ruffled sweet peas. Color is a rich golden cerise and must be seen to be appreciated.

RUBICUND—The flowers of this grand variety are heavily ruffled and very showy. Flowers are a striking crimson scarlet and fairly glisten in bright sunlight.

SNOW WHITE—The grandest of all white sweet peas, remarkable for its pure whiteness and large size.

WARRIOR—Beautiful flowers of deep maroon red, large in size and true ruffled type. A vigorous grower and profuse bloomer.

PRICE of any above Sweet Peas:
Pkt. 8c; 1/2 oz. 20c; oz. 30c.

SPECIAL SWEET PEA OFFER—One large pkt. of each of the 7 fine Giant Spencer Sweet Peas listed above for only 30c.

Jung's Giant Everblooming Sweet Peas

This superb Sweet Pea mixture of both early and late Giant Spencers will remain in flower for many weeks. It has been made with extra care from the finest large flowering Spencers and will produce a well balanced color effect. Pkt. 8c; 1/2 oz. 15c; 1/4 lb. 90c.

Inoculating your Sweet Peas will produce larger and finer flowers. See Page One.

New Zinnia

PERSIAN CARPET—A 1952 Award Winner. An entirely new type of Zinnias, admirably suited for beds, borders or bouquets. They grow a compact bushy plant, 12 to 18 in. tall and bloom from early summer until frost; a wealth of deep, rich colors like a Persian Carpet. Will delight you with the beauty and abundance of its flowers. Pkt. 12c; 1/4 oz. 25c.

Mrs. R. Buskirk, Pa.—Your Everblooming Sweet Peas are just what I needed. My neighbors rave about how they bloom, the beautiful colors and large flowers.

VINCA ROSEA

Vinca Rosea

SUPERB MIXED—Splendid for bedding and may also be used for borders growing to a height of 12 to 15 inches. Remain in bloom all summer until frost, also well suited for cut flowers. Will do well in either sun or partial shade. Many gardeners prefer them to Geraniums. Pkt. 10c; 3 pkts. 25c.

Jung's Fancy

Pompom Zinnias

SUPERB MIXED—These elegant Zinnias are suitable for beds, edgings or cut flowers. The plants grow very neat, compact and bushy and are loaded with the beautiful perfectly double flowers. The flowers are double as a rose and come in a variety of beautiful colors. This type of Zinnia has been greatly improved and is becoming very popular. Pkt. 8c; 1/4 oz. 35c.

Recommended by J. W. JUNG SEED CO

AMOOR RIVER PRIVET

JAPANESE BARBERRY

Hardy Hedges

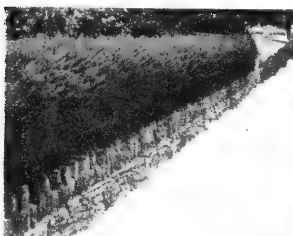

Hardy Amoor River Privet

This is the well known hardy Privet and is well suited for planting here in the North where the California variety freezes out. They are almost like evergreens as the foliage retains its color and remains on the plant until well into the winter; also succeeds quite well in shady places. Very largely used for hedges of foundation planting next to buildings—can be pruned or sheared to suit your fancy—the more you cut or prune it the bushier and denser it will grow. Foliage is a deep glossy green and not subject to blight. We offer strong 2-year transplanted plants of our own growing. 3 for 60c; 12 for \$2.00; 50 for \$7.25; 100 for \$14.00.

Regel or Fern Privet

A very hardy type abundantly supplied with dark green shiny foliage. Grows very dense, the branches grow horizontally, giving the shrub a very graceful appearance. One of our best shrubs for planting in front of taller shrubs, foundations, and entrances. Strong 2-year plants. Each 45c; 3 for \$1.25; 12 for \$4.75.

Mrs. G. Junak, Wis.—Am very pleased with your service, seeds and shrubs. It's a pleasure to deal with you as everything arrives in good condition and grows.

CARAGANA

CARAGANA

The Drought Resistant Hedge

The hardiest of all hedges and may be grown as far north as Canada, also resistant to drought and insects. Grows very dense and may be trimmed as much or as little as desired and any height from 2 to 10 ft. Set plants 8 to 12 in. apart in your row. Sturdy 2-yr. field grown plants: 12 for \$2.00; 25 for \$3.50; 100 for \$11.00.

CHINESE ELM HEDGE

Chinese Elm Hedge

These are the same as regular Chinese Elm except that they are heavily branched from the ground up and grown especially for anyone wishing a thick hedge or an effective windbreak. For a hedge set the plants 3 to 4 ft. apart; for windbreaks 5 to 6 ft. Do not confuse our plants with seedlings that are often offered at low prices, as the ones we offer will give you results at once, while seedlings require 3 to 4 years. Strong 2-year 3 to 4 ft. 3 for \$1.00; doz. \$3.50.

Golden Leaved Mock Orange

One of the Best Golden Leaved Shrubs.

It not only has golden foliage but also produces a wealth of handsome, fragrant orange-like flowers in May and June. Well suited for planting singly, in groups, or for planting among other shrubs as the golden foliage adds life and charm to the planting. Makes a beautiful bush, perfectly hardy, and grows to a height of 4 to 5 ft. Each 75c; 3 for \$2.10.

GOLDEN MOCK ORANGE

Melvin L. Feickes, Sr., Pa.—Your seeds are fine, we had a beautiful garden.

Everblooming Hedge Rose

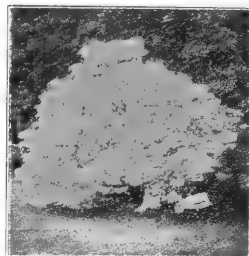

F. J. Grootendorst

A cross between Rugosa and Baby Rambler that blossoms profusely from early summer until fall. It forms a stocky bush, 2 to 3 ft. tall on which the blossoms are borne in clusters resembling bouquets of red carnations. Flowers are bright red. The finest rose for a hedge or massing with other shrubs as it is both hardy and everblooming. Select plants: Each 95c; 3 for \$2.75; 12 for \$10.50.

J. H. Walker, Ill.—Have used your seeds and plants for four years and have had wonderful success with them.

M. A. Gould, Wis.—We are very well pleased with the fine quality of your seeds and plants.

Dr. E. J. Schmidt, Wis.—The shrubs you sent me were so nice I have decided to order a few more.

GOLDEN ELDER

Snowberry

A valuable and desirable shrub with pink flowers which are followed by large white wax-like berries which hang on the plant through fall and most of the winter. Grows 2 to 3 feet high, very showy and succeeds almost anywhere. Of special value for planting in shady places where other shrubs will not grow. Strong, bushy plants: Each 55c; 3 for \$1.40; 12 for \$5.25.

Mrs. H. T. James, Texas—My shipment of shrubs and seeds arrived in splendid condition, am proud of the things you sent.

Hansen

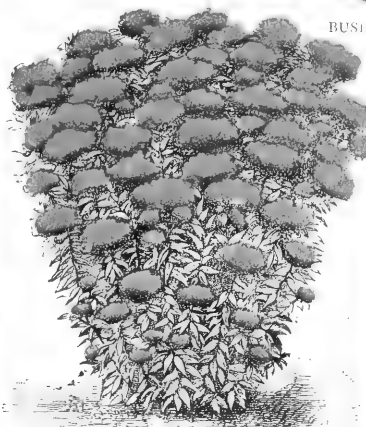

Bush Cherry

A Beautiful Useful Hardy Ornamental Shrub

A beautiful hardy shrub that is both useful and ornamental. The bushes grow 3 to 4 ft. tall and bear a fine crop of cherries that are especially fine for jellies and jam. Especially resistant to drought and makes a splendid ornamental shrub. Early in the spring they are a mass of white when in bloom, later they leaf out heavily with silvery green foliage which turns to red and gold in the fall. Strong 2-year field-grown plants. Each 60c; 3 for \$1.50; doz. \$5.25.

BUSH CHERRY

ANTHONY WATERER SPIREA

Anthony Waterer Spirea

A popular and handsome shrub forming round bushes 2 1/2 to 3 ft. in height and width, widely used for borders or planting in front of tall shrubs. Produces wide heads of clusters of rosy-red flowers and if flowers are picked off it will continue in bloom from early summer until late fall. 2-yr. plants. Each 60c; 3 for \$1.50; 12 for \$5.25.

FERN LEAVED SPIREA

Golden Elder

A valuable plant for producing contrast if planted with other shrubs as it has bright golden foliage but should have full sun for best effect. Grows rapidly on most any soil and can be pruned to form a neat compact bush. One of our best golden leaved shrubs. Extra strong 2 year plants: Each 60c; 3 for \$1.50.

Fern Leaved Spirea

A handsome and vigorous shrub that should be included in every planting. It has foliage like a fern or Mountain Ash and produces large spikes of pure white flowers similar to a Hydrangea during July and August. Very fine for planting with other shrubs as the fern-like foliage shows up splendidly. Each 60c; 3 for \$1.50; doz. \$5.50.

Giant Bridal Wreath

The finest of all Spirea. A splendid hardy, rapid growing shrub 4 to 6 ft. tall when matured and even greater in diameter. It forms a large dome-shaped bush which in blooming season is covered with long gracefully drooping garlands of snowy white flowers which are delightfully fragrant. A very hardy attractive shrub that is sure to please. Select 2-yr. plants. Each 60c; 3 for \$1.50.

GIANT BRIDAL WREATH

Hardy Flowering Shrubs

All of our Shrubs are 2 and 3-yr. field grown plants and have been transplanted several times which gives them very heavy roots. There is a great difference between these and the 1-yr. rooted cuttings which are sometimes offered at low prices. Order your shrubs early, we will send them out at the proper time.

Beauty Bush

There are few shrubs that can surpass this for beauty and profusion of flowers. It is absolutely hardy, grows to a height of 6 to 8 ft., and makes a wonderful showing when in full bloom. Its trumpet-shaped flowers are produced in such profusion that the branches droop gracefully like a Bridal Wreath. Be sure to plant one or more of these fine shrubs. **Strong 2-yr. field grown plants. Each 65c; 3 for \$1.85.**

Scarlet Flowering Quince

A very showy and beautiful shrub and one of the first to bloom, the flowers opening before the leaves are fully developed. Grows 4 to 5 ft. tall and bush in full bloom is a shrub of rare beauty when completely covered with its dazzling scarlet flowers. **2-yr. field grown plants. Each 65c; 3 for \$1.75; doz. \$5.00.**

Red Leaved Barberry

A new shrub that is rapidly gaining popularity. It has all the good points of the green leaved Japanese Barberry, being hardy, free from disease and grows in all kinds of soils. Its glowing red leaves give a warm touch to the landscape planting especially when planted singly as specimen shrubs but in all cases should have full sunlight to bring out the best color. **Select 2-yr. plants. Each 55c; 3 for \$1.50; doz. \$5.50.**

Snowball Hydrangea

These beautiful hardy shrubs attain a height of 4 to 5 ft. with nearly the same diameter. They are very graceful with their large trusses or heads of beautifully formed flowers of dazzling whiteness, rendering it a plant of peerless beauty. It comes into bloom right after Lilacs and remains in flower until August, doing fine in partially shaded locations. It has been planted in all parts of the country and proved very hardy. **Strong 2-yr. plants Each 65c; 3 for \$1.75.**

BEAUTY BUSH

Quality In Shrubs

Shrubs and Plants in order to grow must be properly taken care of from the time they are taken up until they reach the planter. We have spent much money for proper equipment and storage facilities. From the time the plants are taken up in the field the roots are protected from sun and air until they reach you.

SNOWBALL HYDRANGEA

FLOWERING QUINCE

FORSYTHIA

RED BARBERRY

Hardy Ovata Forsythia

This new hardy Forsythia will stand severe winters much better than our standard varieties. It is one of the first shrubs to bloom in the spring, the masses of bright yellow flowers appearing before the leaves. Plants grow 5 to 7 ft. tall—excellent for the border. Branches may be cut late in the winter, taken indoors and forced into bloom. **2-yr. field grown plants. Each 65c; 3 for \$1.60.**

Butterfly Bush

ISLE DE FRANCE—This wonderful new Butterfly Bush is a rare beauty with its brilliant rosy-purple flowers, also a delightfully fragrant. Grows a beautiful bush, 3 to 4 ft. tall, every branch bearing a spike of flowers 9 to 12 inches long. Blooms from July until hard frosts. **Strong plants that will bloom this year. Each 60c; 3 for \$1.50.**

The Graceful Persian Lilac

This is considered one of the best and most satisfactory of all our Lilacs and may well be ranked with the cream of the flowering shrubs. Few shrubs can match the grace and blending quality of its flower heads or the spicy fragrance of the blooms. It is very hardy, sure to bloom and does not spread like the common lilacs. It also makes one of the grandest hedges. **Strong 2-yr. field grown plants. Each 60c; 3 for \$1.60; doz. \$6.00.**

ISLE DE FRANCE

Paniculata Grandiflora Hydrangea

The Most Satisfactory Ornamental Shrub. Very Hardy. Easy to Grow. Sure to Bloom. Very Showy.

If you can have but one shrub let it be one of these Hydrangeas. You will never regret having planted it. These shrubs grow 4 to 6 ft. tall and each branch is tipped with one of the immense flower heads. It is very hardy, enduring the severest winters. Easily transplanted and rarely fails to bloom the first year planted. The giant flowers appear in July, they open pure white, later changing to pink. **We offer only 2-yr. field grown plants of the true Giant Flowered type. Each 65c; 3 for \$1.75; doz. \$6.50.**

PAN. GRANDIFLORA HYDRANGEA

Beautiful French Hybrid Lilacs

The French Lilacs are rapidly gaining favor as they are hardy, do not spread and start blooming very young, just a year or two after being set out. They form compact shapely bushes and bloom very profusely, they grow to 3 ft. tall but may be trimmed to any desired height or shape. These lilacs are very desirable as specimen shrubs or they may be set in groups or mixed with other shrub plantings. Set at least 5 ft. apart so they have ample room.

CHAS. JOLY—One of the best "reds" and makes a striking appearance due to its showy color and the large flower heads which are held erect well over the foliage. **Strong 2-yr. plants: Each 95c; 3 for \$2.70.**

M. BUCHNER—One of the best and most popular French Lilacs. Flowers are double and a beautiful pinkish-lavender color. A good grower and profuse bloomer. **Strong 2-yr. plants: Each 90c; 3 for \$2.50.**

PRES. GREVY—Large semi-double flowers produced in large pyramidal clusters; color is a clear soft delicate blue and one of the best in this color. **Strong**

SNOW WHITE—A very showy and beautiful variety that will please you in every way, especially showy when planted with other colors. **Strong 2-yr. plants: Each 95c; 3 for \$2.60.**

SPECIAL LILAC OFFER

One select 2-yr. field grown plant of each of the above four fine French Lilacs for \$3.50.

SNOW WHITE

CHAS. JOLY

M. BUCHNER

PERSIAN LILAC

CANADA GEM LILAC

New Lilac "CANADA GEM"

A grand new lilac that is hardy as an oak and rivals the best French Hybrids for grace and beauty. It comes into bloom after our native varieties are through and remains in flower a long time. The flower heads are of immense size almost like Hydrangeas. We consider this one of the finest hardy shrubs you can have on your lawn. Will not spread like common lilacs. **Strong 2-yr. plants. Each 85c; 3 for \$2.25.**

PRES. GREVY

RED BRANCHED DOGWOOD

Please Note

A parcel post charge just enough to cover the recent advance is made on all orders. Full details will be found on page 36.

PHILADELPHUS

SNOWDRIFT

Philadelphus "SNOWDRIFT"

We rate this as one of our most desirable shrubs as it is very hardy and blooms so profusely that the bushes look like a snow-drift. It grows a very shapely bush, 4 to 5 ft. tall and in June the bushes are completely covered with the white sweet scented flowers, very much like orange blossoms. A very fine shrub for planting singly, mixing with plantings or as a hedge. **Strong 2-yr. field grown plants.** Each 60c; 3 for \$1.60; 12 for \$5.90.

FIREBALL HONEYSUCKLE

"Fireball" Bush Honeysuckle

ZABELL—A very hardy shrub that may be planted as a hedge, mixed with other shrubs or planted alone as a specimen. Grows 8 to 9 ft. tall and will thrive in full sun or partial shade. Flowers during May and a bush in bloom is a mass of bright red color followed by red berries in summer and fall. **Select 2-yr. plants.** Each 50c; 3 for \$1.40; doz. \$5.00; 50 for \$18.50.

Cornus or Dogwood

These are especially valuable for the brilliancy of the bark and berries. The beautiful coloring of the bark is especially attractive during the winter. The berries are a great attraction for birds. They are very hardy, rapid growers and succeed in sun or shade.

RED BRANCHED—The stems and twigs are deep blood red. Grows 6 to 8 ft. tall, with clusters of fine white flowers succeeded by a fall crop of ornamental berries.

YELLOW BRANCHED—Very similar to the above except that the branches are bright yellow.

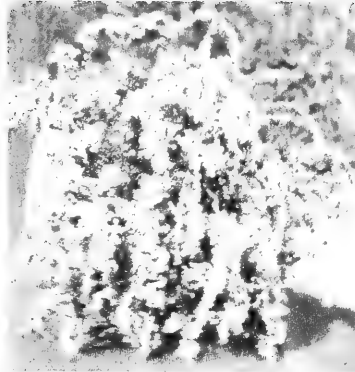

Price of above: Strong 2-yr. 18-24 in. plants. Each 55c; 3 for \$1.50. State color wanted.

Mrs. John Eggstad, Wis.—All your seed is good and all the shrubs I ordered were strong and grew fine. The Blue Spirea was a wonder.

Mrs. L. F. Blake, Okla.—The plants you sent arrived in excellent condition and are already leafing out.

Mrs. Herbert V. E. Johnson, Minn.—We have always found your seeds and shrubs to be of highest quality.

W. M. Vandersande, Wis.—I was very well satisfied with the seeds and bushes I received of you last year.

SPIREA VAN HOUTTEI

Spirea Van Houttei or Bridal Wreath

Hardy as an Oak, Profuse Bloomer, Sure to Blossom, Easy to Grow, Free from insects and Disease

One of the best known and most useful shrubs as it succeeds everywhere. Fine for setting singly or among other shrubs; very largely used in all landscape work. It forms a round and graceful shrub, with drooping or arched branches which in June are completely covered with snow white blossoms. Will fit in wherever graceful effect is desired and always gives satisfaction. **Strong 2-yr. Plants.** Each 50c; 3 for \$1.25; 6 for \$2.00.

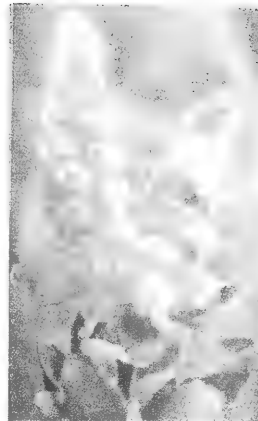

BLUE MIST SPIREA

Blue Spirea "BLUE MIST"

CARYOPTERIS—A rare new plant of unusual charm and beauty, a real aristocrat for your garden. This hardy plant grows 18 to 24 in. tall and from Aug. until frost will bear an abundance of the beautiful blue flowers. **Strong field-grown plants that will bloom this year.** Each 60c; 3 for \$1.60.

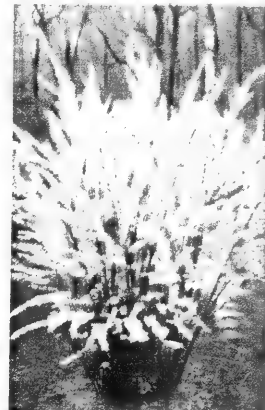

"DOGZOFF"
Protects your Plants, Trees and Shrubs as it repels cats, dogs and other animals. 3 oz. bottles 70c. 11 oz. Aerosol can \$2.25. See also page 2.

ROSY PLUME SPIREA

PLEASE NOTICE

Owing to the extra expense involved in packing and labor, orders for Shrubs and Plants must be for \$2.00 or more.

WHITE GLORY SPIREA

"LILAC SPIREA"

Rosy Plume

(Menziesii)—A beautiful hardy shrub, grows 4 to 5 ft. tall and blooms very profusely. The tip of each branch bears a plume of rosy flowers. The flowers are also fine for cutting. A very useful shrub for planting singly, in groups with other shrubs or also as a hedge. **Strong 2-yr. plants.** Each 60c; 3 for \$1.50; 12 for \$5.25.

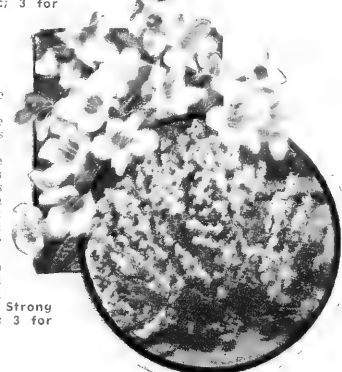

White Glory Spirea

A Jewel Among Shrubs

The grace and beauty of this fine shrub are hard to show in a picture. The handsome dark green foliage is fine and feathery and makes a beautiful shrub even when not in bloom. Bushes are a mound of snowy whiteness when in full bloom. Grows 3 to 4 ft. tall. **Strong bushy plants.** Each 60c; 3 for \$1.50; doz. \$5.75.

Hardy Wiegela

ROSALIE—This is one of the hardest and most profuse bloomers; here in our nurseries it has withstood 20 below zero. In June the bushes are completely covered with deep rose pink flowers and often flowers again late in the summer. It grows 6 to 8 ft. tall, will thrive in partial shade or full sun and may be planted singly or with other shrubs. You will never regret planting this grand new Wiegela. **Strong select plants.** Each 60c; 3 for \$1.60.

WIEGELA

Jung's Home Beauty Shrub Collection

12 Sturdy 2 yr. Field Grown Shrubs for \$4.75

- | | |
|------------------------------|---------------------------|
| 2 Bush Honeysuckle | 2 Japanese Barberry |
| 1 Forsythia Ovata | 1 Philadelphus Snowdrift |
| 1 Hydrangea Pan. Grandiflora | 2 Spirea or Bridal Wreath |
| 1 Hydrangea Snowball | 2 Spirea Anthony Waterer |

This collection planted around any home will greatly increase its beauty and value and make your house look like "home".

These are all strong 2 yr. old field grown shrubs and vines. At catalog prices they would cost \$6.25 but as a special offer they will be sent to you all for only \$4.75, a saving of \$1.50.

TAMARIX

Tamarix

HISPIDA—This is the hardest and best variety. Will grow 8 to 10 ft. tall but can be trimmed to a lower height if desired. Foliage is dense and feathery, silvery blue in color very much like silver spruce. Bright pink flowers are borne over a long period of time. Grows in sun or shade and in very dry places. **Strong 18-24 in. plants.** Each 55c; 3 for \$1.50.

Jung's Fairfield Special Lawn Grass

Always Grows, Always Thrives, Hardy Deep Velvety Green, Sure to Please

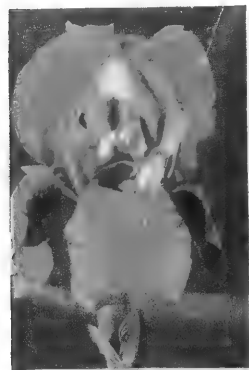

Our mixture combines the very best varieties of grasses, suitable for the purpose of making a lawn beautiful in appearance, durable and lasting, deep green at all seasons. The seed used is **PURE AND HEAVY**, and is especially cleaned. This mixture weighs from 25 to 27 pounds per bushel, is of strong vitality and makes a quick healthy growth. One pound of our seed weighs as much as two quarts of other seedmen's brands. It contains the right quantity of White Clover but no Timothy or other cheaper grass seed. Nothing better to be had. **Lb. \$1.20; 5 lbs. \$5.50; 10 lbs. \$10.25.**

SHADY SPOT LAWN GRASS

This is a mixture carefully prepared for sowing under large trees and other heavily shaded places where ordinary grass will not thrive. **Lb. \$1.25; 5 lbs. \$5.75.**

FANCY WISCONSIN WHITE CLOVER

For some lawns, especially in poor clay soil, it is advisable to use White Clover liberally. For renovating old lawns it is especially valuable as it takes hold where other grasses fail. **Fancy Seed. . . lb. 35c; 1/2 lb. 65c; lb. \$1.25; 5 lbs. \$6.00.**

IRIS

We have a very select assortment of Iris which are fully described and illustrated in our Summer and Fall Catalog. If you wish a copy simply attach this notice to your order and it will be sent to you free of charge early next summer. In this catalog will also be listed Fall Bulbs like Daffodils, Hyacinths, Tulips etc., as well as Peonies and Perennial Flowers.

H. D. Madson, Ohio—We always look forward to Honey Cream Sweet Corn, none better.

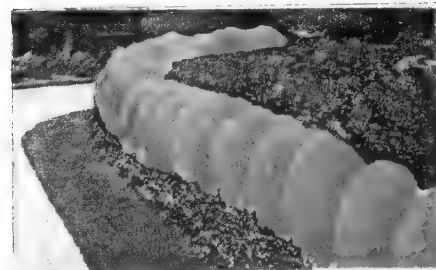

F. J. Covreore, Pa.—Your Lawn Grass seed was the best we ever used.

Annual Hedge

Christmas Kochia

Grow a Beautiful Hedge 3 ft. Tall from Seed Sown in the Spring.

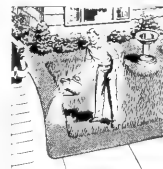

Sow the seed thinly early in the spring and in 6 to 8 weeks you will have a beautiful hedge. Will grow to a height of 3 to 4 ft. and will be very dense and symmetrical from the start. Plants are a rich green until frost after which they turn to a rosy claret red. Easy to grow and not bothered by insects. **Pkt. 7c; 1/4 oz. 15c.**

CHRISTMAS KOCHIA

Stop-GRASS

The Chemical Lawn Trimmer

New chemical discovery keeps your grass edges short and trim-looking—easier than ever. No more back-breaking work trimming lawn edges on your hands and knees in the hot sun. Just spray or sprinkle STOP-GRASS, early in the season, on grass edges along walks, around flower-beds, trees, lawn ornaments, and other hard-to-mow places. STOP-GRASS makes grass grow so slowly it won't have to be cut again for MONTHS! It stays short and beautifully green. Late spring or summer use delays growth 4 to 6 weeks. Fall application delays growth the following spring! Contains wonderful new Maleic Hydrazide developed by U. S. Rubber Co. Safe and easy to use.

| | |
|-----------------------------|--------------|
| 1 1/2 oz. (for 400 sq. ft.) | \$1.00 |
| 4 oz. (for 1100 sq. ft.) | 2.25 |
| 1 lb. (for 4400 sq. ft.) | 6.95 |

ACP Crabgrass & Chickweed Killer

A very efficient and effective formula that will rid your lawn of not only crab grass and chickweed but also such weeds as dandelion, thistles, plantain, etc. Safe and easy to use. See also page 2. **6 1/2 oz. can \$1.25; 26 oz. can \$5.75.**

SCARLET CLIMBER ROSE

Scarlet Climber Rose

The size of flowers, profusion of blooms, and dazzling red color makes this one of our most gorgeous climbing roses. The flowers are large in size, very double, and are borne in clusters of 5 to 8 flowers; as they are produced on long stems they are well suited for cutting and bouquets. **Strong 2-year field-grown plants. Each 90c; 3 for \$2.50.**

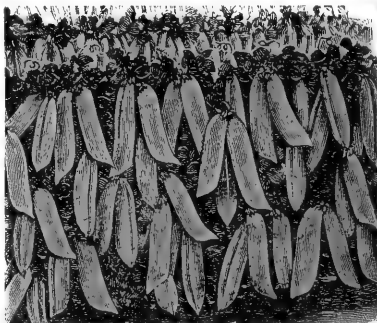

HONEY CREAM

of intense selection under the personal supervision of J. W. Jung. It is, by far, the most tender and delicious of all Sweet Corns, plant it once and you will want it every year as for quality it stands at the head of the list. It is very early, the stalks are dwarf and may be planted much closer than the larger varieties. Many stalks produce 2 and 3 ears which are well filled with snowy white kernels. As the seed is small in size much less is required than with other varieties. **Pkt. 12c; 1/2 pt. 35c; pt. 60c; qt. \$1.00.**

CHERRY BELLE RADISH

GIANT TENDERSWEET PEAS

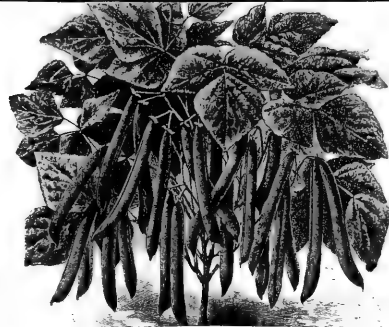

Giant Tendersweet Peas

Immense Pods, Heavy Yields, Superb Quality.

A new main-crop Pea that is in a class by itself. Vines are strong and thrifty, 24 to 30 in. tall require no brush and bear the giant sized pods in profusion. Pods are 5 to 5 1/2 in. in length and contain 8 to 12 large, bright green peas that are very tender and of the very highest quality. We are confident you will be more than pleased with the new size, yield and quality of this splendid new Pea. **Pkt. 10c; 1/2 pt. 35c; pt. 55c; qt. 95c.**

Jung's Private Stock "JOHN BAER" Tomato

While not a new variety we still consider this as one of the extra good early Tomatoes. We grow this seed on our own farms and spend much time in selecting and improving our strain. If you wish to grow a large crop of extra early Tomatoes that are large, smooth and high in quality you will make no mistake in planting this select seed. **Pkt 10c; 1/2 oz. 40c; oz. 75c; 1/4 lb. \$2.00; lb. \$6.50.**

NEW WADE BUSH BEAN

Jung Garden Favorites

New Wade Green Pod Bush Bean

"All America" Gold Medal Winner as the Outstanding Green-pod Bush Bean.

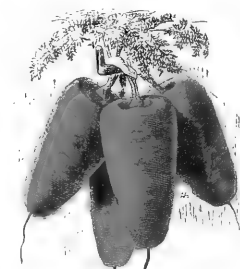

In order to win such an endorsement a vegetable must be superior to all others and Wade is just that. It has vigor, yield and quality. Grows a strong bush, heavily leaved and remarkably free from disease. Pods are 5 1/2 to 6 in. long, round, fleshy, deep green and free from strings and fibre. **Pkt. 12c; 1/2 pt. 35c; pt. 60c; qt. \$1.10.**

Extra Early Sweet Corn

Jung's Honey Cream

Dwarf in Growth, Requires Little Space, Deliciously Sweet and Tender.

This superb sweet corn is the result of over 15 years of intense selection under the personal supervision of J. W. Jung. It is, by far, the most tender and delicious of all Sweet Corns, plant it once and you will want it every year as for quality it stands at the head of the list. It is very early, the stalks are dwarf and may be planted much closer than the larger varieties. Many stalks produce 2 and 3 ears which are well filled with snowy white kernels. As the seed is small in size much less is required than with other varieties. **Pkt. 12c; 1/2 pt. 35c; pt. 60c; qt. \$1.00.**

TENDERCORE CARROT

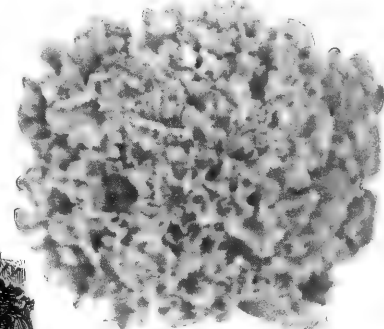

Tendercore Carrot

Handsome Appearance, Superb Quality.

A superb new Carrot combining the fine qualities of its parents Nantes and Chantenay. They grow 5 to 6 in. long, about 2 in. in diameter at the shoulder and taper slightly to a blunt point. A highly attractive carrot and of excellent quality with practically no core; intense orange-red flesh, very crisp, tender and of superb flavor. **Pkt. 10c; 1/2 oz. 25c; oz. 40c; 1/4 lb. \$1.00; lb. \$3.25.**

Extra Early Radish "CHERRY BELLE"

An "All America" prize winner, an outstanding radish for earliness, quality and appearance. Round and red as a cherry and often ready to use in 25 days, very uniform in size and shape. Flesh is crisp, firm and mild in flavor, slow to become pithy. Tops are small making it an ideal variety for bunching. **Pkt. 10c; oz. 25c; 1/4 lb. 50c; lb. \$1.40.**

SALAD BOWL LETTUCE

Salad Bowl Lettuce

All America Gold Medal for 1952 as one of the outstanding vegetables. A Lettuce of superb quality that will give you a superb salad over a longer period of time than any other lettuce. Will not become bitter even in hot weather. Leaves are beautifully curled and very tender. If leaves are cut so as not to injure the crown it will keep on growing for many weeks. Thin out so plants will stand 8 to 10 in. apart to get best results. **Pkt. 10c; 1/2 oz. 30c; oz. 50c; 1/4 lb. \$1.25.**

SMALL SHRUB AND PLANT ORDERS

Owing to the extra cost of handling and packing, orders for shrubs and plants must amount to \$2.00 or more. If your order is less than that amount enclose or add 15c extra to cover the cost of packing. This applies to only shrubs and plants and not on seeds and bulbs.

Special Premium Coupon

If your order amounts to \$5.00 or more you are entitled to 3 Giant Prize Gladioli bulbs. If it amounts to \$8.00 or more you may have 6 Gladioli, while if it amounts to \$10.00 or more you may have 12 Gladioli.

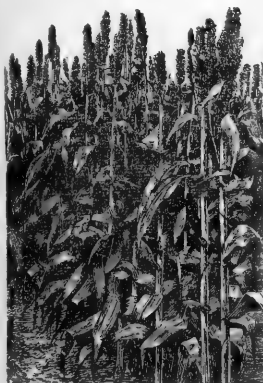

STATE BELOW PREMIUM SELECTED

NOTE—Each order is entitled to only one Premium regardless of size.

FREE SEEDS

As stated on Page 1 of our catalog the following varieties are free with orders for seeds, plants and shrubs. Select one pkt. for each \$1.00 worth ordered but not more than 4 pkts. to a customer. Check varieties wanted.

.....Wis. S-R 6 Pickling Cucumber
.....Bibb or Butterhead Lettuce
....."Painted Daisy" Asters
.....Floradale Scarlet Hybrid Zinnia

BOX ORANGE

**Wisconsin Rox Orange
Sorghum or Sugar Cane**

Probably the best sorghum or Sugar Cane of them all.

Developed at the Wisconsin Experiment Station and bred especially for high sugar content. It grows a thick sturdy cane, produces a high quality syrup and more of it than any other variety. Owing to its unusual sweetness it is unexcelled for silage as it grows 8 to 10 ft. tall and produces just as much tonnage as Atlas Sorgo and the old Amber Cane. Seed costs very little more than the common varieties but produces a crop of far better quality. Select seed of our own growing: Lb. 50c; 3 lbs. \$1.25, not prepaid, 25 lbs. \$5.50; 100 lbs. \$17.50.

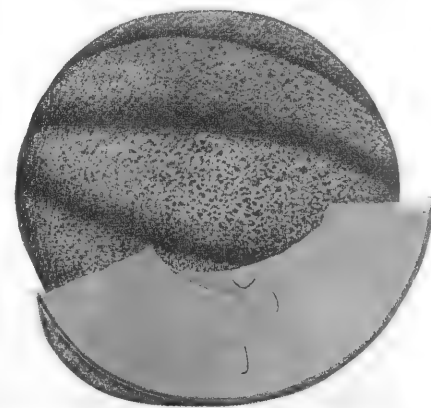

Ira Bonjean, Wis.—This is the 3rd year we have planted your seeds. People are amazed at the fine vegetables and flowers we grow from your seeds.

Jung's Big Profit Muskmelon

(Iroquois Strain)

Large Heavily Notted Melons. Excellent Quality. Vigorous Healthy Vines.

An excellent grower, the foliage is of such firm texture that vines resist the attacks of insects and blight. The melons are slightly oval and of uniformly large size, very fine in appearance as they are distinctly ribbed and well covered with a coarse, gray netting. Flesh is a rich orange salmon color, very thick, fine grained and of delicious quality. The seed cavity is so small that there is little tendency towards cracking open at the stem end. Extra select seed: Pkt. 10c; oz. 25c; 1/4 lb. 65c; lb. \$2.25.

With each catalog we enclose an order sheet and self-addressed envelope. Be sure to write your name and address on order sheet. After writing down the list of articles wanted place same together with remittance in the envelope. Remittance may be made by Money Order, Bank Draft or Check, amounts of 50c or less may be sent in clean postage stamps. You will be surprised how easy it is to make out your order and how soon the seeds will reach you after the order is sent in.

Please Use Order Sheet On Last Page

PREPAID DELIVERY CHARGES AS FOLLOWS

Except where noted and except for the latest increase in parcel post rates, explained below, we pay the postage on all seeds by the packet, ounce, quarter pound, pound, half-pint, pint and quart also on all bulbs and plants in quantities up to 500. On Trees too large to mail and on Farm Seeds in quantities over 3 lbs. purchaser pays transportation charges.

WE GUARANTEE SAFE DELIVERY

If any parcel of seeds, plants or bulbs reaches you in bad condition advise us at once and we will refill the order free of charge or refund your money. Also if any goods you receive from us are not satisfactory in every way they may be returned and your money will be refunded.

DISCLAIMER

The J. W. Jung Seed Co., warrants to the extent of the purchase price that seeds, plants, shrubs, or bulbs sold are as described on the container, within recognized tolerances. Seller gives no other or further warranty, express or implied.

ORDERS PROMPTLY FILLED

Under normal conditions we will fill orders for seeds within 48 to 72 hours after they are received. If your order includes potatoes, bulbs, plants, etc., which cannot be safely sent in cold weather, these items will be sent when safe to ship or at proper time for planting.

C. O. D. ORDERS

Owing to the abnormal charges now in effect on c. o. d. parcel post shipments we have discontinued sending out orders by that method. Therefore, please do not ask to have your order sent c. o. d.

ERRORS OR MISTAKES

We are only human and will make errors; however, when a mistake does occur we are glad to have our customers write us so that it may be corrected. Always keep a copy of your order to check over the goods when you receive them; often people will write us that they ordered some item which they did not receive but upon looking up their orders we find that the items claimed to be short were not ordered.

OUR RESPONSIBILITY

You can send your order to us with full assurance that you will receive honest treatment in every way. Anything which you order from us and which is not satisfactory when you receive same may be returned and your money will be refunded.

NURSERY and PLANT GUARANTEE

We guarantee our bulbs, shrubs and plants to be true to name, government inspected and to reach you in healthy, live growing condition. Any plants not satisfactory upon arrival or that are damaged in any way will be replaced free of charge. REPLACEMENTS will be made only if the plants were in good condition when received. We will not be responsible for plants that die due to improper care in planting. Weather conditions, lack of care in planting and carelessness in handling are matters over which we have no control; are usually the causes for failure. We will refund the full purchase price if the plants die within the first half the original purchase if we are notified of this within three months after receipt of order. It is mutually agreed that in no case shall our liability be greater than the purchase price. The Guarantee Form will be sent out with every order of plants and shrubs.

MAGAZINES ON GARDENING

"We recommend to our customers POPULAR GARDENING, America's new all-garden magazine, filled with how-to-do-it gardening features and pictures, and COUNTRY GENTLEMAN, the "two-in-one magazine" jam-packed with helpful features for Better Farming and Better Living." We also recommend FARM JOURNAL and FLOWER GROWER.

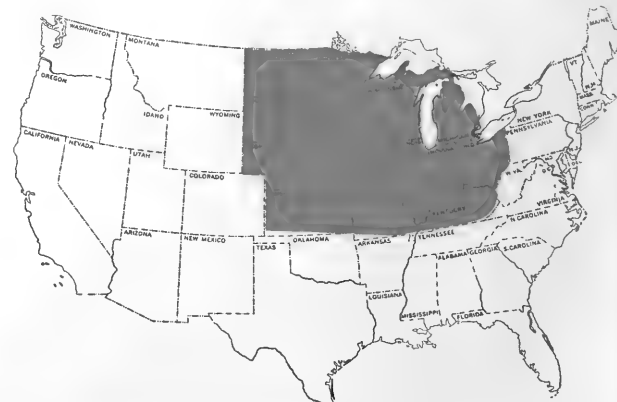

PARCEL POST CHARGE

As you no doubt are aware parcel post charges were raised on Oct. 1st, 1953 approximately 36%. This is something over which we have no control and rather than advance the price of each item we are making a charge of only enough to cover this increased parcel post cost.

If you reside in the red area of the map below or the following states: Wis., Minn., N. Dak., S. Dak., Nebr., Kans., Mo., Iowa, Ill., Ind., Mich., Ohio or Ky., add 5% to the amount of your order, if you reside in any other state or the white part of the map add 10% to the amount of your order.

In other words if you reside in Wis. and your order amounts to \$5.00 you would add 5¢ or 25¢ to the amount of your order, if you reside in Penna. and your order amounts to \$5.00 you would add 10¢ or 50¢ to your order to cover the increased parcel post rates. From the map below you can tell where you reside and determine the postage to be added to your order.

This charge covers only a part of the postage on your order, the balance we will pay the same as in former years. We believe it is to your advantage to make this small charge rather than advance the price of each item.

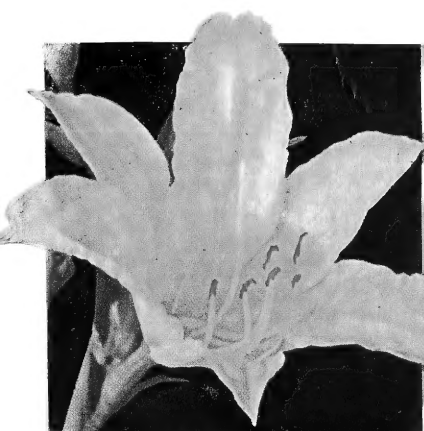

Olympic Hybrid Lily

**Giant Trumpet-Shaped Blooms. Beautiful Colors
Easy to Grow. Sure to Bloom. Will Increase
in Size and Beauty and Once Planted
Will Last for Years.**

A magnificent new hardy Lily noted for its great vigor, size and beauty. Clusters of bloom are produced on stalks 5 to 6 ft. tall and bloom for several weeks. As these bulbs are grown from seed there will be a pleasing variation in color, some icy green, some creamy yellow and some in shades of pink. Plant in well drained location and cover 5 to 6 in. deep. **Select Bulbs which will bloom this season. Each 40¢; 3 for \$1.10; 12 for \$3.75.**

OUT DOOR LILIES

Everblooming or Wonder Lily

Easy to Grow, Sure to Bloom. Rivals Easter Lilies for Beauty.

This marvelous new Lily has been a sensation the past season. It is a continual bloomer, sending up new spikes throughout the season. The stalks grow strong and very erect, 2 to 3 ft. tall and carry from 4 to 8 long, trumpet-shaped flowers. The flowers are very large, delightfully fragrant and look much like Easter Lilies except that the outside is slightly shaded with rose. You will never regret having planted some of these wonderful new Lilies. The bulbs we offer are extra strong and will bloom this summer. Each 45c; 3 for \$1.25; doz. \$4.25. May also be grown from seed. Pkt. 10c; 3 pkts. 25c. Growing instructions on each packet

EVERBLOOMING or WONDER LILY

Yellow Day Lily Hyperion

A grand hardy yellow lily that needs no protection and will bloom profusely in either full sun or shade. Immense blooms of canary yellow are borne in great numbers on stems 3 to 3½ ft. tall. Excellent for cutting and remains in flower for weeks. Each 40c; 3 for \$1.10; doz. \$3.50

SPECIAL LILY OFFER

Giant Everblooming
Olympic Hybrid
Regal
Vermilion Brilliant
Hyperion Yellow

One select blooming size bulb of each of the above for \$1.65; 3 of each for \$4.25.

A select bulb of a new unusually beautiful Gladioli will be included with each collection.

Mrs. R. B. Dwyer, Wisconsin
—I had wonderful flowers from your bulbs last year.

OLYMPIC HYBRID LILY

Superb Hardy Lily "OLYMPIC HYBRID"

A magnificent new hardy Lily noted for its great vigor, size and beauty. Clusters of bloom are produced on stalks 5 to 6 ft. tall and bloom for several weeks. As these bulbs are grown from seed there will be a pleasing variation in color, some icy green, some creamy yellow and some in shades of pink. Plant in well drained location and cover 5 to 6 in. deep. Select Bulbs which will bloom this season. Each 40c; 3 for \$1.10; 12 for \$3.75.

Hardy White Day Lily

(Subcordata Grandiflora) One of our best hardy white so-called Lilies as it grows in either sun or shade but does especially well in shady places where few plants will thrive. It grows about 18 in. tall, has very attractive foliage and blooms freely during August and September. The large flowers are pure white, very fragrant and resemble Easter Lilies. Large select divisions: Each 50c; 3 for \$1.35; doz. \$4.90.

WHITE DAY LILY

Fancy Fall Chrysanthemums

The varieties listed below have been selected for size of flowers, beauty of color and profusion of bloom. We send out strong field grown plants which will bloom from August until heavy frosts. These will provide you with an abundance of beautiful flowers at a time of the year when most other flowers are scarce. Our select plants will produce an abundance of flowers for either beds or bouquets.

ALGONQUIN—One of the best yellow "Mums", producing pure, bright yellow flowers 3 in. across. Tall and vigorous.

GLOWING COALS—Bright cherry-red, with orange reverse. Well branched, profuse early bloomer.

HARBINGER—A grand and glorious bronze with the rich coloring of fall Maples. The large flowers make beautiful bouquets.

PINK RADIANCE—A really good and profuse blooming pink, one of the best in this color. Grows a strong husky plant.

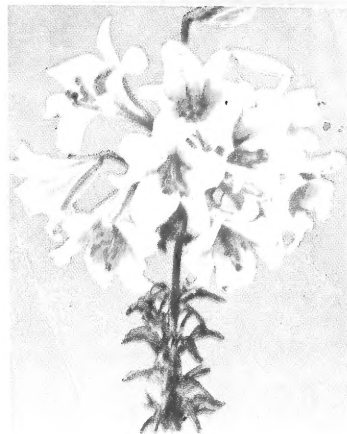

SEPTEMBER CLOUD—A vigorous grower and profuse bloomer. The large double flowers are ivory-white with primrose shadings in center. The dark green foliage makes a fine contrast.

PRICES OF ABOVE CHRYSANTHEMUMS

Select Field Grown Plants: Each 55c; 3 for \$1.50; 12 for \$5.25.

CHRYSANTHEMUM OFFER NO. 53—One select plant of each of the above five grand Chrysanthemums for \$2.50.

Mrs. Lawrence Wallace, N. Y.—I was so pleased with all seeds, bulbs and plants from JUNG'S. The shrubs blossomed this spring, the Glads were lovely and the Raspberry bore well.

REGAL LILY

The Beautiful Regal Lily

A magnificent new Lily that is sure to become popular as it is hardy, easy to grow and produces the most gorgeous blossoms. The flowers are of pure white inside, flushed with golden yellow in the throat and stained pink on the outside. Its perfume is exquisite and sweet, very much like Jasmine. It grows 2 to 3 ft. tall and increases in size and beauty from year to year. Blossoms in July. We offer large, 3-yr. blooming bulbs which should not be confused with small sizes offered at low prices. Each 30c; 3 for 75c; doz. \$2.75.

ESTATE LILY

Estate or Outdoor Easter Lily

By planting this grand lily you may grow flowers just as beautiful as those from florists and right in your own garden. Grows about 2 ft. tall, flowers are large, very fragrant and pure white. Hardy for outdoor planting except the coldest states where the bulbs may be taken up and stored in a cellar over winter. Large select bulbs which will bloom this summer: Each 40c; 3 for \$1.00; doz. \$3.50.

All of the Lilies which we send out are select large 2-yr. bulbs which will bloom profusely this summer. Do not confuse these with planting size bulbs which are often offered as bargains.

Top—HYPERION LILY
Bottom—VERMILION BRILLIANT

Vermilion Brilliant

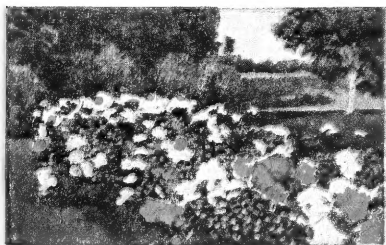

You must see this wonderful Lily in bloom to realize how beautiful it is. The first year it will have from 4 to 10 flowers on a stalk, the second year as high as 25 flowers on a plant. The large flowers are orange-red in color and very showy. Grows 2 to 3 ft. tall; blossoms in June. One of the most easily grown lilies and is very hardy. Each 25c; 3 for \$1.00; doz. \$3.50.

ANGEL or MAGIC LILY

Angel or Magic Lily

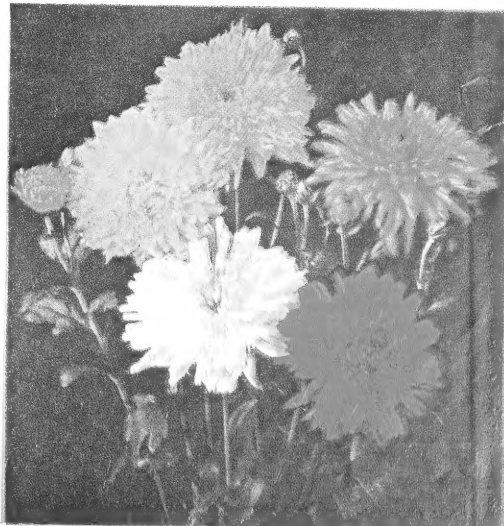

A grand summer flowering bulb, producing with great freedom large Amaryllis-like pure white fragrant blossoms. A most wonderful plant as the flowers are so large and handsome. Bulbs send up tall stems, which bear several of the large flowers. Bulbs may be taken up in October and after a few weeks rest, potted and flowered in the house in winter. We know you will be highly pleased with this fine Lily. Each 35c; 3 for \$1.00; doz. \$3.25.

GIANT MIXED PEONIES

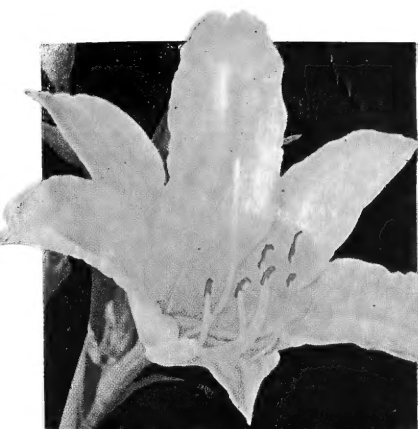

Peonies - Iris - Fall Bulbs

In our experience we find that Iris and Peonies give better results when planted in late summer or early fall. For this reason we are not listing these items in this Spring catalog and we will not fill orders for these items in the spring. We will issue a Fall catalog early this summer listing Iris, Peonies, Fall Bulbs and other plants adapted to fall planting. If you wish a copy of this catalog please fill in your name and address below and send this notice with your order.

GIANT HYBRID AMARYLLIS

SUMMER FLOWERING BULBS

Giant Hybrid Amaryllis

We know of no flowering bulb that will give more satisfaction for indoor flowering than these new giant flowered Amaryllis. The bulbs we offer are a most select strain, large bulbs that often produce two stems with from two to four giant blooms of most perfect form. Colors range from white through various shades of rose, red, and deep crimson, but as they are hybrids we cannot send specified colors; however, most of them are dark rich colors. Will bloom in six to eight weeks after planting. Extra large bulbs: Each 45c; 3 for \$1.25; 12 for \$4.50.

Fancy Double Tuberous Begonias

Unexcelled as a flowering plant for either pots indoors or outdoor planting. Easy to Grow and Sure to Bloom.

The rare charm and beauty of these beautiful flowers is hard to describe as they must be seen to be appreciated. They may be grown as pot plants, in window boxes or on a shady porch or on the shady side of your home. They commence to flower early and continue to bloom until frost. We offer select bulbs of the finest varieties. Instructions on their planting and care will be sent with every order. Extra large bulbs that will bloom profusely. Each 25c; 3 for 70c; 12 for \$2.60.

Spotted Leaf Callas

The most satisfactory Callas to grow either in pots or in the garden as they are easy to grow and sure to bloom. Foliage is deep green with creamy white spots. We can supply either yellow or white flowering; always state color wanted. Blooming size bulbs: Each 35c; 3 for \$1.00; doz. \$3.50.

Pink Calla

A grand Calla with bright pink flowers and makes one of the most exquisite flowering plants you can grow. Will grow and bloom freely like any other callas. Blooms are sweet scented and gems of beauty. Blooming size bulbs: Each 40c; 3 for \$1.10.

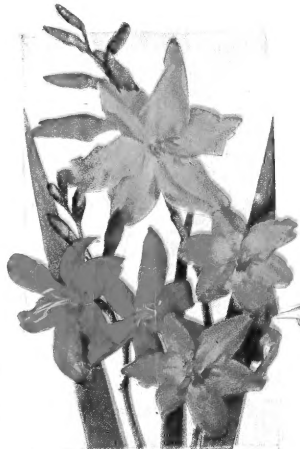

Giant Earham Montbretias

Montbretias are profuse bloomers and one of the most showy summer flowering bulbous plants. They produce graceful spikes 10 to 18 in. long each spike bearing 15 to 20 beautiful star shaped flowers 2 to 3 in. across. The bulbs we offer are the new improved strain being generally much taller and having flowers of great size and beauty. Select Bulbs: 3 for 50c; 6 for 90c; 12 for \$1.75.

Mexican Lily or Tigridia

The rare beauty of these grand flowers is hard to describe. They grow 18 to 20 in. tall and produce their large showy flowers 3 to 4 in. across in a wide range of color from yellow and orange to brilliant crimson. They are easy to grow and sure to bloom. 3 for 35c; 6 for 60c; doz. \$1.10.

Dennis Wetherill, Ohio — I got the bulbs you sent me and they came through all right. I was more than pleased with them. They were so big and nice.

MONTBRETIA

FLOWERING BULB COLLECTION

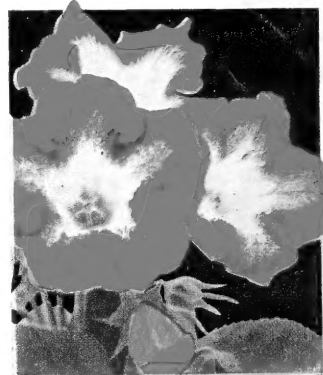

6 Select Blooming Size Bulbs as Follows for \$1.60.

- 1 Giant Hybrid Amaryllis
- 3 Tuberous Rooted Begonias (all Different)
- 1 Giant Fancy Gloxinia
- 1 Yellow Spotted Calla

All of the above may be planted in pots and will bloom in 6 to 8 weeks after which they may be set outside. The Begonias and Gloxinias will bloom until fall frosts.

Giant Fancy Gloxinias

Our bulbs will produce large, velvety flowers, and being well supplied with large downy leaves, the contrast makes one of the most popular and desirable house plants. They are easy to grow and by planting bulbs at intervals may be had in bloom all season. Bulbs may be used again after they have bloomed. Full instructions on planting and care of bulbs will be sent with every order. Large Select Bulbs: Each 35c; 3 for \$1.00; doz. \$3.25.

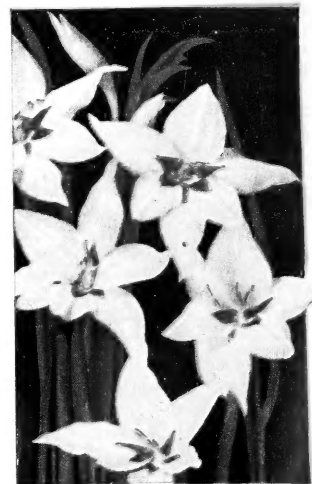

GLOXINIA

Giant Hybrid Ranunculus

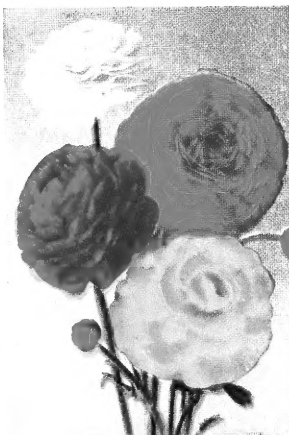

The largest and most gorgeous strain ever offered. Produces giant double and semi-double flowers, 2 in. and more across in shades of red, yellow and pink. May be grown in the garden like gladioli. Extra select bulbs, in mixed colors: 6 for 50c; 12 for 90c; 100 for \$5.50.

Fragrant Acidanthera

A new summer flowering bulb of unusual and distinct beauty, showy in the garden and fine for cutting. Six or more of the graceful flowers are produced on graceful arching stems 2 ft. long, remain in flower for several weeks. Easy to grow and sure to bloom, handle the same as you would gladioli. Large Select Bulbs: 3 for 35c; 6 for 55c; 12 for \$1.00.

ACIDANTHERA

RANUNCULUS

SPOTTED LEAF CALLAS

PINK CALLA
CALLA COLLECTION No. 5

One select blooming size bulb of each Pink, White and Yellow Calla for \$1.00. 3 of each for \$2.90.
